REEDSPORT GETS NEW BOAT LIVERY

REEDSPORT, June 8.—(Special)—The most important matter to come before the council at its regular meeting Monday evening was a request from W. R. Buck for permission to build a boat livery between the ferry dock and Farmers' creamery. He explained to the council that he plans a store and to build boats in this location, which gives him an opportunity to meet new people. Mr. Buck has patented a bi-plane bottomed skiff which is being manufactured in Marshfield and Seattle. He will use space for the boats made here.

Other matters considered were the proposed constitutional amendment providing a board of supervisors for cities, which the council opposed, slight changes in the present street lights, and enforcement of water ordinance, which empowers the water commissioner to shut off the water in the homes of delinquents.

L. LeRoy Myers and Lieutenant Young were here Sunday to make arrangements for conducting Oregon's second bonus unit to Washington, D. C. They are going in command from Portland, and they left here Sunday evening for that city. Commander Myers wrote the following letter, which he left here to be mailed Monday: "Walter W. Walters, commander in chief of Oregon vets, Washington, D. C. Buddy: We were with you in France, and we are on our way. We leave Portland, Oregon, this a. m., 7:30. We will have 1000 recruits at Idaho State line. Hold the fort, we're coming. (Signed) Comradly yours, L. LeRoy Myers."

The American Legion auxiliary realized $56.20 from their poppy sale Saturday. While this was some $15 less than was taken in last year, the women feel that it is good for the times. Mrs. Wallace Benson and Mrs. Nels Hogan sold in Gardiner, taking in $8.75. Mrs. Leo Rogers and Mrs. John Bernhardt had charge in Winchester Bay, and brought back about $1.50. The rest of the money was collected in Reedsport by Mrs. Paul Bernhardt, Mrs. J. L. Gibbons, Mrs. Tom Lillebo, Mrs. M. Harrison and Mrs. John Bernhardt.

A small fire on the bank of the Scholfield attracted attention Monday morning, and proved to be the Ford engine used by Baldridge brothers to work a hoist with which they dumped logs into the river. It appears that the engine was not set level, and when it backfired, it struck the tank, causing the fire, which destroyed the engine, but did no other damage. The logging operation continued, a jack being supplied for dumping.

REEDSPORT BRIEFS

After being closed down for about two weeks on account of shortage of logs, Winchester bay mill resumed operations Monday.

Mr. and Mrs. D. O. Kenyon of Umpqua lighthouse left Monday for San Francisco and other points south for a month's vacation. Accompanying them was Mr. Kenyon's nephew, Earl Kenyon, of Seattle, who has been visiting his relatives for some time. Guests at the Dr. H. C. Eastland home the past week were Mr. and Mrs. D. A. Renard and granddaughter LaVelle, of Portland. While here the guests were taken to Crescent City and all points of interest near town. Mrs. Renard is a sister of Mrs. Eastland. Mr. Renard has been in the employ of Meier and Frank's store for the past 11 years, and was enjoying a vacation.

Dr. R. H. Fields has moved his office furniture into the offices formerly occupied by Dr. C. Billington. Dr. and Mrs. Fields formerly resided in Gardiner, but have been for some time at Cottage Grove. They will again live in the "White city by the sea," the doctor having his office here.

Mr. and Mrs. Fred Earl returned Tuesday from a two weeks' visit with their sons in Seattle. A new grandson is the chief attraction.

Mrs. W. M. Penter has been in Cloverdale the past two weeks in attendance at the bedside of her mother. Mr. Penter received word Monday of the death of the invalid, and he and son Harold left immediately for Cloverdale.
