First Hay Is Quoted; Stocks in Big Decline

PROFIT TAKING HALTS ADVANCES IN SHARE PRICES

NEW YORK, June 6.—(AP)—Weekend profit-taking and renewed short selling ate a hole into the stock market's advance today. Sales exceeded 700,000 shares.

All groups participated in the decline, which was sharpest in the rail stocks. The range was about 1 to 3 points for pivotal issues.

U. S. Steel lost 2 5-8 and there were 2 to 3 points declines for American Telephone, North American, Borden, Dupont, Electric Power & Light, R. H. Macy, Allied Chemical, Consolidated Gas, American Tobacco "B," Frisco, New York Central, Pennsylvania and Illinois Central. Union Pacific, which climbed rapidly during the recent rally, dropped 5½ and Norfolk & Western slumped 13. Auburn's loss was 6 while International Business Machines yielded nearly 8. American Can was down slightly more than 2 points.

Brokerage circles felt the market was entitled to a setback after the active rebound and the dullness of the trading on the week-end sag suggested that necessitious liquidation, for the time being at least, had been cleared up.

DAIRY PRODUCTS SHOW STEADINESS

PORTLAND, Ore., June 6.—(U.P.)—More steadiness is generally reflected in the market for dairy products.

In the butter market recent country offerings showed a very liberal increase with a considerable portion of the supply consisting of undergrades. Top scores are showing a fully steady to firm tone. There was no change in the price of cubes on the produce exchange.

Butterfat continues unchanged.

General egg market trading is practically unchanged for the weekend. There was little or no price change at any leading marketing point.

Stationary poultry prices are reflected in weekend sales along the wholesale way with demand well taken care of in practically all lines.

Higher prices are named for strawberries for the weekend with very liberal increase in the call and scanty quality supplies for shipping raspberries, too.

First Labish celery received and reported out at $2@2.25 dozen, which is an extremely high price. Quality well above the average.

California apricots are selling down to 50@75c lug here with an overfilled market. Advices from The Dalles continue to tell of huge crop prospects, excellent quality and probable low prices. Further advance of around 25c case is reported in some sizes of oranges here in line with advances made by California marketing interests. The latest advance appears in the 200-216s. Quiet trading tone is continued for country killed meats here with receipts generally rather liberal. There is an undertone of weakness but no further price change.

CHICAGO GRAIN

CHICAGO, June 6—(U.P.)—After declining during the forepart of the session on heavy profit taking, wheat bounced back near the close on the board of trade today and regained a full 1c of the loss but failed to get within a fraction of the previous close. The Winnipeg Free Press report on the Canadian crop, while not sensational, was fully as bad as expected with the crop in the worst condition in 29 years. It had been anticipated however, and failed to have much effect here although running Liverpool sharply higher. Winnipeg also reacted on profit taking but more slowly than Chicago and the difference between the two markets continued to widen. Winnipeg rallied and shorts covered for the late rally. Corn started strong but sold off with wheat firm and was fractionally lower. Oats followed the major grains.

At the close wheat was 3-8 to 5-8c lower, corn was 3-8 to 1-20 lower and oats were unchanged to ¼c lower. Provisions were steady to weak after a firm start.

Cash prices were wheat 1c higher, corn was unchanged to ¼c lower and oats unchanged to ¼c higher.

Receipts were: Wheat 49 cars, corn 82 and oats 12.
