Corn Contracts Lead Grains On Upswing

CHICAGO, Nov. 22-(AP)-Grains were strong today on export reports. December corn led the upward movement, advancing more than 2 cents a bushel to $1.28¼, a new high since February. Other corn contracts hit new seasonal peaks.

Persistent demand for corn continued to meet scant offerings from the country. Only 60 cars arrived here, and 15 of these were owned by the government. This time a year ago, arrivals ran from 350 to 400 or more cars daily.

Wheat closed ½ to 1¼ cent higher, corn up ⅜ to 2¼, oats unchanged to ⅜ lower, rye down 1 to 1½, soybeans ¼ to 1¼ higher, and lard 5 cents a hundred pounds lower to 2 cents higher.

Norway was reported to have bought 150,000 bushels of U. S. hard winter wheat, and Mexico is scheduled to buy about 1,000,000 bushels, trade sources said. However, the government showed no interest in the cash wheat market here today.

Forest Industry Group File for Incorporation

Articles of incorporation as Oregon Forest Industries council, a non-profit business league to promote efficient use of timber lands, were filed Tuesday with the Marion clerk.

The articles were filed by E. H. Crosby, Vertis C. Wood and Fred W. Puckwood, all of Portland. Salem was named as principal office of the group.

The oldest Bible in government service is one on which every justice of the Supreme Court has been sworn in since 1808.
