# Dedication of New Hillcrest Buildings Held

Three new buildings were dedicated Saturday at the State Hillcrest school for the rehabilitation of wayward girls.

A class room and auditorium building which dominates the schoolgrounds was dedicated in the memory of the late Robert S. Farrell Jr., secretary of state when Oregon embarked on a $10,000,000 institutional building program.

A new dormitory and food service building are the other units. Together they cost over $800,000. The three represent the first major construction at the school in 27 years.

The dormitory was named to honor Leslie M. Scott, who was state treasurer at the time the buildings were planned. He spoke at the ceremony along with State Supreme Court Justice James T. Brand and Governor Douglas McKay.

# Christian Vocation Meeting Attracts 50 to WU Campus

More than 50 students from high schools and colleges throughout Oregon gathered in Salem Friday and Saturday for a two-day conference on Christian vocations.

The sessions were sponsored by Willamette university and were designed to acquaint youths with various fields of full-time church work.

Vocational aptitude tests were given to all delegates and Dr. Norman A. Huffman, professor of religion at Willamette, conducted a seminar on "Preparation for College Teaching."

Colleges represented at the conference, first of its kind ever staged here, included the University of Oregon, Oregon State college, Linfield, Oregon College of Education and Willamette.

# Lattimore Pins 'Madman' Tag On McCarthy

NEW YORK, April 1—(AP)—Owen J. Lattimore, accused by Sen. Joseph McCarthy (R-Wis) of being a master spy for Russia, today called McCarthy a "madman" making an "obviously political attack upon the state department."

Lattimore repeated previous denials that there is any basis for McCarthy's charges, and said he was consulting his lawyers about possible libel action.

Lattimore also brought up the question of whether he ever was a state department employe.

He said he had been paid by the department for taking part in a 1945 reparations mission to Japan.

In 1949, he said, he took part in a two-day panel discussion of China problems and gave the department a memorandum of his views.

Last June, he said, he gave a lecture to state department personnel on Japanese problems.

Except for these instances, he said, "I have and have had no connection with the department."

McCarthy has said that his whole series of charges against the state department—that it has 57 card-carrying communists in its employ—would stand or fall on his branding of Lattimore as a communist spy.

Lattimore made the "madman" charge against McCarthy at a news conference where he issued a statement on the senator's charges.

"No one likes to be splattered with mud, even by a madman," he said.

At the news conference he said that McCarthy's charges were made "falsely, irresponsibly and libelously," and added:

"If anybody has sworn that I have been or am a member of the communist party, he is a perjurer. He should be prosecuted to the limit of the law."

# Czech Priests Enter Pleas; Press Barred

PRAGUE, Czechoslovakia, April 1 —(AP)— The last of 10 Roman Catholic clergymen accused of treason, anti-state activities and espionage for the Vatican testified late today in the Prague state court, the official Czech news agency announced.

By Czechs accounts, four have pleaded guilty and one or two of the others partly guilty.

Western newspaper correspondents have been unable to gain admittance to the hearing. The Associated Press was told its name was not on the list of news agencies to whom tickets were allotted. Other western agencies and correspondents were advised "there is not enough room in the court." As a result, western newsmen have to depend on the controlled radio and the official news agency for coverage.

# Murder Charge Filed Against Injured Mother

KLAMATH FALLS, April 1—(AP) An attractive blonde mother lay semi-conscious in a hospital here today while a first-degree murder charge was filed against her.

She was accused of killing her 6-year-old son yesterday. Police said she then shot herself in the chest. She was gravely wounded, but police posted a guard at the Klamath Valley hospital to prevent another suicide try.

The mother is Mrs. Lola Caroline Patrick, 26, who left a note at the scene of the shooting yesterday saying her son needed a father and she could not stand to see him reared in poverty. Mrs. Patrick was discovered from Lyndell Patrick, Denver, in 1945. They were wedded in 1942, and the husband went overseas soon after.

The shooting took place in a gasoline service station rest room at Beaver Marsh, north of here. The mother and the boy had entered there while en route home from San Francisco.

She had been living at the home of her parents, Mr. and Mrs. George Hayworth, Jefferson, Ore. Last Monday she went to San Francisco. From there she telephoned Shelby E. Stillwell, 35, Sheridan, with whom she had been keeping company. He left to bring her home. It was on the return trip that the shooting took place. Stillwell said the woman had been moody.

He was held here as a material witness with bond set at $2500. The body of the boy, Lyndell Patrick, jr., will be sent to Albany, Ore., for burial.

# Dave Hoover To Tour State

EUGENE, April 1 —(AP)— Lane county Dairyman Dave Hoover said today he would start his statewide campaign tour aimed for the republican nomination to the U. S. senate on Monday night in Roseburg.

He expects to be in Grants Pass and Medford the following day and visit Klamath Falls and Bend on Wednesday. The next day his schedule takes him to Redmond, Prineville and Madras.

## State to Limit New Tavern Permits

PORTLAND, April 1 —(AP)— The state liquor control commission said today it is going to be tougher about issuing tavern licenses in the future.

Administrator William H. Hammond explained the commission believes there are enough taverns now in most parts of the state. He added that established restaurants would have little trouble getting beer licenses, but night club permits will be hard to get.

# *Afghan Dog Lost on Road*

State police were searching the Pacific highway between Salem and Oregon City early this morning—for a dog.

Mrs. Claude Shelton, Portland, reported she lost her all-white Afghan somewhere along the highway. The dog had been exhibited in the Salem Lions Kennel club show at the state fairgrounds.

A report reached Salem city police about midnight that a "valuable-looking" white dog had been spotted in Aurora. The tip immediately was relayed to state police for investigation.

# Military Rule Clamped on Isle of Luzon

MANILA, Sunday, April 2—(AP)—Complete military control was clamped last night on the main Philippines island of Luzon amid demands for even stricter measures for dealing with communist-led guerrillas.

This capital city itself was heavily guarded. There were rumors that the guerrillas, the Hukbalahaps, would attack Manila.

President Elpidio Quirino in ordering military control emphasized he was not proclaiming military law.

But Gov. Jose B. Lingad of Pampanga, one of the provinces ravaged by the Huks, urged him to proclaim martial law in all affected areas.

The house committee on national defense approved a bill under which every able-bodied Filipino male and female between 14 and 65 could be called to form a national civil militia. Sponsors asserted the bill would help to restore order within six months.

Senator Eulogio Rodriguez, president of the opposition Nacionalista party, declared every measure must be taken "to allay the fears of the people." The Huks have supported his party in the past.

The Philippines army, which earlier this week was ordered to take over from the constabulary the campaign against the guerrillas, yesterday opened an attack on a Huk stronghold on the central Luzon plain.

# Chinese Reds Fail in Hainan Landing Try

By Spencer Moosa

TAIPEI, Formosa, Sunday, April 2—(AP)—Chinese communist troops landed at several points on the nationalist island of Hainan Saturday, but the nationalists said today they were wiped out or captured in a slam-bang battle.

It was the latest and apparently the largest of several red attempts to seize a foothold on the big island only ten miles off the southern mainland.

Fragmentary reports said the invaders landed at points five and ten miles from Hoihow, the Hainan capital, and forced the nationalists temporarily to abandon the Hoihow airfield.

**Victory for Defense**

The official nationalist central news agency, however, early today said the defense had scored a great victory.

It estimated the red dead at 3,000 and said 50 of the invading fleet of junks were sunk in a four-hour battle with the nationalist navy.

Some junks managed to land their troops, but Central News said the defending ground forces soundly thrashed the reds on the beaches. At one beach, it said, every man who got ashore was slain. At another, bodies of the attackers were said to be piled high on the sand, while at a third point 200 reds hoisted the white flag.

**1,000 Troops Landed**

Although about 1,000 communist troops were estimated to have set foot on land.

The sounds of battle rang clearly through Hoihow, but the city was said to be calm under martial law.

The pattern of the repeated red attacks on Hainan indicated a strategy of trying for a safe foothold with relatively small forces before risking a full-scale invasion.

The thrusts at Hoihow could well be feints to cover a more ambitious assault at some more vulnerable spot, but this has not yet developed.

The latest amphibious attempt follows persistent reports that Soviet military advisors have arrived on the Liuchow peninsula nearest Hainan and that Gen. Lin Piao, a top red commander, is directing the campaign.

# Census Off to Smooth Start In Salem Area

Census-takers were deep into the job of asking questions in the Salem area Saturday, and the district office on Market street was busy answering their queries and those from the public. But Cornelius Bateson, district supervisor, said the process appeared to be going smoothly.

He did remind that no enumerators are getting their information, which is confidential, by telephone. At least one Salem resident called to say he had received a phone call from a "census-taker" with too many personal questions.

The decennial enumeration will continue for about two weeks in the city and about four weeks in rural areas.

Final list of enumerators working in Polk county was also announced Saturday, including:

Under Crew Leader Gilbert F. Loy (south portion) — Mildred Davis, Florence Richardson, Victor Bride, Florence Harvard, Helen Bristow, Etta Detering, Melva Banta, Lila Cornwall, Edna Grooms, Gladys Orsborn, Melba Powers, Frieda Murphy, Irene Barry, Evelyn Morgan, Estelle Tooley and Leah Icham.

Under Crew Leader Sylvia Byran (north portion) — Harold Taylor, Halden Grant, Mrs. Kenneth Carlson, Mrs. Rollin Beaver, Mrs. Lloyd Schildmeyer, Mrs. J. P. Lineberry, Mrs. Farley Mogan, Mrs. Norman Baker, Mrs. Leighton Dashiell, Mrs. Cecil Meeker, Mrs. Walter Haverson, Mrs. Louis Lynch, Mrs. Walter Commons, Mrs. N. Martens and Mrs. Joe Owens.

# Stadium Plans Seat Expansion

PORTLAND, April 1—(AP)—Multnomah stadium operators announced plans today to add 6688 seats to the sports bowl in time for the college football season next fall. It will bring capacity to 34,436.

The seats will be constructed along the east side of the stadium, where temporary bleachers have been placed in the past. If the bleachers are moved to other corners of the stadium, seating capacity would be up to 36,736, Manager James J. Richardson said.

The U.S. department of agriculture says coal or wood heaters do not usually have enough heating surface to be efficiently coverted to oil or gas.
