A Steel Windmill and Steel Tower every 3 minutes. Those figures tell the story of the ever-growing, ever-going, everlasting Steel Aermotor. Where one goes others follow, and we "Take the Country."

The Aermotor Pneumatic Water Supply System enables you to supply every part of your house with water without an Elevated Tank and the AERMOTOR daily demonstrates it has been done.

The Aermotor Co. is the most perfect bearings ever put in a windmill, and have made an exhaustive revolution of the Aermotor and Towers.

If you want a Strong, stiff, Steel Fixed Tower—if you want the tower you don't have to climb—the Steel Tilting Tower and the Wheel that runs when all others stand still, that goes you less than wood and lasts ten times as long—the Steel Aermotor—if you want a Gas Engine, grind, cut feed, pump water, saw wood, that does the work of 4 horses at less than 1-10th, write for copiously illustrated printed matter, showing every conceivable kind of windmill contraption used, to
