Demand High For Grains

CHICAGO, Jan. 14—(AP)—Grain was in demand in the futures market today and a season's high was established by the January wheat contract at $2.19⅛ a bushel.

Demand for grains developed largely from the department of agriculture announcement of February allocations for export. The department said 15,836,000 bushels of wheat, 14,600,000 bushels of flour in wheat equivalent, and about 13,000,000 bushels of corn will be needed to fill commitments.

January wheat moved to the new high on buying by milling and eastern interests and at the close wheat was 1 to 2⅜ cents higher than the previous finish, January $2.19. Corn was 1⅜ to 1¾ higher, January $1.32, oats were ½ to 1¼ higher, March 77¼-⅜, and barley was ¼ higher, March $1.23¾.

Stocks Share Slow Recovery

NEW YORK, Jan. 14—(AP)—Stocks enjoyed a slow-going and selective recovery shift today although many market leaders remained in losing territory.

The ticker tape loafed after a fairly active opening. Steels, motors, rails and a number of industrials edged up fractions to a point or more. Extreme gains were reduced in most cases at the close. Transfers of 850,000 shares compared with 1,590,000 on Monday's sharpest slide since early November.

The Associated Press 60-stock composite was up .2 of a point at 64.1 after three successive dips totalling 2.6 points. Of 921 issues registering, against 1,060 the day before, 421 rose and 282 fell.

Every type electric iron is repaired here. Heating elements replaced perfectly. Factory heat tester for proper thermostat adjustment. First class repair work at closest cost. New irons for sale.
