Markets Here Steady; Stocks Drop Off Again

RAIN HITS LITTLE HERE BUT TOMATO CROP, REPORTS SAY

Thursday brought little change for the local markets.

The rains, if it rains enough, will be welcome for farming in general. However, most of the farmers express the view that the rain is doing more to change people's disposition and boost trade in general.

Tomatoes will be the main crop hit if it rains very much. But it has been a wonderful year for tomatoes and so many are on the market that trade has somewhat slumped.

Eggs, poultry, butter, butterfat, and all other quotations remained steady Thursday.

Following was the price list for the day here:

Deschutes Spuds Shipped to Orient

REDMOND, Ore., Oct. 13.—(U.P.)—Eighteen carloads of Deschutes Netted Gem potatoes, sold for export to the Orient, have been shipped out of Redmond during the past ten days. The potatoes are being loaded at the D. W. Ferguson warehouse, where two sorting crews are now at work.

An average of four carloads of potatoes per day has been shipped to California and western Oregon.

CHEESE MARKET HAS BIG SPREAD

PORTLAND, Ore., Oct. 13.—(U.P.)—There is no change for the day in butter market trading here or generally along the coast. There is a declining production volume reported at most points. Storage stocks are moving out rapidly.

Trading in the egg market is generally steady but there is a noticeable effort on the part of storage interests to quote high for fresh stock and press the sale of ice house goods.

While the extreme price on Tillamook Association cheese is being rigidly maintained, prices are showing a wide spread for most offerings. In fact retailers here were selling triplets cheese to consumers the last few days as much as 5c lb. below what Tillamook was getting from wholesalers there.

Yakima is not sure whether it wants to dig its potatoes or leave them in the ground, according to word brought here. The situation is extremely sluggish and weak there, it was reported.

Trade in onions is marking time insofar as Willamette valley offerings are concerned but Yakima is flooding the local trade with its wants, and then even more. Prices are inclined to weaken.

Very slow gain in local demand for turkeys is reported but trade at the best is still of most nominal character. There's plenty of turkeys now arriving to more than take care of the wants. Prices are nominally held 20@22c for new crop toms and hens.

Though hothouse tomatoes are already ripe and ready for market, there is as yet no demand simply because the market has plenty of outdoor stock at a very low price.

Local brussels sprouts are being offered at $1 box. Demand good.

Country killed hogs are weaker but calves and lambs are about steady.

Peas from the Brownsmead section are being offered 7c lb. Fancy stuff.

Extreme quality home grown lettuce is offering. Mostly 75c crate with some selections—hard as cabbage—at 90c.

PUBLIC MARKET LIST UNCHANGED

No changes were recorded for the Producers' Public market Thursday.

C. H. Paddock at stall 83 is bringing on some domestic mushrooms now, selling at 40 cents a pound. Right now he is bringing in only two or three times a week, but it will be only a short time until the crop is on, he said Thursday.

Farmers at the market said the rain was doing no harm and that if it rained enough it would be good for all farming in general.

Grapes are still very plentiful on the market.

Grape juice and cider are both on plentifully, too.

Shelled lima beans are more in evidence.

Strawberries and raspberries are still displayed at several stalls, so are peaches.

Red peppers are more in evidence now, too.

Following were the prices for the day on the market:

LOS ANGELES. — Consolidated Steel Corporation has started work on a pressure distillate stabilizing unit for the Wilmington refinery of the Union Oil company. The project will cost $170,000 and is to be completed in 90 days, officials said.

LATE STIFFENING REDUCES LOSSES DURING QUIET DAY

NEW YORK, Oct. 13.—(AP)—The stock market slid back abruptly in extremely quiet trading today. A little stiffening in the final few minutes reduced the extreme losses by a point or so, but net declines of 1 to more than 3 points appeared throughout the list. The late tone was heavy. Transfers approximated 1,300,000 shares.

OREGON WALNUT CROP ALL SOLD

PORTLAND, Ore., Oct. 13.—(AP)—With scarcely a pound of the crop yet delivered on the market, most of the 1932 Oregon walnut crop has already been sold, W. H. Bentley, manager of the North Pacific Nut Growers' Cooperative, said today. All sales were made at opening prices.

The walnut harvest is well advanced, with the late arrival of rains generally welcomed by growers of Oregon and Washington.

Opening prices were named only two weeks ago. Since then the probable supply of association Franquettes has been cleaned up; the soft shell sales are at least two-thirds of the probable supply, and Mayettes have been practically sold, Bentley said.

The North Pacific association has named 1932 prices on bulk shelled walnuts in 25 lb. cartons or 60 lb. wooden cases, per pound, as follows: Extra light halves 45c, light halves 40c, light halves and pieces 35c, ambers 25c.

Wheat Reaches New Season Low

CHICAGO, Oct. 13.—(AP)—Wheat dropped late today to a new low price record for the season.

Enlarged selling by commission houses accompanied the fall of wheat values. The increase of selling pressure was mainly ascribed to reports of rains in Argentina and to the bearish influence of New York stock market declines.

Wheat closed unsteady, 1 1-8@1 1-2 under Tuesday's finish, corn 3-4@1 down, oats 5-8@3-4 off, and provisions unchanged to a rise of 2 cents.

Inexpensive Prescription Guaranteed to Stop Rheumatic Pains

Thousands Joyfully Astonished at Swift 48 Hour Relief

Progressive pharmacists will tell you that the popular big selling prescription for rheumatism right now is Allenru—for 85 cents you can get one generous bottle from Allen's Drug Store, Tiffany-Davis Phcy., or any up to date druggist.

You can get it with the understanding that if it doesn't stop the pain — the agony — and reduce the swelling in 48 hours—your money back.

Excess Uric Acid Poison Starts To Leave In 24 Hours

Out of your joints and muscles go the excess uric acid deposits that are so often the cause of your suffering—it's a safe, sensible, scientific formula—free from pain deadening drugs.

The same holds good for Sciatica, Neuritis and Lumbago—quick joyful relief—no more idle days—it removes the cause.

Garqled Constantly.. Bad Breath Still

HE couldn't understand why *nothing* helped—until a friend suggested, "It might be your stomach!" And it was—clogged intestines that invariably spread poisonous wastes through the system and lead to upset stomach, colds, lack of energy, biliousness, etc. What a difference when he took **NR** (Nature's Remedy). Regular bowel action thereafter. He felt pepped up, remade. And breath became pure as spring air. That's because **NR** stimulates the entire intestinal tract to normal functioning. Safe, dependable, all-vegetable. At druggists—only 25c.

NR TO-NIGHT TOMORROW ALL RIGHT

"TUMS" Quick relief for acid indigestion, heartburn. Only 10c.

BACKACHES
Not always due to Female Complaints

. . Says doctor who advises on care of kidneys and bladder

Backaches, nervous spells, bearing-down pains, dizziness and headaches are not always due to sickness peculiar to women.

Slight or temporary disturbance of the kidneys and bladder are frequently the cause of these pains. However, the condition can often be remedied quickly by Santal Midy Capsules, obtainable at most any drug store.

Santal Midy Capsules contain a precious East Indian extract which soothes the kidneys and acts as an antiseptic on the bladder. Don't wait until kidneys and bladder go in a serious condition. A small amount spent now for Santal Midy Capsules may save you hundreds of dollars and untold suffering. Get Santal Midy from your druggist—today.

WAKE UP YOUR LIVER BILE— WITHOUT CALOMEL
And You'll Jump Out of Bed in the Morning Rarin' to Go

If you feel sour and sunk and the world looks punk, don't swallow a lot of salts, mineral water, oil, laxative candy or chewing gum and expect them to make you suddenly sweet and buoyant and full of sunshine.

For they won't do it. They only move the bowels and a mere movement doesn't get at the cause. The reason for your down-and-out feeling is your liver. It should pour out two pounds of liquid bile into your bowels daily.

If this bile is not flowing freely, your food doesn't digest. It just decays in the bowels. Gas bloats up your stomach. You have a thick, bad taste and your breath is foul, skin often breaks out in blemishes. Your head aches and you feel down and out. Your whole system is poisoned.

It takes those good, old CARTER'S LITTLE LIVER PILLS to get these two pounds of bile flowing freely and make you feel "up and up." They contain wonderful, harmless, gentle vegetable extracts, amazing when it comes to making the bile flow freely.

But don't ask for liver pills. Ask for Carter's Little Liver Pills. Look for the name Carter's Little Liver Pills on the red label. Resist substitute. 25c at all stores. © 1931 C. M. Co.

25% INCREASE In Instruction Costs!

Will Result if the Proposed Zom-Macpherson School "Juggling" Bill is Allowed to Pass!

The costly experience of 18 States, which have combined institutions, should be heeded by the people of Oregon in considering the so-called consolidation measure, which actually is only a costly and unneeded expansion, establishing 4 NEW schools and creating 2 NEW types of schools at taxpayers' expense.

The following graph, which is compiled from the authentic figures of the United States Office of Education for the school year 1931-32, will enable every taxpayer to prevent this increase in instruction cost, resulting from an experiment proposed by unknown interests.

IS THIS ECONOMY?

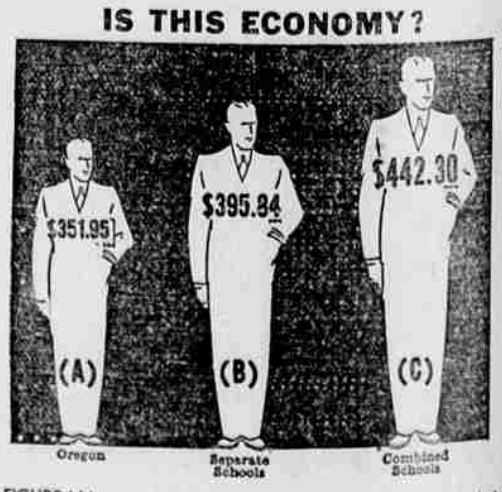

FIGURE (A) represents the present average low cost of instruction per student in Oregon. This cost is being continually reduced as a result of a modern system of instruction and management, which is now being operated at an annual saving of $500,000 compared with previous costs.

FIGURE (B) represents the average instruction cost per student in the 17 States having separate institutions.

FIGURE (C) represents the average instruction cost per student in the 18 States which have combined institutions.

IF OREGON is forced to combine the University of Oregon with the Oregon State College, there would be an increase in instructional costs of $80.00 each year per student, or over $480,000 ADDITIONAL INSTRUCTION costs for a combined student body.

Vote 317 X No Zom-Macpherson School Juggling Bill establishing 4 NEW schools—creating 2 NEW types of schools.
