Robbers Hold Family Hostage For 24 Hours, Yield to Police

CANTON, Ohio, Aug. 9 (AP) — Three robbers who held a farm family hostage for nearly 24 hours surrendered tonight after firing wildly at police who closed in with tear gas.

No one was hurt in the capture.

The men had robbed a grocery late Thursday. Harris Lillie, 44, policeman at nearby Louisville tried to break up their getaway. They shot and seriously wounded him.

Apparently four men were involved in the robbery, but only three holed up in the house near Louisville.

The hostages were Mr. and Mrs. Homer Fenstermaker, their daughter, Connie, 14, and two sons, Dale, 12, and Russell, whose daughter, Peggy Lou, 8, also was held.

Police went to the house after a neighboring farmer reported seeing a strange car in the Fenstermaker garage. The car was recognized by police as the one used in the grocery store holdup.

Search Planned

Louisville Police Chief Kenneth White and state patrol Sgt. E. W. Mallory, unaware that the gunmen were in the house, went to the front door and asked Mrs. Fenstermaker if they could search the home.

When they entered they encountered one of the gunmen who pointed a pistol at them. He had an arm around Connie.

Both officers ran out of the house and summoned aid.

Inside the house were the three gunmen, William Rhodes, 25, Anderson, Ind., Robert L. Kline, 20, Phoenix, Ariz., and Walter J. Miller, 20, Los Angeles.

For over two hours police fired tear gas into the house while the three appeared at windows and fired random shots at the more than 100 police who surrounded the house.

Threatened Child

"If one shot is fired into the house I'll kill the little girl," shouted one of the defiant robbers. The little girl was Peggy Lou.

Only two hostages were still in the house when the trio decided to surrender. Mr. Fenstermaker ran out with the two policemen. The two sons and Peggy Lou slipped out after the first tear gas was fired into the home. Mrs. Miriam Fenstermaker and Connie came out when the men surrendered.

Car Strikes Power Pole; Service Cut

Electric power in the 1200 and 1300 blocks of D Street was cut off about two hours Friday evening when a car crashed into a power pole and disconnected several 4,000-volt lines, city police said.

The hot electric lines bounced off the car and burned grass where they landed, investigating officers said.

The driver, Marjorie K. Simila, 18, of 1344 Marion St., sustained minor lacerations, officers said.

Emergency Portland General Electric Co. crews restored service in about two hours after the 6 p.m. accident.

Presley to Bring Troupe to Portland

PORTLAND, Aug. 9 (AP) — Singer Elvis Presley has scheduled an appearance here the night of Sept. 2, the Northwest Releasing Co. said Thursday.

The booking agency said Presley and his company of 20 will put on their show in Multnomah Stadium, the home of the Portland Beavers baseball club.

Friends Pay Last Tribute To Comedian

BEVERLY HILLS, Calif., Aug. 9 (AP) — The host of friends that Oliver Hardy made during 40 years in Hollywood turned out today for the funeral of the roly poly comedian.

Most of their names are unfamiliar to today's moviegoers, but their careers encompass the history of Hollywood from the days of the silent, two-reel comedies to the present.

They knew and worked with Hardy when he first came to Hollywood in 1918 as a bombing Keystone Cop and a menacing villain before he teamed with Stan Laurel to form one of the world's best known comedy teams.

Hardy, 65, died Wednesday. He had suffered a stroke nearly a year ago and never fully recovered.

Among the oldtimers at the funeral were such famous comedians of their time as Andy Clyde, Clyde Cook and Babe London, the latter Hardy's buxom film wife in many pictures.

Hardy's wife, Lucille, and the wife and daughter of his former partner Laurel occupied the family pews during the services. The widow Laurel, now 67, who suffered a stroke two years ago, was too ill to be present.

Solons Chop Oregon Funds

WASHINGTON, Aug. 9 (AP) — The Senate-House Conference Committee today chopped funds of two Oregon-Washington projects from the Public Works Appropriations bill.

The committee agreed to cut off the Senate approved funds for the Interstate Bridge across the Columbia River at Vancouver and a channel deepening project for the Columbia from Vancouver to The Dalles, Ore.

The Senate originally had approved $500,000 for the river project and $10,000 for the bridge. The House, however, had refused to go along with the appropriations from the beginning.

WU Graduate Given Law Post

PORTLAND, Aug. 9 (AP) — George H. Juba, Beaverton, who received his degrees from Willamette University, today succeeded Thomas Brand as an assistant U. S. attorney for Oregon.

Brand resigned several months ago to practice in Salem.

Juba was admitted to the bar last September. He has been with a Portland law firm.

Steel Official, Solon Clash At Hearing

WASHINGTON, Aug. 9 (AP) — Sen. Ketauver (D-Tenn.) tangled with steel-maker Roger M. Blough today over the effect on living costs of a recent increase in the price of steel.

Blough, board chairman of the U. S. Steel Corp., did not dispute Ketauver's contention that the steel price increase amounted to more than 500 million dollars a year, but he sharply challenged estimates cited by the senator on how much it would add to the cost of producing automobiles, appliances, tractors and other products made with steel.

Ketauver said Blough was trying to leave the impression that the price increase was "inconsequential." He said it wasn't a negligible amount and that "somebody has to pay it."

Blough said the increase amounted to only 3/10 of a cent a pound and should be viewed in perspective. Ketauver retorted that it would sound even smaller if expressed in terms of ounces.

The two clashed at the second day of an inquiry by the Senate Antitrust subcommittee which Ketauver heads into the $6-a-ton price increase for steel which became effective July 1.

101-Year-Old Hotel Burns In Virginia

PORTSMOUTH, Va., Aug. 9 (AP) — An early morning blaze swept the upper floors of the 101-year-old Monroe Hotel today routing 20 guests from their beds. Among them was a 96-year-old woman.

Firemen battled the blaze in the five-story brick and frame hotel for one hours before getting it under control. There were no injuries other than a policeman being overcome by smoke. He was treated at a hospital and allowed to return to duty. Fire officials said the damage would run above $100,000.

Mrs. Mary L. Jenkins, the oldest resident who has lived at the hotel for 25 years, escaped in her night clothing and salvaged only her purse and rings.

County Road Crew Threatens Strike

JOHN DAY, Ore., Aug. 9 (AP) — The 21-man road crew of Grant County notified the county court today that it would not report to work until its demands for a 44-hour week and other concessions are granted.

The crew, which has been working a 55-hour week, has been offered a 50-hour, five-day week at the same hourly wage rate.

County Judge O. I. Dickens said the court would consider the demands again at its meeting Aug. 22. Negotiations have been going on for several months, the judge said, and some requests of the crews already have been granted.

Solons to Conduct Portland Hearings

WASHINGTON, Aug. 9 (AP) — Rep. Edith Green (D-Ore.) said today that two and possibly three congressional hearings will be held in Portland in the fall.

A special House subcommittee on minimum wage laws will meet in Portland Nov. 6, and an education and labor subcommittee also plans a Portland hearing, Mrs. Green said.

A third hearing by a House government operations subcommittee, also is a possibility, she said.

Search for Youth Fails

City police searched four hours early Friday morning for a youth who was believed to have fallen into a 10 foot deep ditch on Oxford Street near the Paulus Brothers Cannery. The search failed to turn up any trace of the lad.

Shortly after midnight yesterday police were sent to the area in answer to a call that a prowler was seen near a car.

Police said a man who identified himself as Mel Siems asked the youth what he was doing near the car and asked the lad to follow him when he replied he was looking for the owner of the vehicle.

The youth followed a short distance and then turned around and jumped or tripped and fell into the ditch, police said. Siems said he did not see the youth come up and began a search. Police stated there was about 2 feet of water in the ditch and several deep holes.

Police searched four hours but could not locate anyone. They believe the youth came out the ditch without Seims seeing him.

Permit Given For Drive-in

A city permit to erect a $1,000 drive-in restaurant at 2410 N. Commercial Street was issued Friday to L. A. Jenness, a city policeman who lives at 513 Ford Street.

Jenness said the building will be 12 by 14 feet and will have room for one car to pull up for service.

The $1,000 is for building costs only, Jenness stated.

Also receiving a permit was L. T. Epping to construct a $10,000 house at 3065 Chester Ave.

School Bid Low

PORTLAND, Aug. 9 (AP) — A. V. Peterson Co., Portland, today submitted the apparent low bid of $751,751 for general construction work on a new Portland State College classroom building.

Kids Halt Float

DARTMOUTH, N.S., Aug. 9 (AP) — A potato chip company's float was withdrawn from a parade this week before it started. Kids had swarmed aboard and eaten all the chips on display.

Short Power Said Possible In Northwest

PORTLAND, Aug. 9 (AP) — Rainfall in the coming weeks will determine whether interruptible power loads will be cut off, Bonneville Administrator William A. Pearl said today.

"However, all storage reservoirs are filled and some improvement has occurred as a result of the present light rains over the area," Pearl said.

Bonneville announced earlier in the week that some interruptible power loads—which serve the light metals industry mostly—might have to be curtailed.

Pearl said the Bonneville system would be able to meet all firm loads.

An announcement from Bonneville said "service to BPA interruptible industrial customers during this period cannot be forecast except on a week by week appraisal of power resources. If the streamflow situation continues to deteriorate, some industrial customers may have to depend on power from other sources to maintain full production of facilities now using interruptible."

Dock Workers Agree to Navy Security Check

OAKLAND, Calif., Aug. 9 (AP) — The International Longshoremen's and Warehousemen's Union today agreed to go along with Navy security procedures, thus ending a screening dispute at the Oakland Naval Supply Center.

Rear Adm. Charles G. DeKay, commanding officer, said the center will retain 175 civil service employes hired yesterday until instructions are received from Washington. They were to take stevedore jobs next week if the security dispute wasn't settled.

The ILWU, headed by Harry Bridges, had objected to the questioning involved in getting Navy work passes—questions about possible affiliation with organizations designated subversive by the U. S. attorney general and applicants' racial origins.

Tours Planned for Hoover's Home

NEWBERG, Aug. 9 (AP) — Public tours of the boyhood home of former President Herbert Hoover are planned here tomorrow.

Hoover will observe his 83rd birthday anniversary tomorrow in San Francisco.

2 Refugee Spies Sentenced

(Picture on wirephoto page.)

NEW YORK, Aug. 9 (AP) — Two European refugees who found a haven in this country were sentenced today to 5½ years each in prison for spying on the United States for Russia.

At the same time, Col. Rudolph Ivanovich Abel, was held without bail in another federal court on an entirely different spy charge. He was indicted Wednesday by a federal grand jury in Brooklyn and faces a possible death sentence if convicted.

Sent to prison from U.S. District Court in Manhattan were Jacob Albam, 64, who came here from Lithuania, and Mrs. Myra Sobel, 52, born in Russia. They seemed taken aback by the sentence. The blonde Mrs. Sobel had laughed in court when arrested. Today she wept.

The pair had pleaded guilty to reduced espionage charges, thus avoiding the possibility of the death sentence under the original indictment. Maximum sentences under their plea were 10 years each and fines. No fines were levied.

Their cooperation with the government in baring secrets of the spy ring apparently led them to hope for greater leniency. The government also said neither of them was an important cog in a ring headed by Mrs. Sobel's husband, Jack. He is to be sentenced Sept. 18.

Federal Prisoner Flees in Portland

PORTLAND, Aug. 9 (AP) — The FBI said a federal prisoner escaped early today from the security room of a Portland hospital where he had been taken for treatment.

The FBI said the man was Francis Ray Bennett, 19, Mulino, who on Aug. 2 was sentenced to an indeterminate term in the federal correctional institution at Englewood, Colo., after conviction on a Dyer Act charge.

Bennett was taken to the hospital after he fell yesterday at Rocky Butte jail, the FBI said.

Texas Senator Asks Income Tax Exemption Jump

WASHINGTON, Aug. 9 (AP) — Sen. Yarborough (D-Tex.) proposed today an across-the-board income tax cut through an increase in personal exemptions from the present $600 per individual to $800.

Yarborough told the Senate that "the Congress talks of many things, but the people are talking of tax cuts."

Vehicles Collide

Two cars in a 7:10 p.m. collision Friday in the 300 block of Chemeketa Street were moderately damaged, police said. Drivers were identified as Eloise M. Dancer, 1335 N. 19th St., and William L. Melvin, 1755 S. Winter St., officers stated. No injuries were reported.
