WOOL AND SHEEP OFF.

Slump in Each Said to Have Occurred Recently.

Sheep appear to be dropping somewhat in price. Although practically no sales have been made this spring, yet the very few that have been disposed of are bringing less than was being looked for several weeks ago. It was reported today that 1600 sheep had been bought by an Eastern buyer at $2.25 for yearling wethers.

It was also said today that wool has eased off a couple of cents, and that the nominal quotation now for average shrinkage wools should be here 10 to 11 cents.

If the wool market has really slumped, it will in part explain why sheep are worth less than they were.

No wool, of course, has yet been offered for sale, as only the Cunningham sheep mentioned several days ago have been sheared.

CHICAGO MARKET.

Reported by I. L. Ray & Co., Chicago Board of Trade and New York Stock Exchange Brokers.

March 28.—The wheat market was strong from the start today, and at the close was 1¼ up from last night.

Liverpool closed 3-8 penny higher, 5—9½. Chicago opened at 65¾, to 65 7-8, the low point of the day, and advanced steadily to 67. Weather conditions are growing more unfavorable, both in the east and in Europe, which with their low stocks, has brought them into the market. Stocks strong, money 4 per cent.

Close yesterday, 65¾.
Open today, 65¾ to 65 7-8.
Range today, 65¾ to 67.
Close today, 66 7-8 to 67.

San Francisco, March 28.—Cash wheat, 97½.

"Who is Who?" Endorsed.

The Walla Walla Union of March 28, last evening, thus endorses the "Who is Who" performance:

"Who is Who," a farce comedy, was played at the opera house in this city last night. It was one of the best shows that ever visited Walla Walla, being full of fun and catchy jokes, keeping the audience in a continual roar of laughter and good humor. Bert St. John is no stranger in theatrical circles in this city. As Peter Von Baumach he sustained his reputation as one of the best German comedians on the American stage. Chas. A. Posey was Jack Hartland, true to cast, keeping the audience in the jolliest of merriment. His singing was as good as his acting and he was always a welcome face before the footlights. "Who is Who" is a good play, well staged and deserves the success it is meeting with.

McElvain Pardoned.

Governor Geer on Tuesday granted a full pardon to M. E. McElvain, sentenced to two years' imprisonment from Sherman county. McElvain has served no part of his sentence. He was convicted in October, 1896, but appealed to the supreme court, and upon an affirmance of the judgment of the lower court, was to have been resentenced today. Governor Geer telegraphed Judge Bradshaw, who tried the case, that the pardon had been granted, and it is presumed that McElvain will not be brought to the penitentiary. The crime of which McElvain was convicted was the raising of a promissory note from $209.70 to $219.70.

Baby Wanders from Home.

The 2-year-old boy of Mr. and Mrs. Olsen, of Highland, who wandered from home Saturday evening, says the Portland Oregonian, and could not be found, though over 100 of the neighbors searched for him till after midnight, is safe. He was found early Sunday morning, lying in the road about three miles from home, sound asleep, and but little the worse off for his outing. The little chap had probably kept wandering along and crying until thoroughly exhausted, and had then lain down and gone to sleep, in spite of the cold and rain.

A Lesson in Health

WHATEVER the apparent cause of your ill health, are you absolutely certain that the real, underlying cause isn't disorder in your kidneys? Nine chances in ten it's your kidneys that need attention, if the real root of your poor health is to be reached. Treating your stomach, your liver, your blood, your heart or your nerves, is to treat symptoms only. Treating your kidneys is to reach and remove the cause of disease.

If you neglect disorder in the kidneys you'll have diabetes, Bright's disease, gravel or other serious and usually fatal complaint.

Foley's Kidney Cure is absolutely guaranteed for all kidney disorder. You run no risk. Try it to-day.
