### EIGHTH GRADE DIPLOMAS.

**Examinations in Progress for Pupils Who Have Ended Common Branches.**

At the school house on the hill today thirty-three Eighth grade pupils are standing for the examinations required by the state board of all in that grade who desire to enter the high schools of the state the coming year. It is a new system which is designed to make the standing of all young people entering the High schools uniform throughout the state. The examination is conducted by the county superintendent, J. F. Nowlin, and the questions which are submitted are those sent up from Salem by State Superintendent Ackerman.

Teachers generally commend the plan thus inaugurated, and believe that it will bring better results than the former plan. Those attaining an average grade of at least 80 per cent, and who do not fall below 70 in any one subject will be given a diploma which will admit the holder to any of the High schools of Oregon. The examinations will continue through tomorrow, and the standing of the successful ones will be known soon thereafter.

**Worse Than War.**

Hundreds are killed in war, but hundreds of thousands are killed by consumption. There would be no deaths at all caused by this terrible disease, if people could be made to understand that Shiloh's cough and consumption cure is a sure remedy if taken in the early stages. 25 cts., 50 cts. and $1 a bottle. Druggists will refund the money if a cure is not effected. Tallman & Co., leading druggists.

Take two-thirds of it, and then, if you are not benefited, return the bottle to the druggist, and he will return your money. Isn't that fair? No one could ask more. 25 cts., 50 cts. and $1 a bottle. ### COMMITTEES TO MEET TONIGHT.

**Fourth of July Arrangements to be Perfected—All Should Attend.**

This evening, at 8 o'clock, the committees appointed for the Fourth of July celebration in Pendleton are to meet at the council rooms. The business is to perfect plans for the celebration, and get to work along the various lines necessary to make the affair a success. It is urged that every committeeman attend, and be ready with suggestions as to the manner in which the celebration shall be arranged.

The finance committee has been around the town and has secured about $1000 in cash subscriptions, which will insure a good celebration, if everyone lend assistance and endeavor to make the most of the money in hand.

Some of the arrangements have already been effected, which will be reported tonight at the meeting. The indications are that the attendance at the celebration will be very large, and it will be if the plan now in contemplation be carried out.

### FRED LIEUALLEN WINS A PRIZE.

**Pendleton Academy Closes the Year with Reading of Prize Essays.**

Pendleton academy has closed for the year, the exercises this morning when the prize essays were read being in lieu of the usual commencement program. Dr. C. J. Smith had offered $15 in cash prizes, $10 to the first and $5 to the second, for excellence in writing and reading essays on the lives and characters of eminent Americans. Five young people competed for the prizes, and the first was won by Fred Lieuallen, Miss Mamie Walker being awarded the second. The committee of award was composed of E. P. Dodd, Rev. W. E. Potwine and Mrs. A. D. Stillman, Mr. Dodd presenting the prizes as the chairman of the committee. Mr. Lieuallen's subject was "Abraham Lincoln," Miss Walker's was "Thomas Benton," and the subjects of the other three who competed were: Miss Nell Whittemore's, "Patrick Henry;" Miss Ruby Whittemore's, "Daniel Webster;" Mr. A. Pennick's, "Abraham Lincoln."

The essays were excellently written, and evinced considerable thought on the part of the young contestants.

President Forbes, in dismissing the school, made some appropriate remarks, and congratulated the pupils on the most successful year in the history of the institution.

The reason no commencement exercises were held is that the academy has added one year to the curriculum, and those attending this year in the highest class will attend next year when they will graduate.

The enrollment reached this year 210, which is more than last year when it was the largest that had been had up to that time.

Pupils who were neither absent nor tardy during the year were: Stella Gilliland, Eva Belts, Joe A. Kennedy, Maggie Johnson, Barstow Forbes, Gertrude Campbell and Roy Morris.

Next year, the faculty will be increased by the addition of Rev. W. H. Blakney, Mrs. W. H. Blakney, respectively of the chairs of languages and elocution, and also Robert S. Pond, B. A., from Washburne college, Topeka, Kansas, who will teach mathematics. This will make a teaching force of seven in all, and provide for thorough instruction in all branches. The academy will probably enjoy the best year in 1900-1901, even better than this year.
