Rally Boosts Radio-Video Stocks Higher

NEW YORK, May 5-(AP)-Radio-television stocks pulled out of Thursday's slump in a lively rally today.

TV shares advanced fractions to around a point in a generally improved market. Price changes elsewhere—with several hefty exceptions—were mostly in fractions.

Gain outnumbered losses by a good-sized margin.

Trading dropped off to 1,790,000 shares, smallest in a month, from 2,150,000 Thursday.

TV stocks started out on a fairly steady footing but soon went into a decline. Losses piled up to an extreme of about two points before fresh buying power appeared. Today's gain made only a small dent in Thursday's losses which ranged up to around four points.

Rails did well, along with oils, coopers, and a selection of industrial and utility shares.

The Associated Press average of 60 stocks advanced .5 of one point to 77. The advance carried out the ragged price pattern the market has followed all week: Up .6 on Monday, down .4 Tuesday, up .3 Wednesday, down .5 Thursday, and up .5 today.

Wheat Firm On Market

CHICAGO, May 5-(AP)-Soybeans slid sharply at the start today but recovered much of their extreme losses in later dealings.

Wheat was firm, and the strength in that pit helped soybeans. Corn was mifed and oats were higher.

Soybeans sold off as much as the 10 cent daily limit at the start on the influence of a government report showing much heavier domestic soybean supplies than traders had expected.

Wheat closed 2½ to 4⅜ cents higher, corn ⅝ down to 1¼ up, oats 1⅛ to 1⅜ higher, rye 1¼ to 4 cents higher, soybeans down 2 to 3¼ cents, and lard 3 cents a hundred pounds lower to 13 cents higher.

The department of agriculture said April 1 U.S. stocks of soybeans were 119,663,000 bushels, 45,000,000 more than on April 1, 1949. Supplies at processing plants were listed at 47,991,000 bushels, a record high for April 1.

The Great Smoky Mountains of North Carolina, with 200,000 acres still in vergin timber, contain the most extensive stands of virgin red spruce and hardwood forests in America.
