Unclaimed Refunds

Tax Checks Waiting

Unclaimed checks for income tax refunds in past years total some $65,000 on the books of the State Tax Commission in Salem. Many of those checks belong to persons who last claimed Lane County as their place of residence.

The state, however, has been unable to locate these persons Here, then, is a partial list of those in Lane County who have income tax refunds due. Others will be listed in succeeding days.

Inquiry should be directed to the State Tax Commission, Salem, Ore., with the envelope marked "unclaimed checks." Evidence of identification, including Social Security number, must be enclosed.

Lumber Production Climbs in March

More lumber was produced, ordered and shipped during the month of March, 1962 than in February, but the increase was slight—2.6 per cent.

West Coast Lumbermen's Assn., Portland, said that production was up 1.2 per cent over the 1957-1961 average.

For the months of January, Februrary and March, the 1962 figure showed only a slight increase over the same period a year ago and was below average for the five-year period.
