PETITIONS FILED

SALEM—(AP)—Completed referendum petitions against Senate Bill 99, the power bill which the 1947 legislature passed over Governor Earl Snell's veto, were filed with the State Department Thursday by leaders of the State Grange, Oregon Farmers Union and public power groups. The petitions carried 17,557 signatures.

House Group Urges Reparations' End

WASHINGTON—(AP)—A House foreign affairs subcommittee, frankly pessimistic over future Russian cooperation, raised Thursday the possibility of United States insistence upon ending current reparations from Germany and Japan.

In a formal report, the subcommittee estimated that Europe's dollar deficit for its requirements for the three-year period, 1947 through 1949, would reach approximately $10,000,000,000. The figure did not include the needs of Russia or those of the east.

Urging formulation of a broad program for Europe's "healthy economic recovery," the committee declared that Germany and Japan cannot be made self supporting without "tremendous American help." It added:

"If we are to make this help productive, we should have to (a) insist on putting an end to current reparations and on cutting down the earlier punitive programs or reparations aimed at weakening or destroying Germany and Japan, and

"(b)) Set new levels of industry that would enable Germany and Japan to balance their own needs for imports and create export surplus which we could direct into the rebuilding of the rest of Europe and the necessary reconstruction of the Far East."

The members of Columbus' crew received about $2.50 monthly.

New York Markets

By T. W. KIENLEN
United Press Financial Writer

NEW YORK, July 3—(UP)—Stocks advanced fractions to more than a point today, the main list rising to the best levels since early in March. Individual issues scored gains ranging to 5 points in Zenith Radio.

Trading was at a slower pace than on Wednesday as Wallstreeters began to drift away on their extended weekend holiday.

The railroad group of stocks continued to improve, although there was some unsettlement in the section of indications that the Senate might not act this session on the Reed bill to return reorganization roads to their stockholders.

Gains in the carriers ranged to 2 points or more in Nickel Plate common and preferred. Norfolk & Western, Alleghany preferred and Southern Pacific were up a point or more each.

Apparent settlement of the coal wage dispute helped steels and U. S. Steel gained nearly a point, American Rolling Mills advanced more than a point and Youngstown Sheet & Tube climbed 1. Chrysler, up 2 to a new high led the way in the motors where General, Hudson, Nash-Kelvinator and Studebaker were firmer. Wesson Oil & Snowdrift, reflecting a rise in net income for the nine months ended May 31 to $17.27 a share on common from $2.31, rose nearly 4 points.

'Sea Monster' Sighting Told

UCLUELET, B. C.—(U.P.)—Geo. Saggers, a local resident, told Thursday of seeing a huge sea monster with two large black eyes cavorting in Pacific Ocean three miles from shore. Saggers said he was fishing Wednesday when he "got the feeling I was being watched."

"I turned and saw a sight I never thought possible," he said. "I've been fishing for 28 years and have never seen anything like it. It was 150 feet from my boat when I first spotted it."

He said the "monster" had an 18-inch neck, a head about the same size with black eyes about three inches in diameter and a mane like a horse or a lion but he said he couldn't tell whether it was made of carbuncles or hair.

"It's head and neck were raised about four feet above the water," Saggers added. "The thing started at me for a minute and then turned and slipped through the water without a ripple—like a seal. I wouldn't like to have been any closer or ever see it again."

Priest Decides Labor Case, Gives Rebuke

PORTLAND — (AP) — Continual bickering between waterfront employers and CIO longshoremen brought a rebuke Thursday from the Very Rev. Thomas J. Tobin, labor arbitrator.

Employers won an arbitration award from him, giving them the right to reduce a car gang from five to four men without consultation with the union.

The dispute over the issue had lasted since October, 1945, Father Tobin said in criticizing both sides for "fighting each other at every turn" and suggesting that "a labor-management production committee with a constructive forward-looking program is decidedly in order."

CHINESE RECIPROCATE

SHANGHAI — (U.P.) — The Evening Post-Mercury Thursday received an anonymous check for 100,000 Chinese dollars in response to an editorial regarding a forthcoming campaign for Mississippi flood relief. The check, which represents eight dollars in American money, was turned over to the Red Cross.

Senate Group Ups Funds for Army

WASHINGTON —(AP)— An increase of nearly $600,000,000 over House allowances for the War Department's operating fund was approved Thursday by a Senate appropriations subcommittee.

Senator Gurney (R-SD) told reporters that the Senate group had "unanimously approved" an increase of $599,126,376 over the $5,560,000,000 previously voted by the House.

"Most of this would go to the air forces for modern new planes and equipment," Gurney said.

The increases include $335,636,376 more cash than voted by the House and $263,000,000 additional contractural authority for the fiscal year starting Tueseday.

Gurney said the full Senate Appropriations Committee will pass upon the increases—biggest made in any supply bill this session—at a meeting Monday.

Gurney said part of the Senate increases would be offset by a reduction in unspent appropriations for 1946 and prior years.

Local Butter Prices Up One Cent a Pound

Following a price hike at Portland Wednesday, Eugene and Springfield butter producers Thursday reported a similar increase in the wholesale price of Grade A butter.

The one cent raise reported will bring the wholesale price of Grade A prints from 70 to 71 cents.
