Select Stocks Lead Recovery

NEW YORK, April 6-(AP)-Selected oils, rails and industrials led another recovery move in today's stock market although many leaders were depressed by profit cashing.

Bullish forces were cheered by the fact that the carrier average, despite a number of exceptions, touched another peak since September, 1946.

Extreme advances were shaded in the final hour but gains of fractions to 3 points or so held the majority at the close. The day's aggregate of 1,310,000 shares compared with 1,040,000 Monday.

The Associated Press 60-stock composite was up .3 of a point at 65.8, which was only .2 under the 1948 top. The rails advanced .4 of a point. Of 1,042 issues registering 465 rose and 325 fell.

Prices Decline In Grain Pits

CHICAGO, April 6-(AP)-Prices declined in the grain pits toward the close of today's board of trade session. During the earlier part of the session all grains showed considerable resistance to selling pressure, and several mild rallies developed.

At the finish wheat was ⅛ to 1⅛ lower than the previous close, May $2.45-2.44⅝. Corn was 1 cent to 1⅜ lower, May $2.18⅝-⅛. Oats were 1⅛ to 1⅜ lower, May $1.12⅛-⅝. Soybeans were independently strong, closing 6 to 7 cents higher, May $3.71.

A Japanese fowl called the Yokohama has tail coverts more than 20 feet long.
