Farm Accidents Take High Toll

SAN FRANCISCO, July 4 (AP) Mayo clinic doctors told the American Medical association today that one-fourth of all persons killed in U.S. occupational accidents in 1944 were farmers.

They said death and injury in agriculture is appalling, yet little is being done about it.

The reasons: the tractor is more deadly than the automobile and farm machinery is more dangerous than industrial machinery.

OREGON STATE COLLEGE—Though Oregon is believed to have a better record for farm safety than the national average, farm accidents exact a steady toll from both children and adults in this state, as these sample headlines taken from Oregon papers this summer reveal. The Oregon committee to promote the observance of the 1946 National Farm Safety week, headed by Dean and Director William A. Schoenfeld, is pointing out that farming is a hazardous occupation and is urging all members of farm families to be "alert today and alive tomorrow."

Oats Prices Move Upward

CHICAGO, July 24 —(AP)— Oats prices moved upward in the final minutes of trading today to score gains extending to nearly a cent. Short-covering touched off by news of export sales to Finland caused the late spurt. Corn nearly erased all early losses.

Prices in the spot cash market were steady with No. 2 yellow corn going at $2.06 against $2.05 yesterday. However, processing interests were bidding $1.40 for 1946 corn grading No. 2 yellow for shipment by Dec. 15. This was under the former OPA ceiling.

Corn futures finished unchanged to ¼ lower, January $1.45½-¼, oats were ⅛-⅞ higher, August 71¼, and barley was offered 5 cents lower, November $1.30¼.

Weather again was clear over most of the corn belt and there was increasing discussion of the need for good rains.

Portland Grain

PORTLAND, Ore., July 24—(AP)—No bidding on Portland grain exchange today.

Today's car receipts: Wheat 45, barley 1, flour 4, corn 3, oats 1, hay 1, millfeed 9.
