Grains End On Firm Tone

CHICAGO, Aug. 12—(AP)—Grains ended on a firm tone after some erratic movements on the board of trade today. September corn provided most of the interest, moving up around 3 cents at one time, but oats was the most consistently steady cereal throughout the session.

Wheat wound up with modest gains, aided by reports the government had entered the market for flour. It was also stated that harvesting of the spring wheat crop in parts of the northwest was being held up by rains. Prospect of increased exports provided a background for the advance.

Wheat closed ½ to 1 cent higher. September $2.24-$2.24¼, corn was ⅝-2½ higher, September $1.64½-⅝, oats were ⅝-1⅝ higher, September 74¼-⅝, rye was 4 cents higher, December $1.73½, and soybeans were ½ to 3 cents higher, November $2.63.

Stock Market Moves Ahead

NEW YORK, Aug. 12—(AP)—The stock market managed the first overall advance of the week today in one of the year's slowest sessions.

The upturn came in the last hour after a day of see-saw price changes. Gains ranged from fractions to around a point, with most in the fractional area. Losses were equally small.

Trading dried up to only 630,000 shares from 1,300,000 Wednesday and was the smallest since early March. Low for the year was 580,000, also in early March.

The small volume and minor price changes were hardly indicative of any decisive trend in the market. Activity was limited largely to the operations of professionals.

The Associated Press average of 60 stocks inched up .1 of one point to 67.4. Of the 909 issues which appeared on the ticker tape, 398 advanced while 283 declined.

Most of the best tea comes from areas where the rainfall exceeds 100 inches a year.
