# Broker Recalls E-R Option Act At Crosby Trial

PORTLAND, July 11 (AP) — Details of option-taking arrangements were disclosed today at the bribe conspiracy trial of Clyde Crosby, head of the Teamsters Union in Oregon.

Crosby, a former member of the Portland Public Service Commission, is charged with conspiring to give $4,000 to a dollar owner and others who held property options.

Herman [illegible] said he had been asked to purchase options and to sign a partnership agreement between Rex [illegible], Elkins, ex-gambler, Thomas Johnson, real estate operator, and Joseph P. Milavetz, Seattle cardroom operator. [illegible] were in on the conspiracy and Crosby was a silent partner, the state contends.

[illegible] Schlesinger, a Portland attorney, testified he had drawn up the partnership agreement in June, 1951.

[illegible] who testified briefly yesterday, today changed his testimony. He said today that it was in June that he and Elkins first discussed the option deal. On Wednesday, he had said that this took place in January.

The jury made a bus trip to the county home today to inspect a basement parts room which Elkins, who has turned state's evidence, said he had built for Crosby.

### Case Near Jury

PORTLAND, July 11 (AP) — The defense completed its case today in the trial of Portland Police Sgt. Robert W. Sprague on a charge of false swearing.

The case is expected to go to the jury tomorrow.

Sprague, testifying in his own defense, swore that he had never given a bribe to patrolman Jack "Pretty Jack" Olsen for protection of vice establishments in the Williams Avenue district.

His trial is on a charge of lying when he denied the accusation before a vice probing grand jury.

Olsen, the state's chief witness in the case, was recalled as a rebuttal witness today. He testified that he had been told that former Mayor Fred L. Peterson and former police Chief Purcell were behind the vice setup in the city of Portland. Peterson and Purcell have denied such charges.

Earlier in the day Lt. Carl R. Crisp, who formerly headed the police vice squad, said it would be impossible for Sprague to give protection to vice establishments as Olsen has charged.

## East Reich's Rule Totters

BERLIN, July 11 (AP) — The Stalinist rule of Walter Ulbricht, boss of Communist East Germany, tottered today under the backlash of the Moscow purge.

Reliable East Reich sources said Ulbricht, Communist party secretary, has been under attack within his own Central Committee. There is a rising chorus of demands for easing Ulbricht's Stalinist police grip.

The informants said liberal Communists are looking for some gesture of approval from Soviet party chief Nikita Khrushchev to put spade-bearded Ulbricht on the skids.

## House Approves Permanent Air Routes to Alaska

WASHINGTON, July 11 (AP) — The House today passed and sent to the Senate a bill to authorize permanent operating rights for airlines now flying between the states and Alaska on temporary certification.

The bill affects routes of these three carriers:

Northwest Airlines, from Minneapolis to Anchorage via Edmonton, Alta.

Alaska Airlines, from Portland, Ore., and Seattle-Tacoma to Fairbanks.

Pacific Northern Airlines from Portland and Seattle-Tacoma to Anchorage via Ketchikan, Juneau, Yakutat and Cordova.

The bill passed on a voice vote.

## Powder Puff Race Won by Veteran Flier

PHILADELPHIA, July 11 (AP) — A pair of lady pilots who finished second in the 1955 and 1956 powder puff derbies were awarded first place today in the 1957 transcontinental air event.

On the basis of a handicap system, derby officials gave top prize of $800 and a brace of trophies to Mrs. Alice Roberts, Phoenix, Ariz., and her co-pilot, Mrs. Iris Mitchell, of Palos Verdes Estates, Calif.

The two veteran fliers had brought Mrs. Robert A. Beechcraft Bonanza 2,600 miles across the U. S. at an average speed of 139.53 miles an hour. Their handicap was 162 miles an hour.

The $200 fifth prize money went to Mrs. Lois Richardson, Vancouver, Wash., and her co-pilot, Mrs. Pauline Glasson, Corpus Christi, Tex. Their average speed in a Cessna 180 was 175.80 against a 156 handicap rating. These two were perhaps the most experienced pilots of the 100 who took part in this year's derby in 49 planes. Between them, Mrs. Richardson and Mrs. Glasson have 18,000 hours in the air.

## Final Rites Held For 109-Year-Old Man at Portland

PORTLAND, July 11 (AP) — Funeral services were held today for Henry Bloom, who died yesterday at the age of 109. He was buried in the cemetery of the Jewish congregation he helped organize six decades ago.

A native of Russia, Bloom fled that country to escape conscription in the Russo-Turkish War of 1877-78.

In Portland he became operator of a sack factory and was one of the founders of Congregation Shaarie Torah.

His wife died in 1948. Surviving are four children, Mrs. Bess Zalkowitz of San Diego, Al of Winnipeg and Daniel and Max of Portland.

## Vie for Universe Title

LONG BEACH, Calif., July 11—Terezinha Concalves Morango, left, Miss Brazil in the Miss Universe contest, gets acquainted with Kyoko Otani, Miss Japan, at the airport here today. Miss Japan, who arrived several days ago, came to the airport to help welcome entrants from other lands. (AP Wirephoto)

## U.S. Refuses Longer Ban On H-Tests

LONDON, July 11 (AP) — The United States refused to yield today in its demand that any initial period for the suspension of hydrogen bomb tests be limited to 10 months.

Harold E. Stassen told the U.N. Disarmament subcommittee it was not a question of choosing between 10 months and a suspension of two to three years, as Russia had demanded. The choice, Stassen said, is between a 10-month suspension or no suspension at all.

Stassen, who previously had been challenged by Soviet delegate Valerian Zorin to show us your arguments, listed a number of points to back up his claim that the initial suspension should be for the 10-month period.

He said the shorter period would be less controversial and would have a better chance of acceptance by a large number of governments. He said it would offer a fair test of the intentions of either side toward halting the hydrogen bomb race. He hinted it would not be so long as to endanger either side.

## Sen. Jackson in Offices of Late Sen. McCarthy

WASHINGTON, July 11 (AP) — Sen. Jackson (D-Wash) has traded his three-room office for the four-room suite formerly occupied by Sen. McCarthy (R-Wis).

## Miss Universe Entries Arrive By Planeload

LONG BEACH, Calif., July 11 (AP) — A planeload of beautiful girls arrived today for a week of pageantry and the crowning of a new Miss Universe.

The chartered plane from New York brought 15 foreign girls and 28 from the United States—more than half the field of 77 entered in the international beauty contest.

Gaye Simmen from Turkey stirred up what may be a bit of trouble by telling reporters she was 17 years old. The contest rules fix the age limits of contestants at 18 to 28. Told of Miss Simmen's disclosure, contest officials said they would investigate.

The pageant officially opens Saturday at 8 p.m. with judging of the contestants to begin Tuesday. Miss Universe will be crowned Friday night.

## Theft of Melons Bring Arrests

Salem city police arrested three juveniles Thursday night on delinquency charges in connection with three watermelons taken from a supermarket.

The youths, all 17, include two from Salem and one from Oakland, Calif. They were picked up eating watermelons along a railroad track in West Salem.

## Ike to Join In Defense Alert Today

WASHINGTON, July 11 (AP) — Imaginary death and devastation will be poured on American cities tomorrow to launch the nationwide civil defense and mobilization exercise, Operation Alert 1957.

State and city civil defense authorities are preparing to fly into action as if at the outbreak of World War III, but no team knows yet whether its own city is among those chosen for mock nuclear blast, fire and fallout.

In Washington, President Eisenhower and staff will be lifted in a fleet of 14 helicopters and flown to a secret site fitted out as the civilian command center of a country at war.

This will provide the first full test of the new helicopter system of White House evacuation. Twenty-four staff aides and 16 correspondents will be picked up.

About 5,000 government officials and key employes have been alerted for a less spectacular removal three days later. They will simply report for duty Monday at 80 relocation centers maintained by 50 agencies in several states.

For three weeks these officials have been operating in Washington under simulated conditions of mounting world tension and "deteriorating international relations."

### Leader Dies

SEATTLE, July 11 (AP) — The Rev. John F. Hayes, S. J., 84, spiritual father for the Jesuit community at Seattle University, died today in a Seattle hospital after a short illness.
