UO Announces Staff Additions

Anticipated 2000 enrollment in University of Oregon English composition classes for fall term has necessitated numerous additions to the teaching staff, Dr. P. W. Souers, department head, explained Saturday. The new instructors appointed are William John Stevens, E. Glen Bezard and Frank William Tate.

With early educational background in Canadian schools, Mr. Stevens received his baccalaureate degree in 1938 and his master's degree in 1939 from Dalhousie University, Halifax, N. S. He then came to the United States and from 1939 to 1940 studied at Cornell University, Ithaca, N. Y. From 1941 to 1942 he continued his graduate work at the University of Wisconsin, and later did more work there from 1943 to 1946. During these years at Wisconsin he was a graduate assistant in the English department and also conducted a quiz section in old English. He also worked at tutoring English and for one summer was employed by Random House, publishers, as an assistant editor.

Oklahoma Graduate

Bezard was graduated from the University of Oklahoma in 1937 and in 1938 received master's degree from the State University of Iowa. He continued his graduate work at the University of California. Frof 1936 to 1937 he tutored at Oklahoma University and in 1940 he was a practice teacher in San Francisco Junior College. From 1941 to 1942 he was an instructor in the Junior Statesman Foundation in Los Gatos, Calif., and from there took a position with the American Red Cross as an assistant field director on the California coast. From 1944 to 1945 he was office manager for Permanente Melates, Richmond, Calif., and during this period also served as an instructor in English for evening classes in the California Labor School in San Francisco. During the past year he has been an instructor for the U. S. Navy at Hunter's Point, Cal.

Tate, who will receive his master's degree from the University of Chicago in December of this year, was graduated from Eastern Illinois State Teachers' College, Charleston, Ill., receiving his bachelor of education degree in 1941. For three and a half years he was in the service, serving with the arm as finance instructor and later a unit officer.

British Viscountess Thanks Lane Red Cross For Sewing, Knitting

A certificate of recognition and appreciation for the production program of sewing and knitting carried on by the Lane County chapter of the Red Cross was received here recently from Caroline, Viscountess Bridgemen, D.B.E., of the war organization of the British Red Cross Society and the Order of St. John of Jerusalem.

The award was made recognizing "valuable services rendered in the making of hospital supplies during the world war from 1939," and was signed "Alice," president of the British Red Cross Society and Order of St. John. She is Her Royal Highness, the Duchess of Gloucester, and declared that the certificate was sent as a "small token of appreciation of the invaluable and most generous help which has been afforded by your members."

Mrs. Royal Gick, production chairman for the county, said that credit for the achievement should go to thousands of Red Cross volunteer workers who have sewed and knitted for hospitals and war relief since 1939. In 1945 volunteers gave more than 60,000 work hours to the production of various Red Cross items in Lane County, Mrs. Gick reported.

This summer some women have continued sewing and knitting, Mrs. Gick said, but added that the demand for more workers is still heavy. Individuals or groups may sew at the workrooms Monday through Friday from 9 a.m. to 4 p.m., or work may be taken out for completion by individuals or groups.

Dr. Newburn Praises Appointment Of Paul C. Packer as Chancellor

President Harry K. Newburn of the University of Oregon Saturday commended the appointment of Dr. Paul C. Packer as chancellor of the State System of Higher Education. Dr. Newburn, who was out of the city when Dr. Packer's appointment was announced Friday, said:

"I have known Dr. Packer for almost 20 years and believe the State Board of Higher Education has acted most wisely in appointing him as chancellor.

"I feel that the institutions of the higher system will prosper and the cause of higher education will be advanced materially under his leadership."

Dr. Packer, now dean of the school of education at the State University of Iowa, is expected to take over his duties as chancellor next month. He succeeds Dr. Frederick M. Hunter, chancellor since 1935, who asked to retire, effective July 1, 1946.
