New Baptist Pastor Given Reception

A capacity congregation of the Calvary Baptist Church met Wednesday night to recognize its new pastor, the Rev. Dr. W. Berkeley Ormond. Members of the church and friends joined in the service presided over by Mr. D. R. Peterson. A reception followed.

Mrs. James Francis was at the organ console. Lee Wiens opened the hour with an invocation. The City Council was represented by Russell Bonesteele who welcomed Dr. and Mrs. Ormond on the behalf of the city. Another message of welcome was extended by the Rev. T. M. Gebhard who represented the Salem Ministerial Association. The Rev. Clyde Woods, on the behalf of the Central Willamette Association, greeted the new pastor and his family. Mr. William Watson, moderator of the Calvary Baptist Church, welcomed both the new pastor and visitors to the service. Also assisting at this time was Mrs. William Reagan.

The president of the American Baptist Convention, Dr. Harry L. Dillin, gave the charge to the church. In his message he charged the church to accept its responsibility in its relationship with the new pastor, and urged them to go forward with a Christ-centered program here in this community. At the completion of his charge to the church, Dr. Elmer Adams, who serves Oregon Baptists as Executive Secretary, charged the pastor and mentioned the uniqueness of his relationship to a great group of people. The response to these two charges was made by Dr. Ormond. The Rev. F. C. Stannard closed the service with a prayer of dedication.

Following the service of recognition, members and friends of the Calvary Church gathered in the Upper Fireplace Room where a reception was held in honor of Dr. and Mrs. Ormond. Mrs. D. A. Emerson was in charge of serving.

Hard Wheat Developed for Northwest

PULLMAN, Wash. (AP) — A new bread-type hard white winter wheat was released Friday for growers in the intermediate rainfall areas of Washington and Oregon.

Some 10,000 bushels of seed for certified seed increase in the two states will be distributed to interested growers through county Crop Improvement associations, they said.
