CURIOUS FACTS

The excavation at Hell Gate reef was attended by 21,600 soundings and 8000 borings.

Three fourths of the total population of Russia are engaged in cultivating the soil.

The Provident Savings Bank of Boston, the greatest institution of that kind in this country, has 90,000 depositors, and deposits of $35,000,000 in sums of $1000 and less.

For painful sore feet caused by excessive walking, long standing, or constant movement, as in the use of the sewing machine, a dusting powder of equal parts of precipitated chalk and tannin alone, will be of much service. Apply twice daily after bathing the feet in warm water.

Every spring the emperor of China goes to the "emperor's field," plows a portion of it, sows it with several kinds of seeds, and superintends the ceremony while the princes and nine courtiers perform the same act in honor of the god of agriculture. The empress at the same time gives her ladies a lesson in silk culture.

At last America has its revenge. England gave us the sparrow, and now, according to the London Spectator, we have given London the mosquito. "It will be new to many readers," says the Spectators, "that the mosquito is now firmly established in London. Visitors who are familiar with the noise and bites of the mosquito assert that it is the true pest in its worst form, and there is no reason for doubting their experiences.

Headache and Dyspepsia:

William E Rockwell, No 512 West 57th Street, New York, says: "I have been a martyr to bilious headache and dyspepsia. Any indiscretion in diet, overfatigue or cold, brings on a fit of indigestion, followed by a headache lasting two or three days at a time. I think I must have tried over twenty different remedies, which were recommended as certain cures by loving friends, but it was no use. At last I thought I would take a simple course of purgation with Brandreth's Pills. For the first week I took two pills every night, then one pill for thirty nights; in that time I gained three pounds in weight, and never had an ache or a pain since." Disease in one part of the body will eventually fill the whole body with disease. Every year or two some part of the system grows weak and begins to decay. Such part should be removed at once, and new matter be allowed to take its place. There's no need of cutting it out with a surgeon's scalpel. Purge away the old, diseased and worn out parts with Brandreth's Pills.

The rates are now within reach of all, and everybody should take advantage of them to visit the World's fair and their friends in the east. What Shall I Take?

Why Simmons Liver Regulator, of course. It can't be beat in any attack of indigestion, biliousness, sick headache or constipation. It gives quick relief, and if continued for awhile will completely cure these ailments. The Regulator comes in liquid and powder form. The powder is wonderfully convenient for the vest pocket. A pinch of the powder and a swallow of water leaves no taste and works effectually.

Eternal Vigilance

the price of health. But with all our precaution there are enemies always lurking about our systems, only waiting a favorable opportunity to assert themselves. Impurities in the blood may be hidden for years or even for generations and suddenly break forth, undermining health and hastening death. For all diseases arising from impure blood Hood's Sarsaparilla is the unequalled and unapproachable remedy. It is King of them all, for it conquers disease.

TELEGRAPHIC NEWS.

The Silver Bill.

WASHINGTON, Aug 27.—The financial debate has closed and the line of battle is now being sharply drawn for the decisive contest that takes place in the house tomorrow. The leaders on both sides have exerted every effort to have their men all here, and it is expected the first rollcall will find almost every member of the house present and voting. The free-coinage bill to be offered by Bland as a substitute for the repealing bill of Wilson, will be defeated. After rejection of the Bland bill, and when the question has resolved itself to the simple one of repeal of the purchasing clause of the Sherman law, the Wilson bill will be passed by a majority of not less than 60.

A Girl Brutally Murdered.

MARSHALLTOWN, Iowa, Aug 27.—Annie, the 19-year-old daughter of Jacob Weiss, of this city, was foully murdered last night near Green Mountain, this county. She was working for a farmer named Russe, and had gone to pass the evening with a friend at the home of Andrew Burgess, a mile distant. On her return an unknown person beat in her skull with a club, then cut her throat, nearly severing her head from her body, and stabbed her in a dozen places. The murderer and motive are unknown. The whole community is searching for the assassin.

A Farmer Murdered.

TULARE, Cal, Aug 27.—About 8 o'clock this morning R G Rogers, a farmer residing six miles east of town, was called to his door by Bob Wilson, of Madera, who wanted to talk to Rogers. Rogers refused to have anything to do with Wilson, whereupon the latter drew a pistol and fired, striking Rogers in the left shoulder. Rogers fell and Wilson advanced and fired several shots into Roger's head, killing him. Wilson then started to town to surrender.

Held Up a Train

LIVINGSTON, Mont, Aug 27.—The eastbound Northern Pacific express was held up near Reed's Point, 50 miles east of here last night by five masked men. They were unable to open the safe in the express car, and went through the train and relieved the passengers of all their valuables. After refreshing themselves in the dining car, they disappeared.

Another War Cloud:

NEW YORK, Aug 27.—The Herald's Paris special says says the relations between France and Italy are bad. In France there are frequent riots between Italian and French workmen, and in Italy and France manifestations continue in spite of the earnest desire of both governments to restore order. If the present state of things is prolonged diplomacy will become impossible and peace will be endangered.

Press Censorship.

BUENOS AYRES, Aug 27.—The chief of police summoned the editors of all newspapers in the city to his office at midnight last night and forbade them to publish any political or military news in the future

Pure and Wholesome Quality

Commends to public approval the California liquid laxative remedy, Syrup of Figs. It is pleasant to the taste and by acting gently on the kidneys, liver and bowels to cleanse the system effectually, it promotes the health and comfort of all who use it, and with millions it is the best and only remedy.

A GREAT CONVENIENCE.—World's fair visitors traveling via the Northern Pacific R R and Wisconsin Central line, are landed at the Grand Central station in Chicago. This magnificent fire-proof building, located in the heart of the city, has been fitted up as a hotel, run on the European plan, with about 250 rooms handsomely furnished and each room is supplied with hot and cold water, electric lights, etc. The charge for accommodations are reasonable, and parties can secure rooms in advance by calling upon agents of the Northern Pacific R R. By taking the Northern Pacific through car line to Chicago, visitors will avoid the discomfort of all transfer in that city, and can also travel between the Grand Central station and World's fair grounds by trains which run direct between the two points.

Is Marriage a Failure

Who shall decide it? We have concluded long ago that it is a success every time with Simmons Liver Regulator in the house. It promotes harmony and good nature by preventing any attack of the worst enemy; indigestion and dyspepsia, which make discord in the brightest home. You will find the regulator a good remedy for billiousness and sick headache. It is the household friend.

Proof of Merit

The proof of the merits of a plaster is the cures it effects, and the voluntary testimonials of those who have used Allcock's Porous Plasters during the past thirty years is unimpeachable evidence of their superiority and should convince the most skeptical. Self praise is no recommendation, but certificates from those who have used them are.

Beware of imitations and do not be deceived by misrepresentation. Ask for Allcock's and let no solicitation or explanation induce you to accept a substitute.

Caution.

Imitations have been put upon the market so closely resembling Allcock's Porous Plasters in general appearance as to be well calculated to deceive. It is, however, in general appearance only that they compare with Allcock's, for they are worse than worthless, inasmuch as they contain deleterious ingredients which are apt to cause serious injury. Remember that Allcock's are the only genuine porous plasters—the best external remedy ever produced; and when purchasing plasters do not only ask for but see that you get Allcock's Porous Plasters.

Ask Your Friends

Who have taken Hood's Sarsaparilla what they think of it, and the replies will be positive in its favor. One has been cured of indigestion and dyspepsia, another finds it indispensable for sick headache, others report remarkable cures of scrofula, salt rheum and other blood diseases, still others will tell you that it overcomes "that tired feeling," and so on. Truly, the best advertising which Hood's Sarsaparilla receives is the hearty endorsement of the army of friends it has won by its positive medicinal merit.

Twenty Years' Experience.

C D Fredricks, the well known photographer, 770 Broadway, New York, says: "I have been using Allcock's Porous Plasters for 20 years, and found them one of the best of family medicides. Briefly summing up my experience, I say that when placed on the small of the back Allcock's Plasters fill the body with nervous energy, and thus cure fatigue, brain exhaustion, debility and kidney difficulties. For women and children I have found them invaluable. They never irritate the skin or cause the slightest pain, but cure sore throat, coughs, colds, pain in the side, back or chest, indigestion and bowel complaints."
