HIGH POWERED COOKIES

Lancaster, Calif. —(UPI)— The mailman delivered a box to the sheriff's office Thursday that carried a note reading: "Atom bomb inside. Goes off at 4 p.m." Deputies rushed the box to an isolated spot in the desert, called in a bomb expert from Los Angeles, and stood by anxiously as he opened the container. Inside was another box, and inside that, cookies.

CORRY'S KILLS THEM DEAD!

BEST OF THE BAITS

Lane Group Given Support on Dunes

Florence —(UPI)— The Western Lane Taxpayers association has received support from Sen. Milward L. Simpson (R-Wyo.) in attempts to have hearings on the proposed Dunes National Seashore held in this area.

In a letter to the association, Simpson said, "It is my strong feeling that once the National Park Service gets its foot in the door, it will be forever fighting for more land and a bigger park or lakeshore area."

A bill to establish a national seashore of about 42,000 acres has been introduced by Sen. Maurine Neuberger (D-Ore.). It would include private property around the lakes south of Florence.

Rep. Robert Duncan (D-Ore.) has introduced a bill calling for a seashore of smaller area.

Aerial Spraying of Burn Area Finished

Yreka—Aerial spraying of a 60-acre portion of the Ukonom district, Klamath National forest, was completed recently.

The area sprayed is a part of the 1951 Pony Peak burn, and is on the north face of Dillon mountain south of Dillon creek. It supports a good stand of Douglas fir seedlings, which are being suppressed by over-topping tanoak sprouts, forest officials said.

The spraying is designed to kill the tanoak and release the fir to better growth and quicken maturity, forest service officials noted.

Should you ever see a group of strangers standing around staring up with their mouths open, you needn't be alarmed.

These will just be Grants Pass people who have never seen tall buildings before.
