Fox Rex Promises Fascinating Drama

One of the most fascinatingly weird dramas to play here in many a day is promised at the Fox Rex theater when "The Old Dark House" opens Tuesday and Wednesday. Boris Karloff plays the leading role and is supported by a big cast.

The picture will open the R. K. O.-Orpheum theater in Portland Thursday. It is an unusual story of storm driven travelers who seek a night's lodging in a bleak, forbidding old house in the Welsh mountains only to discover its inhabitants are dangerously insane and under the spell of a mad giant servant.

As the storm increases, so does the brute's ferocity and a series of terrifying events lead to a smashing climax. Melvyn Douglas and Lillian Bond weave a romantic thread into the story. Charles Laughton, the submarine captain in "Devil and the Deep," also plays in the picture.

A COLD PASSES THRU 3 STAGES!

It is Twice as Easily Stopped in the First as in the Second or Third Stages!

A cold passes through three stages—the Dry Stage, the first 24 hours; the Watery Secretion Stage, from 1 to 3 days; and the Mucous Secretion Stage. Once it gets beyond the Dry Stage it is far more difficult to relieve. Therefore, treat a cold promptly.

The best thing you can take is Grove's Laxative Bromo Quinine, because it does the four things necessary, in the way required. It opens the bowels. Kills the germs and fever in the system. Relieves the headache and grippy feeling. Tones the entire system and fortifies against further attack.

This is the relief you want—complete, thorough and decisive! Trust to nothing less.

Effective as it is, Grove's Laxative Bromo Quinine is absolutely safe to take. No narcotics. No bad after-effects of any kind. **Relief with comfort!** The whole world knows Grove's Laxative Bromo Quinine as the standard cold tablet. Comes in handy, pocket size box (cellophane-wrapped. Get it at any drug store. There is nothing "just as good."

Asthma Yields to Doctor's Discovery

Indianapolis—What is regarded as an amazing advance in medical science is the discovery of the actual cause of Bronchial Asthma and Hay Fever by the well-known Dr. Fugate. He found the cause of these ailments originates from an unbalanced condition of the endocrine glands. After finding the cause he perfected an effective treatment that has already been used in thousands of cases, and the reports of immediate relief indicate that at last help for Bronchial Asthma and Hay Fever has been found. An important booklet telling in detail about his discovery and treatment has been published by The Fugate Co., Dept. 8077, 128 S. Meridian St., Indianapolis, Ind., who offer to send it free. Those troubled with Bronchial Asthma or Hay Fever should write at once.—Adv.

OIL MAN BOOSTS M'KENZIE FISHING

The best place on the Pacific coast to fish is the McKenzie river, in the opinion of H. C. Boyd of Los Angeles, in charge of travel promotion for the Gilmore Oil company. Boyd has been in the northwest during the past few days in the interest of his work, that of taking and exhibiting scenic pictures of the Pacific coast.

"The scenery of Oregon and the northwest is, I sincerely believe, the most colorful and impressive in the world," Boyd said. "We of the Gilmore Oil company are sold on it to the extent that we are spending thousands of dollars annually to tell the outside world about it. And when I am asked, as I am hundreds of times each year, 'Where is the best place on the Pacific coast to fish?' I invariably tell them the McKenzie river."

"Madame Racketeer" Plays at Colonial

A gay comedy, with a laugh in every scene—not a "gangster" or an underworld picture, is "Madame Racketeer" which opened at the Colonial Sunday and which will have its final showings Monday.

The feature, which consists chiefly in excellent acting of a clever story, has the famed Allison Skipworth and Richard Bennett as stars, and both are supported by an excellent cast which includes George Raft and J. Farrell McDonald.

"Madame Racketeer" is a gay old dowager who when she gets out of the "big house" for women, is known as the "Countess." She plies her varieties of skin games in a highly humorous manner, and manages to prove in the end that she does have some admirable traits.

Chesterfields are Milder—

Chesterfields Taste Better

To make tobaccos mild and mellow for Chesterfield cigarettes, just about *four miles* of warehouses are filled with mild, ripe Domestic leaf, stored away to age for two years.

The greater part of 90 million dollars is invested in these tobaccos. Is it surprising that Chesterfields are milder? That they taste better?

Everything known to Science is used to make Chesterfields *right!* They're mild—and yet They Satisfy.
