SATURDAY, MARCH 10, 1900.

FROM BINGHAM SPRINGS.

A Few News Items Brought in from that Place.

O. W. Avery, the general manager of Bingham Springs, who was in the city Friday, gave the East Oregonian the following news from that neighborhood:

"The recent rains," said Mr. Avery, "have damaged the roads between the springs and Pendleton to such an extent that we are subjected to considerable inconvenience in getting from one place to the other. There is now very little snow left in the nighborhood of the springs, but parties whom I have seen lately from Fletcher's mill, some five miles farther up the canyon, say that there is still some five feet of the beautiful at that place. We did not have near the quantity of snow this winter as last. At this time last year there still remained some ten feet at the mill, while now I am satisfied there is no more than that amount at the summit. Where the snow has disappeared the grass is commencing to come up and a great many cattle are being brought to the foothills. Cattle buyers galore have been in our neighborhood the last few weeks, but no one has any stock to sell. They have, consequently, gone away disappointed."

Mr. Avery said that a great many improvements were being made at the springs this spring. This popular resort will be opened on May 1, and it is the intention of the managemnt to make it more popular this season than ever before. Heretofore the management has catered to what they term the foreign trade, principally Portland. This year, however, their efforts will be directed towards getting people in from Pendleton, Walla Walla, La Grande and those throughout the small towns in the immediate neighborhood of the resort. Reductions will be made in rates this season. Stage rates from the station to the springs will be reduced from $1 to 50 cents, tub baths to 15 cents and camping space from $1 to 50 cents. An addition is also being built onto the hotel, at which 25 cent meals will be served.

Mr. Avery stated that one very old and popular laudmark of the springs had been destroyed this spring. The well-known "bridge of sighs" has yielded to the seasn's freshets and has been swept away on towards the mighty Pacific. Many a lover will regret this, as a sight of the old structure brought to mind many pleasant recollections of by-gone days. Nearly everyone who has visited the springs has carved his name in the soft pine boards and by a great many it was known as the "wooden register." A new bridge is being built, but it cannot produce the same emotions and sensations that the old one did.

MARCH AND THE LION.

Something Better Than the Old Saw.

The saying about the lion and the lamb in March often proves false, but there is another and a better one which is literally true. When March comes in and finds you taking Hood's Sarsaparilla to purify, enrich and vitalize your blood, you may expect, when it goes out, that it will leave you free from that tired feeling and with none of the boils, pimples and eruptions which manifest themselves because of impure blood in the spring. If you have not already begun taking Hood's Sarsaparilla for your spring medicine we advise you to begin today. We assure you it will make you feel better all through the coming summer.

Did Not Forget His Relatives.

The night before his execution, a Georgia convict wrote the following letter to a friend:

"Dear Jim: I send you five tickets to my hangin'. I want you to fetch all the family. Everything will be pleasant—weather permittin.' They've painted the scaffold my favorite color—which is bright red—like the dress Mollie Spilkins wore when I took her to Zeek Hanford's—an' I'm to swing in the middle of a green lawn, sprinkled with daisies. I'll ask the sheriff to provide seats for you and your'n. I want you to hear my speech, which, if I do say it myself, is as good a piece of word paintin' as ever I done. So be sure an' come, Jim, and bring all the family."

Siberian Exiling to Be Prohibited.

The thought of exiled Russian criminals clanging their way over the snows of the Siberian plains to a life of terrible desolation is one of horror. It is now rumored that this barbarous custom is to be abolished, and that Siberia, which is really a fertile country, is to be cultivated. This news will be welcomed as joyfully by the far away convicts as is the fact by exiles of health, that Hostetter's Stomach Bitters cures dyspepsia. Other so-called remedies claim to cure. That is all. The Bitters not only claims to cure, but has done so for fifty years. It cures indigestion, constipation, biliousness, malaria, fever and ague, liver and kidney troubles. It is the best medicine in the world for this time of the year.

ORDERED BACK FOR TRIAL.

After Three Months of Litigation They Arrive at Place of Commencement.

A law suit that has been tossing about between the law courts of Justices West and Rosenberg for the last three months, and which finally drifted into the circuit court, has again been thrown back and will come up before Judge West next Monday. The principals in the case are J. H. McDonald and L. M. Huson. McDonald brought suit against Huson to collect wages alleged to be due. The case was tried, first before Judge West, but finally found its way to Judge Rosenberg's court. From there it went before the circuit court on review and the judgment and costs were cancelled by Judge Lowell and ordered back for a new trial. Now the case must start all over again. McDonald is represented by Attorney Thos. Fitzgerald, Huson being represented by Attorney J. T. Hinkle.

ALL A MISTAKE.

The Trouble Between F. M. Oliver and the Dog Catcher Not as Reported.

It seems that the trouble which recently occurred between F. M. Oliver and the dog catcher over the former's dog was not correctly stated. Mr. Oliver stated to the East Oregonian that there was no foundation at all to the report as given. He said: "I had taken the required license out on my dog, but the dog catcher caught the animal and placed it in the dog pound. I went to the man and requested him to liberate the animal, which he refused to do. It is true we had some high words over the matter, but I finally succeeded in securing the release of my dog."

Mr. Oliver was highly incensed at the report that he had attempted to take his dog away from the pound master, and says there was nothing in it whatever. He simply made a request for his dog as above stated, because he was entitled to have the animal liberated, having paid the tax.

MILTON KNIGHTS OF PYTHIAS.

Entertain Visitors at a Banquet Last Tuesday Night.

B. E. Kennedy and J. T. Hinkle, of Pendleton, were over at Milton last Tuesday night visiting Hercules Lodge No. 51, K. of P. Besides those two gentlemen Clark Wood, Harry Turner, Frank Rodgers and Charles Taylor, of Weston, were also visitors. There was work in the second and third ranks and at the conclusion of the work a banquet was given in the banquet hall.

L. B. Banks presided as toastmaster and toasts were responded to by Clark Wood, Kennedy, Hinkle and others. At the conclusion of the banquet a large and elegant cake was presented to the Weston visitors, of which the Weston Leader says: "The finest cake on the table was reserved from the general demolition and generously presented to the Weston boys, who carried it home in triumph for the delectation of Stevens Lodge. It was a work of art, a culinary dream—a grand creation ornamented on top with the colors of the order, the letters F. C. B. and the emblematic skull and crossbones, which latter by no means symbolized sudden death to the partaker. The grateful boys were indebted for this cake to Mrs. Charles McKenzie."

Before the lodge adjourned the Oriental degree was conferred on a number of lodge members.

MEETING OF ANGLERS.

Duputy Fish Commissiouer Instructed to Make Necessary Application.

The meeting held Friday night by the anglers of Pendleton at the law office of Stillman & Pierce, was attended by some half dozen persons interested in fish culture. Those present were A. D. Stillman, W. Harlow, William Mack, C. K. Cranston, H. L. Hasbrouck and J. E. Krause. It was decided to make the necessary application to the state fish commission and the matter was placed in the hands of H. L. Hasbrouck, who holds the position of deputy for this county. Mr. Hasbrouck was also instructed to apply for the Salivlines Fontanilas, or brook specie of trout, whichever of the two named is most adaptable for this locality. The matter will be left to the judgment of the state fish commission.

The Dalles paid its 17 school teachers $9408.75 in salaries for the year ending March 1. The children enumerated were 1465; in attendance, 685, including 140 in private schools.

Little Pimples Turn to Cancer.

Cancer often results from an impurity in the blood, inherited from generations back. Few people are entirely free from some taint in the blood, and it is impossible to tell when it will break out in the form of dreaded Cancer. What has appeared to be a mere pimple or scratch has developed into the most malignant Cancer.

"I had a severe Cancer which was at first only a few blotches, that I thought would soon pass away. I was treated by several able physicians, but in spite of their efforts the Cancer spread until my condition became alarming. After many months of treatment and growing steadily worse, I decided to try S. S. S. which was so strongly recommended. The first bottle produced an improvement. I continued the medicine, and in four months the last little scab dropped off. Ten years have elapsed, and not a sign of the disease has returned."

R. F. WILLIAMS, Gillsburg, Miss.

It is dangerous to experiment with Cancer. The disease is beyond the skill of physicians. S. S. S. is the only cure, because it is the only remedy which goes deep enough to reach Cancer.
