A WELL-KNOWN FACT
Yes, it's a well-known fact that many germs affecting baby chicks enter through the drinking water.
Use Dr. Salsbury's PHEN-O-SAL for double-duty action:
Checks germ growth in the drinking water.
Medicates chick's digestive tract.
This is the place to come for poultry health service.

Why Ride a
SEESAW
When you think of valves,
Think of rings,
Think of bearings
and other things.
Think of the carburetor
and the coil
And of the things that
make her boil.
To repair one worn out unit and not another is like riding on a "SEE-SAW"
When one end goes up, the other goes down—any "raise" in performance is very, very temporary.
SEE US
about having all the necessary work done at one time at one place, on one bill.
