NOSE CLOGGED FROM A COLD OR CATARRH

Apply Cream in Nostrils To Open Up Air Passages.

Ah! What relief! Your clogged nostrils open right up, the air passages of your head are clear and you can breathe freely. No more hawking, snuffing, mucous discharge, headache, dryness—no struggling for breath at night—your cold or catarrh is gone.

Don't stay stuffed up! Get a small bottle of Ely's Cream Balm from your druggist now. Apply a little of this fragrant, antiseptic cream in your nostrils, let it penetrate through every air passage of the head; soothe and heal the swollen, inflamed mucous membrane, giving you instant relief. Ely's Cream Balm is just what every cold and catarrh sufferer has been seeking. It's just splendid.—Adv.

She Wants to Go to U. S. Senate From Nevada

MISS ANNE MARTIN

Miss Anne Martin, vice chairman of the National Woman's party, who has figured prominently in suffragette politics for some years, has announced her candidacy for the United States senate from Nevada. She will be a candidate, she says, for the unexpired term of Senator Francis G. Newlands, who died recently.

U. OF O. BASEBALL TEAM TO MEET PORTLAND SHIPBUILDERS

EUGENE, March 20.—The University of Oregon baseball team will cross bats with the ball tossers of the Foundation Shipbuilding nine of Portland, March 26th. This will be one of the varsity team's first games. Indications are that the shipyards in Portland and Vancouver will organize a strong league of baseball teams this summer, and games with some of these teams are expected to give the university players good training.

DAMAGING EVIDENCE SECURED

OMAHA, March 20.—Letters to show that an agreement existed between the "Big Five" packers to divide the livestock receipts at Omaha and other points after a regular planned schedule, are now ready by Investigator Francis J. Heney, and will be given as evidence at the resumption of the packing investigations.

Spirited Action Now Along Battle Front

Summary by Associated Press

On the Italian front there have been raiding operations from the mountains to the sea, and attempts by the Austrians to cross the river Piave have been frustrated.

The air forces of the contending armies have been very active during the past few days, and, as might be expected, there have been quite heavy losses. British naval airmen alone have disposed of ten enemy machines in the period from Thursday to Sunday. Italians brought down five enemy machines on Sunday. On Saturday the French accounted for seven, while four other German airplanes not previously reported were destroyed last week. The Germans claim to have shot down 22 allied machines on Sunday.

As the allied world has day after day read the official reports from the allied and Teuton war offices in the hope that some inkling of the real situation would present itself, the realization has come home that the Americans, French, British, Belgium and Portuguese troops are maintaining their control over the front running from the North Sea to Switzerland. Artillery fire at some points growing in intensity is reported, but the allies have held their own, and their raiding parties are everywhere busy in the enemy's trenches. The long expected and confidently awaited German drive has not materialized, and the allies threaten to start an offensive of their own at various points against the Teutonic legions.

There is hardly a sector on the western battle line which is not being marked by spirited actions, but Verdun and the Vosges regions are apparently storm centers where big events may develop.

At Verdun the opposing artillories have been thundering for several days and on Monday the roar of the guns was kept up, especially on the right bank of the Meuse.

In the Vosges mountains the artillery fighting is reported to be very heavy, altho no infantry actions have been mentioned in the war office statements issued at Paris and Berlin.

One of the most encouraging features of the war news may be found in the fact that the Belgian army reorganized and ready for battle has taken over the important coast sector in Flanders. This part of the western front has heretofore been held by the French, altho British troops have made their appearance there at various periods.

Farmers Urged to Dispose of Wheat

SAN FRANCISCO, March 20.—An urgent patriotic appeal to farmers to market their wheat immediately except the necessary reserves for seeding, has been issued by Herbert Hoover, in a personal telegram to the California food administration. The urgent demand of the allies for wheat and the need to take care of domestic supplies were given as the reasons for the appeal for the complete marketing of wheat on May 1st.

MANY CASUALTIES IN TERRIFIC ACCIDENT

MIAMI, Fla., March 20.—Two men were killed and thirty-three others injured in a collapse of unfinished hangar in a wind storm at the Dinnerhy naval air station, five miles south of here yesterday.

Some of the workmen were negroes.

TILLAMOOK BURNED FOREST AREA TO BE REPLANTED

EUGENE, Ore., March 20.—Herman Johnson, assistant superintendent of the Siuslaw National Forest, has left for the Mt. Hebo country in Tillamook to supervise the reforestation of 290 acres of burned-over forest. The work of replanting the burned areas there has been going on for several years, and trees that were first planted now are reported to be several feet high. The trees to be planted on the 290 acre tract will be set out at the rate of 600 to the acre.

You'll have to hurry if you expect to get a real bargain in a home on easy terms. See Chilcote. 7

Dr. Demorest, dentist, will be in Merrill, March 17 to April 20. 16-3t

Three Baseball Players for One

STUFFY McINNESS

LARRY GARDNER
FORREST CADY
CLARENCE WALKER

Connie Mack, manager of the White Elephants of Philadelphia, continues to trade off his great baseball players, as the latest big deal shows. He has just given up "Stuffy" McInnes, one of the very best first basemen the game has known, for Catcher Forrest Cady, Outfielder Clarence Walker and Third Baseman Larry Gardner of the Boston Red Sox. Cady and Gardner are about thru. Walker, the only promising player he got, he is trading to the New York Yankees. McInnes ought to add much strength to the Red Sox.

HUGE SUM OF GOLD FOUND IN OHIO WELL

LARGE FORTUNE DISCOVERED BY STEAM SHOVEL DIGGERS NEAR YOUNGSTOWN, OHIO. BURIED MANY YEARS

YOUNGSTOWN, O., March 20.—Steam shovel diggers have unearth a heavy iron pot containing $115,000 in gold on the Isaac Shaefer farm at Edenbero, Pa., east of here. The men were excavating for limestone. The pot was found in an abandoned well.

The money has been placed in a Youngstown bank. For thirty years heirs of Isaac Schaefer, a wealthy cattle dealer, have hunted for the buried treasure.

Christopher Kremer, a son-in-law, stated that Schaefer on his deathbed endeavored to tell the location of the hidden gold, but died before he could finish his story.

HAVE DARK HAIR AND LOOK YOUNG

NOBODY CAN TELL WHEN YOU DARKEN GRAY, FADED HAIR WITH SAGE TEA

Grandmother kept her hair beautifully darkened, glossy and attractive with a brew of Sage Tea and Sulphur. Whenever her hair took on that dull, faded or streaked appearance, this simple mixture was applied with wonderful effect. By asking at any drug store for "Wyeth's Sage and Sulphur Compound," you will get a large bottle of this old-time recipe, improved by the addition of other ingredients, all ready to use, for about 50 cents. This simple mixture can be depended upon to restore natural color and beauty to the hair.

A well known downtown druggist says everybody uses Wyeths Sage and Sulphur Compound now because it darkens so naturally and evenly that nobody can tell it has been applied—it's so easy to use, too. You simply dampen a comb or soft brush and draw it through your hair, taking one strand at a time. By morning the gray hair disappears; after another application or two, it is restored to its natural color and looks glossy, soft and beautiful. This preparation is a delightful toilet requisite. It is not intended for the cure, mitigation or prevention of disease.—Adv.
