Hood's Sarsaparilla

Leads all other medicines in the cure of all spring ailments humors, loss of appetite, that tired feeling, paleness and nervousness. Take it.

Get it today in usual liquid form or tablets called Sarsatabs. 100 Doses $1.

IN LATE WINTER AND EARLY SPRING

We seldom feel JUST RIGHT

At such a time KASPARILLA is the best and safest Blood Purifier, the most successful prescription for spring humors and such disorders of the blood as boils, pimples, pustules, blotches, sores and cutaneous eruptions. Kasparilla is admitted to be the best remedy for that lack of energy and the peculiar debility so prevalent during the close of winter and the opening of spring. For derangements of the digestive organs it is a natural corrective, operating directly upon the liver and alimentary canal, gently but persistently stimulating a healthy activity. Its beneficial influence extends, however, to every portion of the system, aiding in the processes of digestion and assimilation of food, promoting a wholesome, natural appetite, correcting sour stomach, bad breath, irregularities of the bowels, constipation and the long list of troubles directly traceable to those unwholesome conditions. Kasparilla dispels drowsiness, headache, backache and despondency due to inactivity of the liver, kidneys and digestive tract. It is a strengthening tonic of the highest value.

Love Letters Buried With Her.

A maiden lady of Hanley (Staffs) who died at the age of more than ninety years asked shortly before her death that her love letters should be buried with her. Her relatives found several letters, dating back some of them to the '30s, with the ink almost faded. Her last request was complied with.—London Evening Standard.

Miniature Specialization.

A young medical student was being quizzed by one of his teachers: "In what will you specialize?" he was asked. "Disease of the nostril," replied the student. "Good," said the professor, enthusiastically. "Which nostril?"

Mothers will find Mrs. Winslow's Soothing Syrup the best remedy to use for their children during the teething period.

New Fields of Prodigality.

As long as the present process of extracting radium from pitchblende is so enormously expensive it avails little that new pitchblende fields have been found in the south seas. However, it is of scientific interest if not of commercial advantage. Certainly the radium manufacturers are not using all the pitchblende available at the present time.

Glance Backward.

Fichte once said: "The day that opens for us another year is best used in beginning that year aright; but one wastes no time, in spite of this, by a backward look or two, not only to balance his own books, as it were, but also to take due note of what memorable men and women have accomplished in the years that were theirs. So shall he at once inform his mind and raise examples to his future effort." And the sentences might well stand text to what has here been written.

The Chicago fire could have been prevented with one pail of water, but the water was not handy. Keep a bottle of Hamlins Wizard Oil handy and prevent the fiery pains of inflammation.

Truth Before All.

Herodotus tells us, in the first book of his history, that from the age of five to that of twenty, the ancients instructed their children only on three things, namely: to manage a horse, to shoot dexterously with their bows, and to speak the truth. The study of truth is perpetually joined with virtue; there is no virtue which does not derive its original from truth, just as there is no vice which does not spring from a lie.

Judicial Distinction.

A man whose trousers were stolen from a Pullman car has been awarded damages in the sum of $439.50, which is doubtless all the trousers were worth, but sets a ridiculously low estimate on the amount of "mental anguish."

LAZY LIVER

"I find Cascarets so good that I would not be without them. I was troubled a great deal with torpid liver and headache. Now since taking Cascarets Candy Cathartic I feel very much better. I shall certainly recommend them to my friends as the best medicine I have ever seen."

Forget It!

Every one ought to make it a rule to wipe out from his memory everything that has been unpleasant, unfortunate, says Orison Swett Marden in Success Magazine. We ought to forget everything that has kept us back, has made us suffer, has been disagreeable, and never allow the hideous pictures of distressing conditions to enter our minds again. There is only one thing to do with a disagreeable, harmful experience, and that is—forget it!

Fashion in Aprons.

The apron dates far back. The Greeks and Romans were famous for their richly embroidered aprons. In the time of Queen Charlotte Beau Brummell showed his dislike to them by deliberately removing the apron of a Duchess and flinging it behind a sofa at a ball given at the assembly room at Bath. Mary, Queen of Scots left nearly a hundred aprons of various hues and [illegible]

Uncle Jerry's Tribute.

Uncle Jerry Peebles was returning from the funeral of an acquaintance. "Well, I'll say one thing for old Josh McGimblet," he remarked, with an effort to be cheerful; "he lived a consistent life, anyhow. He always tuck his liquor straight, and in all his 85 years he never drunk his coffee any other way than out of his saucer."

Put common pins in the corks of all bottles marked poison, sticking them into the bottom and allowing the points to protrude beyond the corks. After doing this you will never pick up such a bottle—even in the dark.—Woman's Home Companion.

Safe That Floats.

A buoyant safe that in case of disaster will float to the surface as the ship equipped with it sinks, has been devised by four mechanics in the navy yard at Bremerton, Wash. The safe consists of a large cylinder of steel which is divided into two compartments, the lower one being an air chamber and the lower fitted as a receptacle for money and papers.

Continued Test.

As the thin man and the stout one were talking of diet and food in general the thin man said, "You can get an excellent dinner at Clapham's, the restaurant near my office, for 25 cents. Every try one of his dinners?" "One of 'em! Yes. I should say I had!" said the stout man. "Why, I ate four of 'em one day last week!"—Youth's Companion.

English Sparrow Slayer Club.

Farmers in Codford and district have formed a club for the destruction of sparrows, which are so numerous that they have become a pest to this part of Wiltshire. The rules provide that each member shall kill no fewer than 100 sparrows in two months or be fined 1d. a head for any under that number not destroyed.

To Stop a Leak.

To stop a leak in a water pipe until the plumber comes, shut off the water, drain the pipe, wipe the place dry, apply a piece of surgeon's plaster and bind on tightly with a long strip of the same plaster. Wind this thickly with absorbent cotton and bandage the whole with strong cloth. This will hold very well for about 24 hours.

Housework Drudgery

Housework is drudgery for the weak woman. She brushes, dusts and scrubs, or is on her feet all day attending to the many details of the household, her back aching, her temples throbbing, nerves quivering under the stress of pain, possibly dizzy feelings. Sometimes rest in bed is not refreshing, because the poor tired nerves do not permit of refreshing sleep. The real need of weak, nervous women is satisfied by Dr. Pierce's Favorite Prescription.

It Makes Weak Women Strong and Sick Women Well.

This "Prescription" removes the cause of women's weaknesses, heals inflammation and ulceration, and cures those weaknesses so peculiar to women. It tranquilizes the nerves, encourages the appetite and induces restful sleep.

Dr. Pierce is perfectly willing to let every one know what his "Favorite Prescription" contains, a complete list of ingredients on the bottle-wrapper. Do not let any unscrupulous druggist persuade you that his substitute of unknown composition is "*just as good*" in order that he may make a bigger profit. Just smile and shake your head!

Desperate Coughs

Dangerous coughs. Extremely perilous coughs. Coughs that rasp and tear the throat and lungs. Coughs that shake the whole body. You need a regular medicine, a doctor's medicine, for such a cough. Ask your doctor about Ayer's Cherry Pectoral.

Ayer's

We publish our formulas. We banish alcohol from our medicines. We urge you to consult your doctor.

Any good doctor will tell you that a medicine like Ayer's Cherry Pectoral cannot do its best work if the bowels are constipated. Ask your doctor if he knows anything better than Ayer's Pills for correcting this sluggishness of the liver.

A VALUABLE SUGGESTION

Information of Importance to Everyone

A great deal of pain and suffering might be avoided if we had some knowledge of physiology and the care of the body, particularly those parts that do the most work and should always be kept strong and healthy.

In an interview with a prominent physician he states that people should pay more attention to their kidneys as they control the other organs to a remarkable degree and do a tremendous amount of work in removing the poisons and waste matter from the system by filtering the blood.

During the winter months especially, when we live an indoor life, the kidneys should receive some assistance when needed, as we take less exercise, drink less water and often eat more rich, heavy food, thereby forcing the kidneys to do more work than Nature intended. Evidence of kidney trouble, such as lame back, inability to hold urine, smarting or burning, brick-dust or sediment, sallow complexion, rheumatism, may be weak or irregular heart action, warns you that your kidneys require help immediately to avoid more serious trouble.

An herbal medicine containing no minerals or opiates has the most healing influence. An ideal herbal compound that has had remarkable success as a kidney remedy is Dr. Kilmer's Swamp-Root.

You may receive a sample bottle of Swamp-Root by mail, absolutely free. Address Dr. Kilmer & Co., Binghamton, N. Y., and mention this paper.
