### Something New Under the Sun.

All Doctors have tried to cure CATARRH by the use of powders, acid gases, inhalers and drugs in paste form. Their powders dry up the mucuous membranes causing them to crack open and bleed. The powerful acids used in the inhalers have entirely eaten away the same membranes that their makers have aimed to cure, while pastes and ointments cannot reach the disease. An old and experienced practitioatr who has for many years made a close study and specialty of the tretment of CATARRH, has at last perfected a Treatment which when faithfully used, not only relieves at once, but permanently cures CATARRH, by removing the cause, stopping the discharges, and curing all inflammation. It is the only remedy known to science that actually reaches the afflicted parts. This wonderful remedy is known as "SNUFFLES the GUARANTEED CATARRH CURE" and is sold at the extremely low price of One Dollar, each package containing internal and external medicine sufficient for a full month's treatment and everything necessary to its perfect use.

"SNUFFLES" is the only perfect CATARRH CURE ever made and is now recognized as the only safe and positive cure for that annoying disease. It cures all inflamation quickly and permanently and is also wonderfully quick to relieve HAY FEVER or COLD in the HEAD.

CATARRH when neglected often leads to CONSUMPTION—"SNUFFLES" will save you if you use it at once. It is no ordinary remedy, but a complete treatment which is positively guaranteed to cure CATARRH in any form or stage if used according to the directions which accompany each package. Don't delay but send for it at once, and write full particulars as to your condition, and you will receive special advice from the discoverer of this wonderful remedy regarding your case without cost to you beyond the regular price of "SNUFFLES" the "GUARANTEED CATARRAH CURE."

Sent prepaid to any address in the United States or Canada on receipt of One Dollar. Address Dept E 625 EDWIN B. GILES & COMPANY, 2320 and 2322 Market Street, Philadelphia.

There are quite a number of our subscribers owing us from one to three years subscription, and we wish to say to them that we must collect what is due us or quit business. There is no half way work to it-we are not able to continue if we cannot collect what is due us. The crops have been very good, and fair prices have prevailed, and surely most of our patrons can spare a dollar or so to keep the wolf from our door, especially since we have sent the paper from one to three years without having received what is due us from a large number. If all will do what they can we can keep going and at the same time pay our debts and improve the paper, but without your help and support it will be useless for us to try.

It is becoming to be known as a notorious fact that the morals of some of the young people of this community are such that the city is gaining a very unenviable reputation abroad as well as at home, and it is time that the cleaning process was inaugurated. The notorious escapade of the past week, in which a young man of this city is charged in a sworn complaint with an attempt to commit a nameless crime upon the person of a young girl, is evidence sufficient, and the still more notorious fact that he still retains his liberty is certainly not conductive to law and order and good morals, and reflects discredit upon those who have sworn to enforce the laws of the state. We have the greatest sympathy for the parents of such a young man, who forces disgrace upon them in any form—their cup of bitterness is full—but we cannot countenance the suppression of such acts.—Brownsville Times.
