Ike Deplores Red Rejection Of Arms Plan

WASHINGTON, Aug. 28 (AP) — President Eisenhower today said Russia's attack on the West's disarmament plan threatens mankind with a future indefinitely darkened by the danger of nuclear destruction.

Matching the strong language used by Soviet disarmament negotiator Valerian Zorin in London yesterday, Eisenhower said it would be tragic if Russia unconditionally rejected the Western proposals.

He added in a statement that such a Soviet attitude would condemn humanity to an indefinite future of immeasurable danger.

The President said the American, British, French and Canadian negotiators had not even completed laying all their disarmament cards on the table when Zorin delivered his 90-minute speech.

"It would be tragic," Eisenhower said, "if these important first stage proposals fraught with such significance for the peace of the world, were rejected by the Soviet Union even before they could have been seriously studied and before the Western presentation is complete."

420 Road Deaths Predicted During Holiday Weekend

CHICAGO, Aug. 28 (AP) — The National Safety Council today estimated that 420 Americans will die in traffic accidents during the Labor Day weekend.

The council recalled that during this year's four-day Memorial Day holiday and four-day Independence Day periods fatalities had been no greater than they would have been during nonholiday periods of similar length.

The tolls were 411 for the Memorial Day period and 420 for the Independence Day period.

"If we can do as well over the three-day Labor Day weekend, traffic deaths can be held to 375 or fewer," stated the council's president, Ned H. Dearborn.

Farm Assets at Record Value, But Debt Soars

WASHINGTON, Aug. 28 (AP) — Farm assets rose to a record value of $176,000,000,000 on last Jan. 1, but farm debt also touched a new high, the Federal Reserve System said today.

The Federal Reserve's annual balance sheet of agriculture said that the value of assets increased $8,000,000,000, or 5 per cent, in 1956. Farm debt increased by $600,000,000, or about 3 per cent, to a record $19,500,000,000.

Reply Planned by Teamsters to AFL-CIO Corruption Charges

(Story also on page one.)

LOS ANGELES, Aug. 28 (AP) — President Dave Beck announced today that the Teamsters Executive Board has decided to present personally to the AFL-CIO Ethical Practices committee a reply to the committee's report charging that he should be under corrupt influence.

Beck, appearing at his although not indicted in Tacoma, Wash., on income tax evasion charges, announced that the Teamsters board has authorized him to appear before a committee to investigate his alleged "paper" union in New York City. The committee will report its findings and recommendations to the board's next meeting.

The Senate Rackets Investigating Committee alleged that Teamster Vice President James Hoffa of Detroit was instrumental in setting up his honeymoon area in New York with gangster Tony Provenzano's help for power.

The Taft-Hartley Beck was full in scope as the Teamsters board ended three days of secret meetings here. Beck charged earlier today charging serious violations of income tax statutes in selling $20,000 of his U.S. Steel stock.

The committee also said that Beck's board of trustees has allowed him to use the Teamsters' money for personal purposes, including a $100,000 home in Seattle, Wash., and charging several thousand
