The City of Medford doth ordain as follows:

And, whereas, said resolution was duly published and posted as required by section 116 of the charter of said city.

And, whereas, a meeting of the council was held at the time and place fixed by said resolution, for the purpose of considering any such protests, but no protests were at said time, or at any other time, made to or received by the council to the said laying of said water main or the assessment of the cost thereof as aforesaid, and said council having considered the matter and deeming that said water main was and is of material benefit to said city, and that all property to be assessed therefor would be benefited thereby to the extent of the probable amount of the respective assessments to be levied against said property, did order said main laid.

And, whereas, the cost of said water main has been and hereby is determined to be the sum of $3,401.82.

Now therefore, it is hereby further determined that the proportionate share of the cost of laying said water main of each parcel of property fronting on said portion of said street is the amount set opposite the description of each parcel of land below, and that each piece or parcel of land is benefited by the laying of said water main to the full extent to the amount so set opposite the description of the same, and that the respective amounts represent the proportional benefits of said water main to said respective parcels of land, and also the proportional frontage thereof on said street, the council does hereby declare each of the parcels of property described below to be assessed and each of the same hereby is assessed the amount set opposite each description for the cost of laying said water main.
