The Russians Have Been Here

This exclusive photo is one of those pictures that tells "better than a thousand words" how the Russians in Manchuria have stripped Japanese and other factories of machinery and material usable in the USSR's huge industrial recovery program. Taken by Harlow Church, NEA-Acme correspondent, it shows wall of the Teh Ho weaving and dyeing plant in Mukden, Manchuria, blasted out to facilitate removal of machinery, and beyond the wall—emptiness.

Linen was first manufactured in England by Flemish weavers in 1253.

Old Age Payments Reach Large Sum

Monthly Old-Age and Suvivors Insurance payments totaling $44,081,41, now are being paid to 2450 individuals in southwestern Oregon, Carl D. Monroe, manager of the Eugene Social Security Board field office, said Tuesday.

The payments, which go to retired people past 65, their dependents and to survivors of deceased wage-earners, were made as follows:

Retired wage-earners, 1220; wives of retired wage-earners, 320; children, 631; widows with young children in their care, 186; aged widows, 85 parents, 8. Lump-sum death payments, made when there is no person entitled to monthly payments, went to 53 persons during the first quarter of 1946.

"Aside from the retirement payments to wage earners themselves, probably the most important Old-Age and Survivors Insurance payments are to the widows of deceased wage-earners with young children and to the children themselves," Monroe said. "Such monthly insurance payments normally continue until the youngest child is 18.

"A widow of an insured wage-earner who has three children in her care would receive $66 a month if her husband's average monthly wage had been $150. If, at the time of the wage-earner's death, those three children were one, three and five years old, maximum total payments might reach as much as $15,272 before the youngest child is 18," Monroe said.

"UNBLOCK" your DIGESTIVE TRACT
And Stop Dosing Your Stomach With Soda and Alkalizers
Don't expect to get real relief from headache, sour stomach, gas and bad breath by taking soda and other alkalizers if the true cause of your trouble is constipation.
In this case, your real trouble is not in the stomach at all. But in the intestinal tract where 80% of your food is digested. And when it gets blocked it fails to digest properly.
What you want for real relief is not soda or an alkalizer—but something to "unblock" your intestinal tract. Something to clean it out effectively—help Nature get back on her feet.
Get Carter's Pills right now. Take them as directed. They gently and effectively "unblock" your digestive tract. This permits your food to move along normally. Nature's own digestive juices can then reach it. You get genuine relief that makes you feel *really* good again.

Cub Pack Reorganized At Washington School

Cub Pack 322 which is under the sponsorship of the Washington Parent-Teacher Association, has recently been reorganized through the efforts of Parent-Teacher association president, Mrs. Robert Lemon.

The program was under the direction of Cubmaster K. W. Radabaugh and skits were presented by two of the three dens. A cub training film was used for the benefit of the parents. Neighborhood Commissioner Harry Chase was in attendance.

The next Pack meeting will be held at Willagillespie school due to the fact that one of the three dens of the pack comes from the Willagillespie district.

The meeting adjourned with the serving of refreshments by the mothers' committee.
