CITY PRINTING IS DISCUSSED

REPORT MADE TO CITY COUNCIL AS TO THE STATUS OF THE INJUNCTION CASE PROVES TO BE INACCURATE

The question of the city printing was again threshed out at the city council meeting last night, and information was given by the city recorder, in the absence of the city attorney, which, on investigation today proved inaccurate.

Mayor Nicholas brought the matter up, saying that improvement work was being delayed because the city had no official paper. Recorder Leavitt stated that he had accompanied the city attorney to court on the day and the hour when the demurrer to the complaint in the case was to be taken up, but that the district attorney, who is attorney for The Herald, was not present. Thereupon delay was occasioned.

This statement led members of the council to believe that The Herald, by attorney, was the cause of the delay.

As a matter of fact, on the day and the hour when the demurrer was to have been argued Judge Benson was hearing arguments in the charter mandamus case, and it was agreed between the attorneys to take up the printing matter later, no definite time being set.

As the matter now stands Judge Benson has issued an order restraining the city council from entering into a contract with the Northwestern to do the city printing at a price about double that charged by The Herald. The city attorney has filed a demurrer, and this has not yet been heard by the court, nor is a time set for the hearing.

COUNCIL TURNS DOWN LIGHT BILL

CLAIM IS MADE THAT OREGON-CALIFORNIA POWER CO. HAS MADE CHARGE AGAINST THE CITY IN ADVANCE

W. O. Huson, an official of the Long Lake Lumber company, was elected last night to serve as councilman in place of Charles McGowan, who recently moved from the Fifth ward. The new councilman took his seat at the meeting last night, and actively participated in the deliberations of the body.

The principal matter taken up at the meeting was the bills against the city. All were allowed except that of the Oregon-California Power company for the months of October and November, and amounting to $979.57. Objection was made to the bills, partly because of the fact that it appeared that the electric light company was charging the city for light and water in advance, and partly because of what was characterized as an excessive rate.

"I do not understand why the company should charge the city a higher rate than an individual," said Councilman Huson.

The bills were referred to the street and light committe for investigation.

The bill for the new cart and hose recently bought for Shippington was allowed. Objection was made to equipping the new cart with second-hand hose, and a reference to the ordinance showed that the objection was well taken, inasmuch as it was expressly provided that the new hose was for Shippington.

DEVELOP POWER IN CASCADES

HILL SAID TO BE BACK OF WORK OF ENGINEERS REPORTED TO BE NOW IN PROGRESS IN VICINITY OF SISTERS MOUNTAINS

It has been a well known fact for some time that the Oregon Electric or Hill interests owned the power sites at Clear and Fish Lakes, says the Sisters Herald. The Oregon Electric has had a corps of about twenty-five men engaged in making examinations at the headwaters of the McKenzie during the past season, and having completed their task returned to Portland via Lebanon about ten days ago.

Engineer Edmonstone, who has had charge of the hydraulic development work for the past nine months, passed through Sisters Monday bound for Portland, where his family resides. T he object of Mr. Edmonstone's trip through Sisters at this time was to determine the advisability of getting supplies from here for the extensive work that will no doubt be started as soon as possible in the spring. There is a good road from Sisters, and Mr. Edmonstone thinks it can be kept open through the winter with very little difficulty. In conversation with Mr. Edmonstone he stated that he had no doubt but that the work will be started at an early date, and rushed to completion.

It will require a force of several hundred men and two years time to complete the undertaking, which will be one of the most extensive hydro-electric plants in this country. Two engineers have been left at Clear Lake, and will remain all winter, studying metrological conditions.

They have been supplied with everything necessary to last them for a year.

RESTORES GRAY HAIR TO NATURAL COLOR

BY COMMON GARDEN SAGE. A SIMPLE REMEDY FOR DANDRUFF, FALLING, FADED, GRAY HAIR

The old idea of using Sage for darkening the hair is again coming in vogue. Our grandmothers had dark, glossy hair at seventy-five, while our mothers are gray before they are fifty. Our grandmothers kept their hair soft and glossy with a "Sage Tea," which also restored the natural color.

One objection to using such a preparation was the trouble of making it. This objection has been overcome by the Wyeth Chemical Company of New York, who has placed on the market a superior preparation of Sage, combined with Sulphur and other valuable remedies for dandruff, itching scalp, and thin, weak, falling hair.

The beauty of the hair depends more on its rich, even shading than anything else. Don't have dry, harsh faded hair, when a simple, harmless remedy will bring back the color in a few days; and don't be tormented with dandruff, itching scalp and loose falling hairs. Wyeth's Sage and Sulphur remedy will quickly correct these troubles and give color, strength and beauty to your hair.

Get a fifty cent bottle from your druggist today, and prove this to your own satisfaction. All druggists sell it, under guarantee that the money will be refunded if the remedy is not exactly as represented.
