Mathias, Gordien Pace U.S. Trackmen

OSLO, Norway, July 29-(AP)-The Star-Spangled American track and field team climaxed an uphill climb tonight by winning the "Little Olympic" and its accompanying decathlon competition.

The final point score was 233½ points to 224½ points over the combined Scandinavian squad which had led almost all the way through the three-night meet.

Chunky Bob Mathias, the Tulare, Calif., wizard, used his customery second-day surge to win the decathlon going away. Irv Mondschein of New York university was third and Bill Albans of North Carolina last in the six-man grind. Mathias had 6,346 points.

Fortune Gordien of Minnesota bettered the listed world record for the discus throw for the second time this month. His throw tonight measured 182 feet 3 53/64 inches. The approved record is 181 feet 6¾ inches by Adolfo Consolini at Milan, Italy, last Oct. 10, but Gordien has a still better throw awaiting record approval. He reached 185 feet 2 47/192 inches at Lisbon, Portugal, July 9.

Bob Richards of the Illinois Athletic club set a Norwegian record in the pole vault at 14 feet 8 27/32 inches.

George Rasmussen of the University of Oregon placed third in that event with a 14 feet 31/32 inches effort.

'Rods' to Open Races At Hollywood Tonight

Hot rod racing, usually confined to a once-a-year showing on the Lone Oak dirt track at the state fairgrounds, moves into the Hollywood bowl midget strip tonight, the first of a number of such programs planned for the balance of the summer. The new venture is sponsored by "Valley Sports". Shows are booked for every Saturday night.

According to the new promoters, the program will start at 7:30 o'clock with time trials for the speedy cars, most of them souped up jalopies. Helmet dash and heat races are expected to precede the main event.

Although they have reported no names, other than that of Max Humm, Salem driver, the promoters tell that the best "rod" pilots in the races, including last year's in the Northwest are to take part Oregon champion. Just how many cars and drivers will be here has not been reported.

The hot rods, usually regulation-size autos have never raced on the bowl's briefed oval, originally designed for midget racing. Since the rods are taking over the balance of the season under a different management than that of Jimmy Ryan, it is quite possible that the midgets will not show here again this year.
