It also asks if "there would be a chance of securing a millsite on the northern end of the late (Upper Klamath lake), either on the forest reserve or the Indian reservation."

Prior to the authorization or sale thereof, the council, by ordinance, shall prescribe, fix and determine the form of such warrants or bonds, as the case may be, their date, denomination, the date or dates of maturity of such warrants or bonds not exceeding fifty years, the rate of interest, place of payment, and the principal use or uses to which the proceeds derived therefrom shall be applied, and shall levy and assess on all the taxable property of the city, in addition to all other taxes provided by law and the charter of the city, a direct annual ad valorem tax, and thereafter cause the same to be collected, sufficient to create a fund to pay the interest accruing on said warrants or bonds promptly when and as the same becomes due, and to establish and maintain a sinking fund with which to discharge the principal thereof at maturity, which ordinance shall, upon delivery of the warrants or bonds to the party entitled thereto, be thereafter irrepealable, and the classes, kinds or amount of property subject to tax or the method or manner of levy, assessment or collection of taxes thereon, as provided by law and the charter of the city, at the time of the passage and approval of such ordinance, shall not be changed in any manner so as to reduce or diminish the security for such warrants or bonds or any of them or lessen the power, authority or ability of the city to raise funds sufficient to pay the interest on said warrants or bonds promptly when and as the same becomes due, and to discharge the principal thereof at maturity. Said council shall also require the collection of such taxes by the proper city and county officials authorized by law to make such collection, and the taxes so levied, assessed and collected shall be kept in a separate fund, and said fund shall be used solely in the payment of the principal and interest of said bonds or warrants, and said principal and interest shall be paid out of said fund at the time or times provided according to law and the tenor of said bonds or warrants and coupons attached thereto. Warrants issued under the provisions of this section shall be drawn on the general fund and due provision made, by the council, for their payment through funds obtained from the levy and collection of taxes on all the taxable property of the city or from the sale of a sufficient amount of funding bonds of the city which the council is hereby authorized and empowered to issue, negotiate and make provision for their payment, as and in the manner provided in this section for municipal bonds. All bonds and warrants of the city when delivered to the purchaser shall thereafter be incontestable, and their legality shall not be open to contest by any person or persons, corporation or corporations, association or associations, or by the city, for any reason or reasons whatever.

The council is hereby authorized and empowered, for and on behalf of the city, to bring actions for the condemnation or taking of private property within and without the boundaries of the city for public use in the same manner as private corporations are now authorized or permitted to do under the laws of the state.
