# MCFD1 tabs Henson replacement

A long-time employee of Marion County Fire District #1 has been selected as its new chief.

The MCFD1 Fire Board announced Terry Riley as the new chief of the district at its meeting last week. Riley had served as interim chief since the departure of J. Kevin Henson last October.

Riley's appointment was effective immediately.

Riley's firefighting career began with Oregon Department of Forestry in 1989 and he has served in an officer capacity since 1991. He has served as a battalion chief at Applegate Fire District in Jacksonville, and as a division chief for Aumsville Fire District. His career with MCFD1 began in 2008 as the training captain after serving at DPSST for eight years; two years as the fire program manager and six years as a regional fire training coordinator.

"Board members have met with all three groups of personnel - career, volunteer, and management staff - and the feedback was overwhelming that Chief Riley was the person supported for this position," said Tom Marks, a director on the MCFD Fire board.

T. Riley

Board President Bernie Otjen stated that he was "pleased that we could promote our next fire chief from within the organization. Chief Riley has proven himself as a leader during the last several months. I look forward to Chief Riley guiding MCFD1 into the future."

An official swearing in ceremony for Riley will be held on Jan. 30, at 3 p.m., at MCFD Station 1.

Coupled with the news of a new chief, MCFD officials announced the retirement of Fire Board Director Orville Downer.

Downer joined the Board of Direc-

tors in 1995 after 32 years of service as an active volunteer, serving as deputy chief of the North Battalion. He was honored in 2000 with the Hall of Fame Award for his outstanding service to the district, and just last year was awarded for a lifetime achievement of 50 years of dedication to MCFD1.

The fire board is seeking a temporary replacement for Downer. Interested parties must submit letters of interest which include the interested party's full name, address of residence, length of time residing in district, and statement of interest for serving on district board. Applicants must also be a registered voter in district. Letters of interest must be received by 10 a.m. on Feb. 18. Letters of interest should be addressed to Board President Bernie Otjen, 300 Cordon Rd NE, Salem, OR 97317, or via email to [info@mcfd1.com](mailto:info@mcfd1.com).

The position will be a temporary appointment until the May elections when the appointee may choose to seek the office as an elected official.

# Lemonade Day returns in more cities, with crowd-funding support

A crowd-funding campaign launched by Lemonade Day reached 50 percent of its goal in the first day.

The nonprofit organization is aiming to raise \$12,500 to begin funding the program as it expands into Portland and Eugene for the first time this year on May 3. The Oregon cities are the first of the nation wide Lemonade Day organization to utilize crowdfunding. The 30 day Indiegogo campaign will end on Feb. 12.

Funds from the campaign will be used to cover the cost of educational materials given to each kid which keeps the program free for them to participate in. The record breaking success of the program in Salem last year presented the opportunity to be in Portland and Eugene.

"I have never been more excited about a program than this. Being an entrepreneur myself I recognize the benefits an entrepreneurial program for kids can provide," says state director Chip Conrad.

Oregon Entrepreneurs Network, Technology Association of Oregon, and Portland Incubator Experiment have signed as partners to support the event.

Lemonade Day, started in Houston, Texas, was created to educate kids about business and entrepreneurship. Lemonade Day teaches youth how to start, own, and operate their own lemonade stand business. This is a strategic 14-step process that walks youth from a dream to a business plan, while teaching them the same principles required to start any big company. Inspiring kids to

work hard and make a profit, they are also taught to spend some, save some and share some by giving back to their community.

Last year was the first year for Lemonade Day in Salem, the only city in Oregon to participate. Director Chip Conrad said the Salem's Lemonade Day was the fastest growing new event in the organization. Conrad his now the state director of Lemonade Day which will add Portland and Eugene to the cities encouraging kids to become businesspeople for a day.

To get more information about Lemonade Day 2015 contact Chip Conrad at 503-689-2366 or email him at [chip@lemonadeday.org](mailto:chip@lemonadeday.org).

# Keizer driver at wheel in pedestrian death

An unfortunate set of circumstances proved fatal last Thursday, Jan. 15.

According to a release from the Salem Police Department, 77-year-old David McGregor of Salem was attempting to cross Center Street around 5:45 a.m. that day when he was struck and killed by a van driven by 64-year-old Stephen Buchanan of Keizer.

"Mr. McGregor was in an unmarked crosswalk attempting to cross Center Street from the south side to the north side when he was struck by the 2005 full-sized van being operated by Mr. Buchanan," the release stated. "He was wearing dark clothing and was walking very slowly with a cane at the time of the incident."

McGregor was pronounced dead at the scene.

Buchanan stopped immediately and cooperated with the investigation into the incident. Center Street was closed for more than three hours as officials reconstructed the accident scene.

No arrests were made and no citations were issued as the investigation continues.

In light of the incident, the SPD issued a reminder of safety tips for pedestrians. These tips include being visible and vigilant while walking on and around roadways, crossing roads at intersections and in crosswalks, looking both ways before crossing any road and making eye contact with approaching drivers, not assuming drivers see you just because you are in a crosswalk, wearing bright and reflective clothing and carrying a light as well as having some type of flashing light to improve the chances of being seen.

## sudoku

1	2	3	4	5	
	5	6			7
			1	8	
7			4	1	5
6		2	9		4
	1	5			
4			7	6	
	7	4	8	3	9

Enter digits from 1-9 into the blank spaces. Every row must contain one of each digit. So must every column, as must every 3x3 square.
