Sonic Passenger Flights Forecast

Tulsa, Okla. –(UPI)– Scheduled flights by supersonic commercial airliners may begin by 1975, an American Airlines executive says.

William Littlewood, American's vice president of equipment research, points out that many problems of supersonic transport remain to be solved.

Among these problems are ground and flight sound levels, heat and air conditioning, air traffic difficulties and economic questions.

In the meantime, U.S. airlines should be able to make improvements on present designs by an estimated 30 to 40 per cent, Littlewood said. However, he believes it is probably "impossible in the present state of the art to currently design a new jet airplane for commercial passenger or cargo service which will be more than 10 per cent better than what we have today or will be acquiring tomorrow."

Improvements Needed

Improvements in present-type aircraft are needed, he said, in materials, structures, in drag reduction and high lift devices, in better fuel economics, noise levels, and aerodynamic efficiency and control.

One of the biggest problems has nothing to do with the airplane itself, but how to get from the airport to downtown, Littlewood said.

Present airport designs, he said, often are "deficient in access roads, parking facilities, passenger and baggage facilities."

NATIONAL FOREST TIMBER FOR SALE
Bessie Creek Select

Oral auction bids will be received by the Forest Supervisor, or his authorized representative at the office of the Forest Supervisor, Post Office Building, Medford, Oregon, beginning at 2:00 P.M., May 1, 1961, for all merchantable timber marked or designated for cutting on an area embracing 51 acres, more or less, within Section 33, T. 32 S., R. 4 E., W.M., surveyed, in the Rogue River National Forest, Jackson County, Oregon. The estimated volumes are: 620 M board feet of Douglas-fir, 70 M board feet of sugar pine, 90 M board feet of white fir and other species. The minimum acceptable bid per M board feet is as follows: Douglas-fir $31.80, sugar pine $26.15, white fir and other species $10.70. This includes the following rates, per M board feet for stumpage including deposit for sale area betterment: Douglas-fir $30.65, sugar pine $25.00, white fir and other species $9.55 and $1.15 for slash disposal for all species. Sealed bids will be publicly opened and posted at the office of the Forest Supervisor, at 2:00 P.M., May 1, 1961. All those who submitted a satisfactory sealed bid will be permitted immediately to continue auction bidding. A money order, bank draft, cashier's or certified check in the sum of $2,000.00 must accompany each bid, to be applied to the purchase price, refunded, or retained for application to any claim for damages, according to the conditions of sale. If requested by the purchaser, contract terms will permit felling of timber in advance of payment up to the value of the performance bond. If an oral bid is declared to be high at the closing of the auction, the bidder must immediately confirm the oral bid by submitting it in writing on a Forest Service bid form. The right to reject any and all bids is reserved. Forest Service bid forms for use in submitting sealed bids and full information concerning the timber, the conditions of sale and the submission of bids should be obtained from the District Ranger, Prospect, Oregon, or the Forest Supervisor, Medford, Oregon, before bids are submitted.
