Little Jeff Must Have His Little Joke

SEES BIG FUTURE FOR THIS CITY

Editor Wolf of the Valley Record has the following to say of Medford in the course of an article dealing with the Rogue River Valley:

Why speak of Medford? As a great statesman once said of his home state, "She needs no eulogy—there she stands." As a city Medford is a phenomenon. Her history is that of many another western city. She has taken a spurt and is getting her wind. By and by she will take another spurt, then you want to look out. The men you call hot air merchants now will then have bronze statues in tht public squares. She looks a city now, with her imposing business blocks and broad paved streets and splendid homes. But the Medford that is to be is barely started now. The start will be swallowed up in the center of the one big commercial city of southern Oregon,, an inland city like Spokane or Calgary or Winnepeg or Denver. This is not soft soap—it is logical prophecy. It will be realized. And when it is—when Medford has an outlet to the coast—when the magnificent valley around her is brought to its highest state of productiveness—Medford will join hands along an electric line with Ashland, the great school and home and resort town, and the people of both cities will smile at the way the inhabitants once tried to push each other off the map.

ORDINANCE NO. 676

An ordinance authorizing the entering into a contract on behalf of the City of Medford, Oregon, for the improving, curbing and paving certain streets of said city, with the Clark & Henery Construction Company, a California corporation.

The City of Medford doth ordain as follows:

Section 1. The mayor and recorder of the city of Medford are hereby authorized to enter into a contract on behalf of said city with the Clark & Henery Construction Company, a California corporation, in the following form, and said act by said mayor and recorder is hereby expressly ratified, authorized and confirmed.

This agreement made and entered into this 20th day of June, 1912, by and between the Clark & Henery Construction company, a California corporation, hereinafter called the contractor, party of the first part, and the city of Medford, Oregon, a municipal corporation existing under the laws of the state of Oregon, party of the second part, hereinafter called the city.

Witnesseth: That the said contractor for and in consideration of the payments to be made and the covenants to be kept by the city, hereinafter set forth, does hereby covenant and agree to furnish all materials and do all work of excavation, filling, paving with asphalt, curbing and installing inlets, catchbasins, monument cases, pipe and all other work and materials herewith on the streets and portions of streets, and for the width hereinafter specified.

1. Quince street from West Main street to West Fortieth street, width 26 feet.

2. Myrtle street from East Main street to Taylor street, width 30 feet.

Said work shall be done in accordance with the general specifications for said work heretofore prepared by the city engineer of said city, which are now on file in the office of the city recorder of said city, and the paving shall be laid with a three-inch asphaltic concrete base and a one-inch asphaltic wearing surface.

Said pavement shall be laid and work done in accordance with the specifications therefor, hereinbefore submitted by the contractor to the city, which specifications are now on file in the office of the city recorder of said city; provded, however, that that portion of the general specifications submitted by the city engineer which relates to maintaining the pavement for a period of five years shall be considered stricken from said specifications and be no part thereof.

The contractor agrees to perform all of said work in a first-class workmanlike manner under the direction and supervision of the engineer of said city; providing that in case any misunderstanding or disagreement between the contractor and said engineer as to the interpretation of the specifications, the matter shall be referred to and determined by the city council of said city.

The contractor further agrees that it will proceed with the work as designated by the city.

In consideration whereof the city agrees to pay the contractor for such work and materials at the following prices, namely:

For excavation, per cubic yard	$ .65
For curved concrete curb, alone, per lin. ft	.45
For straight concrete curb, alone, per lin. ft	.40
For straight concrete curb and gutter, per lin. ft	.66
For all pavement consisting of a 2-inch asphaltic concrete base and a 1-inch wearing surface, per square yd	1.50
For furnishing and laying 6-inch sewer pipe, per lin. ft	.50
Catch basins, each	21.00

The contractor shall look for payment only to the fund reserved, collected and paid into the city treasury for that purpose and will not require the city of Medford by any legal process or otherwise topay the same out cess or otherwise to pay the same out for by the charter, unless said city shall fail or neglect to provide such funds by valid assessments upon property affected.

The contractor further agrees that he will at the time the same are offered for sale, according to law, submit a bonafide offer of par and accrued interest and will purchase at said price at the option of said city all improvement bonds which may be legally issued by said city pursuant to law for the payment of the work above provided for.

Upon the completion of the improvement upon each street, according to the contract, the city shall forthwith accept the work done and performed by the contractor, and this contract shall be, to the extent of the work done and performed, considered consummated, and the city shall forthwith proceed to create the lien provided for by law upon the property benefited by such improvement, unless such assessment shall have been previously created and levied.

The contractor shall receive warrants to the amount of eighty (80) per cent of the work completed each month and warrants for the balance of twenty (20) per cent shall be issued upon the completion of the contract; said warrants to be redeemed from the sale of improvement bonds or from money paid into the particular fund upon which said warrants are drawn.

The contractor hereby agrees to furnish a bond for the faithful performance of this contract, to be approved by the city council of said city, for the sum of one thousand dollars ($1000.00), guaranteeing in proper form the faithful performance of this contract and further indemnifying the city of Medford against any claims or liens for labor, work or material on account of sub-contractors, material men, laborers and mechanics, furnishing labor or material on this contract.

In witness whereof said parties have caused these presents to be signed in duplicate by their respective officers and their respective corporate seals to be hereto affixed this 20th day of June, 1912.

NEW TODAY

Here is a fine paying orchard, of 12 acres, on Ashland road beyond Talent. Beautiful hill slope and no smudging required. The orchard has 500 bearing peach trees, 100 bearing apricot trees, 24 large bearing apple trees, besides walnuts and a large number of younger pear trees. Place is nicely irrigated from a private pumping plant, and the five-room cottage has gas light and heat. We would like to show this choice place to anyone wanting a fine orchard at reasonable terms. $6000, if taken soon.

A cozy six-room home, with fire place and strictly modern in Siskiyou Heights. A finely sloping lot 70x150. All walks are of cement, $3250, $1000 cash. Balance on terms to suit.

Anyone with $1000 to invest will do well to examine the five fine lots in west Medford, a block from two different paved streets. They would please you.
