Stock Dealing Goes Sluggish

NEW YORK, Aug. 12—(AP)—Selected motors, steels and a number of special stocks did fairly well in another "thin" market today although many leaders were unable to attract sound bids.

Earnings and dividends continued to aid individual issues but were ignored by some stocks concerned. Motors and metals stiffened at the last following an OPA boost in automobile ceilings. The question of price controls and decontrols, however, restrained numerous potential purchasers.

Dealings were sluggish after a moderately active start.

The Associated Press 60-stock average was off .1 of a point at ..2 of 852 issues registering, a minimum since July 5, 346 advanced and 312 declined.

Bonds were narrowly mixed.

Grain Futures Market Strong

CHICAGO, Aug. 12—(AP)—A strong market developed in grain futures today when offerings of the cash grain by country interests dwindled to a near vanishing point.

The market opened higher and generally advanced throughout the session with only minor retreats. Closing prices were at or within fractions of the day's highs. A good part of the buying in both corn and oats came from brokers who normally represent large elevator interests.

Corn closed 2-2½ higher, January $1.38⅝-¾, and oats were up 2⅛-2⅞, August 76¾. Barley was bid ¾ cent higher at $1.27¾ for all deliveries without attracting offerings.
