Bernhardt's Beautiful Granddaughter Poses as a Wounded Soldier of the Front.

LYSIANE BERNHARDT.

Coached by her wonderful grandmother, Mlle. Lysiane Bernhardt, who is now in the United States, posed for a photograph in the attitude of a wounded soldier of the western front. The young woman is as strongly for France as the Divine Sarah, who thinks of little but the war.

WOMEN URGING NEW MANNER OF FIGHTING HUNS

SAN FRANCISCO, AUG. 26.—"The women certainly started something when they inaugurated their campaign to innoculate German propaganda poison with the "serum of silence", said Miss Florence King, president of the Women's Association of Commerce, in a message just received here by the California branch of the National War Garden Commission.

"Since the convention of the Women's Association of Commerce in Cincinnati, "Miss King wrote, "we have had hundreds upon hundreds of inquiries as to the 'Serum of Silence'. This method of fighting German propaganda was suggested to us by the educational section of the National War Garden Commission.

"The silence campaign is simple. When you hear knocks against your government or exaggerated stories you may be pretty sure an enemy has started them. There is the 'lounge cut out' story and a score of others, all lies. Turn from the story teller in silence. He will know you mean business. Get two friends to get two friends to do the same. Kill German propaganda by refusing to listen to it and in that way paralyse the most powerful arm of the German war machine and win the war going on this side of the ocean."

ITALIAN RED CROSS HAS EXPERT "WAIST" REDUCER

PALERMO, Italy, Aug. 26.—It is the aim of all the ouvroirs, or sewing rooms of the American Red Cross thruout Italy to cut the patterns of the garments made with as little waste as possible but it is the boast of the ouvroir at Palermo that after their expert cutter has finished with a belt of cloth, there is hardly a scrap an inch square left. Three or four girls, daughters of soldiers at the front, are employed at the ouvroir stuffing rag dolls with the threads and edges carefully gathered in the cutting room. These little girls then make a dress for each doll and when there is a sufficient number they are given to the babies at the creche, or nursery, and to the sick children at the pavillion who are receiving medical attention.

Are you saving for yourself alone or buying War Savings Stamps and saving for yourself and your country?

Big Eaters Get Kidney Trouble

Take Salts at first sign of Bladder irritation or Backache

The American men and women must guard constantly against Kidney trouble, because we eat too much, and all our food is rich. Our blood is filled with uric acid which the kidneys strive to filter out, they weaken from overwork, become sluggish; the eliminative tissues clog and the result is kidney trouble, bladder weakness and a general decline in health.

When your kidneys feel like lumps of lead; your back hurts or the urine is cloudy, full of sediment, or you are obliged to seek relief two or three times during the night; if you suffer with sick headache or dizzy, nervous spells, acid stomach, or you have rheumatism when the weather is bad, get from your pharmacist about four ounces of Jad Salts; take a tablespoonful in a glass of water before breakfast for a few days, and your kidneys will then act fine. This famous salts is made from the acid of grapes and lemon juice, combined with lithia, and has been used for generations to flush and stimulate clogged kidneys; to neutralize the acids in the urine so it no longer is a source of irritation, thus ending bladder disorders.

Jad Salts is inexpensive; cannot injure, makes a delightful effervescent lithia-water beverage, and belongs in every home, because nobody can make a mistake by having a good kidney flushing any time.—Adv.

CAMP LEWIS LADS CLEAN HOUSEKEEPERS

CAMP LEWIS, Tacoma, Wash., Aug. 26.—Housewives who clean their pantries once a month and believe they are wonderfully clean should read hte general order issued here recently on this subject for all kitchens in the camp.

Immediately after breakfast one man must be detailed by the mess sergeant to clean the pantry. All articles must be taken from the shelves and the shelves scrubbed and dried. The articles which were on the shelf then must be wiped and replaced in orderly manner with all labels to the front that they may be checked rapidly.

The orders also included new regulations for the kitchen and dining rooms. While breakfast is being served a boiler of water is heated and after breakfast is served the kitchen and dining room floors are thoroly scrubbed and dried. After dinner and supper the floors are mopped with clean mops and dried. A hint is given to housewives as the order forbids flushing the floors with water as this causes them to become water soaked and to turn dark. Even the ranges are not overlooked and after breakfast must be given a thoro cleaning both inside and out. The ice box also is cleaned with boiling water each day.

LESS CRIME SINCE STATE BECAME DRY

SALEM, Aug. 26.—Compared with the corresponding period ending June 1914 commitments for murder to the Oregon penitentiary decreased from 40 to 24 during the three and a half years ending in June of the year, according to figures compiled by state prison officials, and it is believed that prohibition was the chief contributing cause. The figures do not include commitments for manslaughter.

One of the murders in the first named period was the result of a tong war as were six during the last named period. The histories of the murders of the period ending in June of this year indicate that they were premeditated.

The state entered the prohibition column in 1915, the legislature of that year providing legal machinery for the enforcement of the constitutional amendment, prohibiting the manufacture of liquor and beer in the state, althe it did not inhibit importations in limited quantities to individuals. The bone dry amendment was enacted in 1916, and the last legislature enacted legislation putting it into operation.

SPOKANE WOMAN GAINED FORTY POUNDS

EVERYTHING ELSE FAILED TO HELP HER—TANLAC RESTORES HER

"There, that is what I have been looking for the past six months now for my sister," said Mrs. Vi Legault, who resides at 221-1-2 Post street, Spokane, Wash. pointing to the big Tanlac display in Murgittroyd's Drug Store, recently.

"My sister's health has broken down," Mrs. Legault continued, "and I firmly believe Tanlac will fix her up as it did me three years ago."

"Before I took it I was suffering from a complication of ailments which has resulted in nervous prostration. My troubles all started from a bad stomach and I was in a pitiable condition. Everything I ate would sour, causing me such awful pains in the pit of my stomach that I could hardly stand it. My nerves were in a bad shape. I was badly constipated and even now I hate to think of the terrible headaches I had. I also suffered from weakness and pains in my right side, which was the worst of torture. Electrical treatment and everything else was tried on me except an operation, which I refused to stand for, but nothing did me any good. I had always weighed around one hundred and forty-eight pounds, but my suffering pulled me down to one hundred and twelve, and I was scarcely more than a frame. I really had no desire to live as my case seemed to be hopeless.

"Well, some wonderful things happen in this world, and my recovery is one of them. I picked up a paper one day in Detroit, Michigan, where I was living at the time, and read a Tanlac testimonial given by a lady who lived but a short distance from me, and right then I decided to try Tanlac. The results I obtained are nothing less than remarkable. My appetite soon came back, my stomach got so I could eat and digest my food and every one of my troubles gradually left, and the first thing I knew I was regaining my lost weight and strength. After using five bottles of Tanlac I found that I had gone up to one hundred and fifty-two pounds—actually gaining 40 pounds—making several pounds more than I had ever weighed before, and althe it has been nearly three years now since Tanlac restored me I have never been bothered with any of my old troubles to this good day, and I have held my weight, always weighing around one hundred and fifty pounds. So you can see why I have been so anxious to find Tanlac for my sister. I am going to let her know right away where she can get it. I am glad to give this statement, for the best way I know to pay the debt of gratitude I owe Tanlac is to tell others how it has made life worth living for me."

Tanlac is sold in Klamath Falls by Star Drug Co. —Adv.

SAYS HOT WATER WASHES POISONS FROM THE LIVER

Everyone should drink hot water with phosphate in it, before breakfast.

To feel as fine as the proverbial fiddle, we must keep the liver washed clean, and almost every morning to prevent its sponge-like pores from clogging with indigestible material, sour bile and poisonous toxins, says a noted physician.

If you get headachs, it's your liver. If you catch cold easily, it's your liver. If you wake up with a bad taste, furred tongue, nasty breath or stomach becomes rancid, it's your liver. Sallow skin, muddy complexion, watery eyes, all denote liver uncleanliness. Your liver is the most important, also the most abused and neglected organ of the body. Few know its function or how to release the dammed-up body waste, bile and toxins. Most folks resort to violent calomel, which is a dangerous, salivating chemical which can only be used occasionally because it accumulates in the tissues, also attacks the bones.

Every man and woman, sick or well, should drink each morning before breakfast, a glass of hot water with a teaspoonful of limestone phosphate in it, to wash from the liver and bowels the previous day's indigestible material, the poisons, sour bile and toxins; thus cleansing, sweetening and freshening the entire alimentary canal before putting more food into the stomach.

Limestone phosphate does not restrict the diet like calomel, because it can not salivate, for it is harmless and you can eat anything afterwards. It is inexpensive and almost tasteless, and any pharmacist will sell you a quarter pound, which is sufficient for a demonstration of how hot water and limestone phosphate cleans, stimulates and freshens the liver, keeping you feeling fit day in and day out.—Adv.

Sale of Timber Klamath Indian Reservation, Northern Spring Creek Unit.—Sealed bids, marked outside "Bid, Northern Spring Creek Timber," and addressed to the Superintendent of the Klamath Indian School Klamath Agency, Oregon, will be received until twelve o'clock noon, Pacific Time, Tuesday, October 1, 1918, for the purchase of timber upon about 2500 acres within Township 34 South, Range 7 East. The sale embraces approximately twenty-five million feet of yellow pine and one million feet of white fir. The cutting of white fir will be optional with the purchaser. Each bid must state for each species the amount per thousand feet Scribner decimal C. log scale that will be paid for all timber cut during the first two years of the contract period. Prices for the last two years of the contract period are toare to be fixed by the Commissioner of Indian Affairs, and are not to exceed, however, an increase of fifty cents per M. feet board measure for each species. No bid of less than three dollars and fifty cents per M. feet for yellow pine and fifty cents for white fir during the first period will be considered. Each bid must be submitted in duplicate and be accompanied by a certified check on a solvent national bank in favor of the Superintendent of the Klamath Indian School in the amount of $5,000. The deposit will be returned if the bid is rejected but retained if the bid is accepted, and the required contract and bond are not executed and presented for approval within sixty days from such acceptance. The right to reject any and all bids is reserved. For copies of the bid and contract forms and for other information application should be made to the Indian Superintedent, Klamath Agency, Oregon. Washington, D. C., Aug. 7, 1918. Cato Sells, Commissioner of Indian Affairs.

SUMMONS
No. 986 Equity

In the Circuit Court of the State of Oregon, for Klamath County

Sylvia White, Plaintiff, vs. Richard White, Defendant.

To Richard White, Defendant above named:

In the name of the State of Oregon: You are hereby required to appear and answer to the complaint filed against you in the above entitled suit on or before the 6th day of September, 1918, that being the last day of the time prescribed in the order of publication of this summons, and if you fail so to appear, plead, answer, demur or otherwise move, for want thereof plaintiff will apply to the court for the relief prayed for in his complaint, to-wit.

For a debree dissolving the bonds of matrimony now existing between the plaintiff and defendant, upon the grouds of habitual drunkenness, contracted, after said marriage, and continuing for more than one year immediately preceding the filing of the bill of complaint herein, and for the custody of their minor child, Gerald White.

This summons is served upon you, the said defendant, by publication thereof in the Evening Herald, a public newspaper of general circulation, printed and published at Klamath Falls, Klamath county, Oregon, once a week, for six consecutive weeks, (seven insertions), the first publication being made on July 22nd, 1918, and the last publication September 2nd, 1918, by order of the Honorable D. V. Kuykendall, Judge of the Circuit Court of Klamath County, Oregon, which said order was made, entered, dated and filed in this suit July 20th, 1918.

RENNER & KENT, Attorneys for Plaintiffs. Whose office and post office address is Klamath Falls, Oregon.

LINER DIVING AFTER BEING TORPEDOED

This remarkable photo marks the last scene in the career of a torpedoed liner. The vessel was proceeding on the calm sea when she was sighted by a U-boat. As the torpedo hit its mark a terrific explosion occurred, wrecking the engine room. Luckily the crew were saved, being picked up by a British patrol boat. The photo shows the last plunge of the liner as it disappeared.
