Professors Will Discuss China, Japs

Participating Thursday evening in a discussion of the people and culture of China and Japan will be Dr. L. S. Cressman, professor of anthropology, Dr. W. S. Baldinger, associate professor of art, and Dr. Harold J. Noble, chairman of the Pacific basin studies and associate professor of history. This discussion will take place during the weekly radio program of the Pacific basin studies at 7:30 p. m. over KOAC, state-owned station.

The three professors will discuss such questions as who the Chinese are, who the Japanese are, their differences, similarities, popular misconceptions of the orientals, the various aspects of their cultural patterns, their art forms, philosophical outlooks their language, and the borrowing and adaptations of Japan from foreign countries.

Japan, Dr. Noble points out, just ended a fuedal society 70 years ago and many fuedal forms still persist in their country, whereas China abolished the fuedal system nearly 2000 years ago, and this difference alone makes a sharp difference in Chinese and Japanese views and relationships.

For the Feb. 15 program R. D. Clark, assistant professor of speech and dramatic arts, will be in charge. Relations of the United States and the USSR in the Pacific will be the topic for discussion. Members of the university symposium team will be presented for this broadcast.

Water Board To Open Bids On Pump House

Bids on construction of the Eugene city water department's new pump house to be built on the McKenzie river near Hayden bridge will be opened at the water board meeting next Tuesday night, reports J. W. McArthur, department superintendent.

A contractor is working on the foundation for the house now, McArthur said. The installation is expected to be finished in time for use this summer, to avoid a shortage in the city water supply. Number of consumers and per capita consumption has been constantly increasing in Eugene, the superintendent indicated, and the summer months have placed a burden on the water supply.

Arthur L. Taylor, 71, of Blachly died Monday at his home. He is survived by his wife, Grace, and two sons. He was married to Grace Benninger of Junction City, Dec. 6, 1896.

Sons are Joseph William Taylor of Foster, and Arthur Ross Taylor of Blachly. A sister, Mrs. Nell Campbell of Junction City, also survives; five grandchildren and one great-grandchild.

Funeral services will be held Wednesday at 2 p.m. at the Blachly church.

Piles! Ow!!
—But He SMILES, Now
Be wise as he was. Use same formula used by doctors adjunctively at noted Thornton & Minor Clinic. Surprising QUICK palliative relief of pain, itch, soreness. Helps soften and tends to shrink swelling. Get tube Thornton & Minor's Rectal Ointment—or Thornton & Minor Rectal Suppositories. If not delighted with this DOCTORS' way, low cost is refunded. At all good drug stores everywhere.

MY QUINTUPLETS use this great rub for SORE THROAT COUGHS due to COLDS
Wonderful for Grown-Ups, Too!
When these tiny tots—whenever the Quintuplets catch cold—their throats and backs are immediately rubbed with Musterole.
Musterole gives such blessed prompt relief because it's more than just an ordinary "salve." It's what so many doctors and Nurses call a modern counter-irritant. It not only relieves coughs, sore throat, aching chest muscles due to colds, makes breathing easier—but it actually draws blood to the skin to help break up congestion in upper bronchial tract, nose and throat.
Musterole is so much easier to apply than a mustard plaster. White, stainless. Just rub it on! "No fuss. No muss with Musterole!"
3 STRENGTHS: Children's Mild, Regular, and Extra Strong.
