Cottage Grove People Irked Over Improper Zone Hearings

By Catherine Sedetgren

COTTAGE GROVE — The protests of property owners on the east side of town relative to the rezoning of blocks one and two, Georgetown Addition, and Block One, Georgetown First Addition, from residential to central commercial, have apparently gome unanswered since a public hearing called by the planning commission, July 13.

At that time, 11 property owners representing a majority of the property in the area, proposed to be rezoned from residential to central commercial, made definite protests to the proposition. There were four additional property owners present who were indefinite at that time in their decision.

The people at the meeting were informed by Mayor Warren Edwards and also by the acting chairman of the planning commission, Damon Scott, that their protests would be considered by the commission before recommendation was made to the city council. With no further discussion with the property owners, the commission recommended to the city council that the property be rezoned.

At Monday's meeting the city council made a "motion which was seconded that the permanent report of the planning commission and ordinance No. 1231 be read the first and second time by title only, and to be read the third time at their next meeting."

Councilman Joe Bricher, who was also a member of the planning commission, stated Thursday that it is possible the offering of the third reading of "Ordinance No. 1231" could be taken up at the Monday, Aug. 22 meeting, which has been called by Mayor Edwards for the purpose of a hearing of decontrolling rents in Cottage Grove. Mayor Edwards was not available Thursday morning for comment.

A notice will be published in time for property-owners interested to appear, if the matter is to be taken up at this meeting.

Truman Doesn't Plan Hawaii, Alaska Trip

WASHINGTON — (UP) — The White House reports that President Truman has made no plans for a vacation trip to Alaska and Hawaii.

Press Secretary Charles G. Ross said that the President has "made no plans whatsoever" for a vacation. It has been known for some time, however, that the chief executive will take a rest trip somewhere after Congress adjourns, perhaps sometime in September.

It was understood that an Alaskan trip this year is definitely out of the question. There appeared to be little prospect of a Hawaiian trip as long as the longshoremen's strike continues.
