Vancouver Considered for TV Channel

WASHINGTON (AP) — Federal Communications Commission order directing its examiner to consider the television needs of Vancouver, Wash., brightened hopes of the Vancouver Radio Corp. Tuesday for getting Channel 21 in the Portland, Ore., area.

Vancouver Radio is now contesting with Mt. Scott Telecasters, Inc. for the right to operate on that channel.

The commission order, sought by the Vancouver applicants, directs that the hearing be enlarged to determine "which, if either, of these applicants would provide the more fair, efficient and equitable distribution of radio-television service."

Vancouver Radio is required to compete for the Portland area assignments because it is within the 15-mile radius prescribed in commission regulations. The firm noted earlier, however, that Vancouver is located in an entirely different state, the community has different interests, and no other applicant from Vancouver is in sight.

Meanwhile, John T. Hearne, Vancouver counsel, continued his attack on financial and other evidence submitted by Irwin S. Adams, operator of radio station KGON at Oregon City and general manager of the proposed Mt. Scott station.

Under cross-examination Adams listed expenditures of $133,826 which Mt. Scott might have to make before the first revenue would be paid in. Questioned by his own attorney later, Adams cut $9,530 from this figure.

Earlier testimony by Robert J. Hartke, Oregon City auto dealer, showed the new station would be financed through a $100,000 loan which Hartke would make to Adams.

If this sum is not enough to see the station through its early period, Adams said he would have to borrow. He tried to refer to a letter from the First National Bank in Portland indicating its willingness to extend credit, but Hearne successfully moved to strike references to such correspondence.

Embezzlement Trial Begins

Trial of Joseph H. Hopkins, former manager of Salem veterans housing colony, on one of two charges of embezzlement began Tuesday in Marion County Circuit Court.

Hopkins was accused of taking $10,446 in colony funds. Another similar charge involving $365 has not been set for trial.

In the trial before Circuit Judge George R. Duncan, a jury was picked and the first two prosecution witnesses heard yesterday. Attorneys said another three or four prosecution witnesses will appear and about 12 for the defense. The trial is expected to last through Thursday.

Grain Mart in Slow Decline

CHICAGO (AP)—Grains went into a gradual decline Tuesday at the board of trade after a mixed start.

Wheat traders were disappointed because export business failed to develop, and although some soybean exports were expected Tuesday night or Wednesday, early advances failed to hold.

Feed grains were inclined to go along with wheat. Corn resisted the decline on a steady to firm cash market, but mild selling developed toward the close.

At the finish wheat was unchanged to 1 cent lower, corn was ¼ to ½ lower, oats were ⅜ to ¾ lower, rye was ½ to ⅞ lower, soybeans ¼ higher to ½ lower and lard was 10 to 23 cents a hundredweight lower.

Part of the early firmness in wheat reflected the continued dryness in the southwest. The five day weather forecast failed to indicate moisture of any consequence for the winter section where dry weather has delayed preparations for seeding.

Stock Market Holds Steady

NEW YORK (AP)—In the slowest session in more than five weeks, the stock market Tuesday held to a steady course.

The slowness was induced of course by the victory of the Yankees over the Dodgers 4 to 2. Attention was on the ball game, not the market.

The Associated Press average of 60 stocks closed unchanged at $105.70 with the industrial component unchanged, the railroads up 10 cents, and the utilities down 20 cents.

The list narrowed down to 1,070 individual issues on the tape. That compares with 1,116 issues traded Monday. Out of Tuesday's total 352 advanced and 388 declined with 14 new highs and 37 new lows for the year touched during the day.

Volume amounted to only 960,000 shares, slowest day since Aug. 29 when 890,000 shares changed hands. Monday's business amounted to 1,070,000 shares.
