New York Markets

By ELMER C. WALZER
United Press Financial Editor

NEW YORK, April 8—(UP)—Reports that a steel industry strike may begin at the end of April brought a short, sharp break in the stock market in the fourth hour of trading today.

Shortly after 2 p. m. the market generated such volume of selling that the tape fell as much as 4 minutes behind the market. Steels were hit hard. Bethlehem made a new low at 58⅛ off 3¼ points and U. S. Steel sold down to 69⅝ off 1⅝. The automobile shares then broke 2¼ points each in Chrysler and General Motors. Rails were down as much as 2¼ points in Santa Fe.

All sections of the market were forced to lower levels and the averages approached their lows of the year. The wave of selling subsided in less than a half hour and in the last 30 minutes of trading the market recovered some of its losses.

There actually was nothing in the news that wasn't known yesterday. However, the experts said the street had become jittery over what it termed deterioration of the labor news and a steel strike report was all that was needed to inspire selling.

However, the dumping of stock failed to attract new selling and just before the close the market had resumed its lethargical course at levels fractions to a point above the lows.

Higher priced issues and some preferreds had losses ranging from 2 to more than 4 points. These wide losers included Electric Power, $6 preferred, Standard Gas, $6 preferred, American Tobacco, Crucible Steel Preferred, Coca Cola, Goodrich, Kansas City Southern, Mack Trucks, U. S. Rubber, and International Harvester.

DULUTH, Minn.—(U.P.)— Police patrol cars in Duluth now are equipped with two strips of seven-foot- long balsam wool insulation, wide enough to hold a person. The strips were installed to replace blankets previously used for injured persons in the belief they would be more comfortable.
