QUIET LIVING
PICK A HOME on the end of a dead end street. And set it on a lot with big oak trees. Then put the living room on the back so the picture window looks out over a quiet valley. While we're doing it, picture a long, low 2 year old home with good surrounding homes for protection. Then picture yourself living there quietly, away from the turmoil of the usual new subdivision. Pleasant, isn't it? We still don't think you quite comprehend what you're missing, so we'd better show it to you to be sure. $16,750.
