PREHISTORIC TRACTS ARE FOUND

Monster Prints Discovered in the Rocks on Cumberland Ridge in Kentucky.

Louisville, Ky.—Tracks of prehistoric animals, one of which is five-toed and eleven inches across, have been found in the rock on the summit of the dividing ridge between the Kentucky and Cumberland rivers near here, it was reported.

A three-toed track of abnormal proportions is nearby and on another stone plateau are the tracks of a herd of animals of great weight. Petrified tracks believed to have been made by man also have been found, it was reported.

In the same vicinity a few years ago was found a tooth the size of a loaf of bread.

Health Brings Beauty
A Pretty Skin Follows Good Blood

Peshastin, Washington—"When I was about fourteen years of age I had an operation for appendicitis and the doctor said it would retard development until I was 18 or 19 years of age, but I heard how good Dr. Pierce's Favorite Prescription was for young girls so I took four bottles of it and came into womanhood within a year. Then I started getting healthy and strong. Before I took Dr. Pierce's medicines I weighed only 72 pounds—now I weigh 107. Later in life I took a breaking-out on my face. I wrote to Dr. Pierce and he advised me to take the 'Golden Medical Discovery'. I took two bottles of it and my skin is as smooth as I could wish for. I would like to tell every sufferer about Dr. Pierce's great medicines."—Miss E. L. Carrell, Box 24.

Write Dr. Pierce's Invalids' Hotel in Buffalo, N. Y., for free medical advice or send 10c for trial package of any of his medicines.

Snowing.

There was no wind, so the flakes fell light as feathers, gray in the gathering dusk as the down that falls from wind-swept breasts of wild swans in their flight to or from the Polar seas. Denser and denser it came; soundless at first, but after a while with a faint rustling and whirring, as though the flakes were invisible birds of silence.—Fiona Macleod.

The Weakest Finger.

The third finger on the left hand, on which the engagement and wedding rings are worn, is automatically the weakest of the fingers. Pianists have to give the third finger twice as much drill as the others.

Tell-Tale Traits.

You cannot rightly judge people by what others say about them, but you can by what they say about others.—Boston Transcript.

SPENT HALF THE TIME IN BED

Farmer's Wife Tells How Lydia E. Pinkham's Vegetable Compound Made Her a Well Woman

Carter's Creek, Tenn.—"Three years ago I was almost an invalid. I spent half of my time in bed, being afflicted with a trouble which women of a certain age are apt to have. I took Lydia E. Pinkham's Vegetable Compound Tablets and used Lydia E. Pinkham's Sanative Wash. I am a well woman now and have been for two years. I can work as well as any one who is younger and as I am a farmer's wife I have plenty to do for I cultivate my own garden, raise many chickens and do my own housework. You may publish this letter as I am ready to do anything to help other women as I have been so well and happy since my troubles are past."—Mrs. E. T. GALLOWAY, Carter's Creek, Tenn.

Most women find plenty to do. If they are upset with some female ailment and troubled with such symptoms as Mrs. Galloway had, the smallest duty seems a mountain.

If you find it hard to keep up, if you are nervous and irritable, without ambition and out of sorts generally, give the Vegetable Compound a fair trial. We believe it will help you greatly, for it has helped others.

Brownsville. — Smart youngsters who touched off the big blast that shook the town on the night of April 22, may have had considerable fun out of it, but that does not repair the damage occasioned by the big noise at the Howe chicken farm, adjacent to the hill where the blast was fired. It developed last week that the chicks in 1000 eggs which should have hatched were all killed by the concussion.

More Quality for Less Money

There never was a time when Goodyear Tires were so good as now.

They are bigger, heavier and stronger today than any earlier Goodyears ever were.

Yet Goodyear prices are lower now than ever.

Not even in those remembered days before the war did Goodyear Tires sell at such low prices as today.

Look at the figures listed below.

They represent an average decrease of more than 60% from Goodyear prices of 1910.

When you can get these better Goodyears at such prices, there is no question of the tire value at your command.

Your Goodyear Service Station Dealer will tell you that never in his experience as a tire dealer has he known the equal of this value. See him today.

Should Have Understood.

When C. M. Bissell was in charge of the old Harlem railroad he issued an order that whenever a conductor collected a cash fare he must give a receipt, and enter the amount on a stub. Very soon a committee from the conductors called and asked for more pay. Bissell inquired: "Why, boys, why do you ask for that now?" There was some hesitation and then the oldest committeeman said: "Mr. Bissell, you used to be a conductor yourself."

Pope's Good-by to Cardinal Gibbons.

"I cannot help recalling an instance where a lady, a guest at the White House at luncheon, asked the late Cardinal Gibbons whether he really believed that the pope was infallible in all he said. The cardinal smiled and answered: "I can only respond to that, madame, by saying that when the pope bade me good-by the last time he said, 'Addio, Cardinale Jibbones!'"—Maurice Francis Egan in the Review of Reviews.
