THURSDAY, AUGUST 9, 1900.

A SUDDEN DEATH.

John Dugger Died at Gravel Flat After Brief Illness.

Athena, Or., Aug. 8.—A large oil painting by Fred E. Page sets off one of the Athena Mercantile company windows with good effect. It is a picture of a stream, with Mt. Hood in the distance, and has attracted favorable comment. Turner Callender arranged the window for the display, and the effect is good.

John Dugger, aged 25 years, died at 5 o'clock this morning at his home on Gravel flat, below Milton. He was a brother-in-law of Willis Bush and Hardy Mansfield, of this city, and of Prof. Hawks, of Pendleton. He was also a brother-in-law of Louis Hodgins, of the firm of Hodgins & Brown, well known in this vicinity. He was married to Miss Hodgins less than a year ago. His death was a very sudden and sad event, the immediate cause being tonsilitis. He was in Athena last Thursday on business and appeared to be in as good health as ever in his life. Many friends and relatives will mourn the untimely demise.

Mrs. R. L. Maloney is visiting friends at Pendleton.

Farmers are expecting to receive 50 cents a bushel for their wheat.

Cockburn's threshing outfit is at work on the Julius Williams place south of Athena.

The Weston Budget.

Weston, Or., Aug. 8.—The Bowlin-Smith excitement dies hard, but it dies, and is receiving slow burial. It is said that Mr. Bowlin is not a great ways from Weston at present—that he never went to Alaska. Judge S. V. Knox is in receipt of a letter from the firm of Tye & Denham, attorneys at law, Williamsburg, Ky., which contains the following: "Mr. Kendall and Mr. Moore have both now arrived in this city, both having less money and much more information than them had when they left here for Oregon something like three weeks ago. There is very little comment here on the matter, except in the way of having fun at their expense."

Prof. George A. Peebles, of the normal school faculty, returned this morning after an absence of a month in the valley, principally at Salem, his former home. Mrs. Peebles and Miss Peebles will not return for a month, at about the time of the commencement of the fall term at the normal.

B. Chestnut, for 9 years, 10 months and 14 days superintendent of the Umatilla county poor farm at Pendleton, is in town today. He expects to go into the wheat-raising business somewhere in this section of the county.

Mrs. A. O'Harra and Miss Lillian O'Harra have returned from Walla Walla, where they had gone on account of the protracted serious illness of Mrs. Alpha Wood. The invalid is a daughter of Mrs. O'Harra and is so improved in health that it is expected she will be able to leave the hospital and return to her home at Milton the latter part of next week.

Deafness Cannot be Cured

by local applications, as they cannot reach the diseased portion of the ear. There is only one way to cure deafness, and that is by constitutional remedies. Deafness is caused by an inflamed condition of the mucous lining of the Eustachian tube. When this tube gets inflamed you have a rumbling sound or imperfect hearing, and when it is entirely closed deafness is the result, and unless the inflammation can be taken out and this tube restored to its normal condition, hearing will be destroyed forever; nine cases out of ten are caused by catarrh, which is nothing but an inflamed condition of the mucous surfaces. We will give one hundred dollars for any case of deafness (caused by catarrh) that cannot be cured by Hall's Catarrh Cure. Send for circulars, free.

F. J. CHENEY & CO., Toledo, O.

Sold by all druggists, 75c.
Hall's Family Pills are the best.

LOW RATES VIA UNION PACIFIC.

To G. A. R. Encampment, Chicago, Ill., August 27th to Sept. 1st, 1900.

For the above occasion, the Union Pacific railroad will make a special rate of $71.50 to Chicago and return. Tickets on sale August 21st and 22nd.

For further details concerning this cheap rate, call on F. F. Wamsley, agent O. R. & N. Co., Pendleton, Ore., or address J. H. Lothrop, general agent, 135 Third St. Portland, Ore.

V. B. Conklin, Bowersville, O., says: "I received more benefit from Foley's Kidney Cure than from months of treatment by physicians." Take no substitute. Koeppen's Pharmacy.

They Looked Alike to Him.

Richard Van, the colored cook, had a little experience Wednesday which will have a tendency to make him realize that there are several towns in the eastern part of Umatilla county. He was on his way to Weston, having accepted a job at Norval E. Bradley's Delmonico hotel. When the express train stopped at Adams Mr. Van stepped off to view the vast expanse of wheat fields and the scenery generally, and as the towns "all looked alike to him" he thought he was in Weston, and remained, while the train moved on. When Mr. Van discovered that he was in the wrong pew he got a rig at Owens' livery stable and made the journey to his destination in a carriage. The experience will be of benefit to him.

Volcanic Eruptions

Are grand, but skin eruptions rob life of joy. Bucklen's Arnica Salve cures them; also old, running and fever sores, ulcers, boils, felons, corns, warts, cuts, bruises, burns, scalds, chapped hands, chilblains. Best pile cure on earth. Drives out pains and aches. Only 25c a box. Cure guaranteed. Sold by Tallman & Co., druggists.

Muriatic Acid.

Ed Peters met with a red-hot accident Tuesday which might have been much worse. He had procured a bottle of muriatic acid at the drug store to be used in cleaning the plate glass windows of the new Roesch-Seibert buildings on Main street. He removed the stopper carelessly from the bottle, and as he did so spilled some of the contents thereof upon his left hand, and the acid did the rest. Mr. Peters will enjoy a brief layoff of a day or so on account of the occurrences, and will hereafter handle muriatic acid more tenderly.

For Whooping Cough.

"Both my children were taken with whooping cough," writes Mrs. O. E. Dutton, of Danville, Ills. "A small bottle of Foley's Honey and Tar gave such relief that I used a 50 cent bottle, which saved me a doctor's bill." Nothing else so good. Koeppen's Pharmacy.

Golden Opportunity

For a live business man. A. T. Brewer wishes to sell his stock of general merchandise at Athena. He has a fine stock of goods in a large brick store room. Good location. Would take a good farm in exchange. Write to A. T. Brewer, Athena, Oregon.

The greatest skin specialist in America originated the formula for Banner Salve. For all skin diseases, all cuts or sores, and for piles it's the most healing medicine. Koeppen's Pharmacy.

It isn't the material

That goes into your repaired watch that results in a perfect job. It is the

KNOW HOW

that does the business. Any bungler can buy the fine kinds of material that I use in repairing; but

SKILL

is the most valuable material that can be used in watch repairing; and the bungler can't buy it. I sell my skill for what it is worth, and it will cost you less than bungling at lower price.

L. HUNZIKER,

Jeweler and Optician.

Next door to Alexander & Hexter's.

THE MARKETS.

Sales of Wheat Reported at From 46 to 48 1-2 Cents.

Pendleton, Aug. 9.—The wheat market is commencing to show some life. The market is being established and the season is opening up with fairly good prospects and a number of sales have been reported at reasonable prices. John Crow, from the reservation, sold 2000 sacks of wheat to the Western Warehouse company, of which F. S. Curl is agent, at 48½ cents. F. W. Hendley on Wednesday purchased 3000 sacks of wheat from Chris Simpson, to be delivered at Warren station, and 900 bushels from George E. Peringer, to be delivered at the Helix warehouse, at 48 cents per bushel. It takes extra No. 1 wheat to bring more than 46 cents per bushel at the local mills. In the eastern part of the county, at Adams, Athena and Weston, the price has settled on the 46-cent mark, with predictions and hopes among the farmers and warehouse men that there will be a raise. The views of local dealers are diametrically opposite to each other, some being bulls of the most optimistic turn of mind and others being just as persimistic on the bear side. In the meantime Chicago and New York markets are carefully watched.

Threshing-machine men are not having as profitable a season this year as in former years, owing to the great amount of straw in comparison with the number of bushels of wheat.

In the central portion of the county, and at Pendleton, wheat is coming in to the warehouses in large quantities. Comparatively little wheat has yet been hauled to the mills or warehouses along the O. R. & N. Co.'s railroad between Pendleton and Walla Walla, except at Adams and Milton. It is commencing to come in slowly at Athena, Weston, Downing and Blue mountain, and within 10 days more than 90 per cent of Umatilla county's wheat for 1900 will be safe in the sack.

Wheat in Portland.

Portland, Aug. 9.—The Commercial Review, in its issue today, says of the market here: The feeling locally is weak, based upon the depression existing in the wheat trade in Europe, where values are dropping and prices at writing are largely nominal in character. Wheat is offered freely throughout Europe and generally pressed for sale, which is having a most depressing effect on the situation from sellers' point of view. The condition of affairs in our own market is extremely unsatisfactory. There are a number of vessels in the river chartered for grain, but exporters are not in need of any grain for the same, as there is ample stock on hand in every dock in Portland to load vessels here or those nearly due. Sellers generally have false ideas regarding prices, and show little disposition to meet buyers' ideas as to values. This position must in the end result disastrously to the selling interest. Exporters have provided themselves for tonnage requirements, and are not making any tonnage engagements at present. In a short time more wheat will be offered than can be placed, and the consequence will be that values will probably go lower than the market level. Based on best cable bids for prompt shipment, Walla Walla club is worth 54c; bluestem, 57c. Valley wheat, which is in small demand, is sought after by the mills, who are paying very extreme prices. Exporters' bids are about 55 to 56c per bushel. The valley will have a very small crop; in fact, not one over one-half of the past few years.

Wheat in San Francisco.

San Francisco, Aug. 9.—There is very little change to note in this market. Sellers are not pressing sales as a rule, but there are always a certain number of farmers who make it a practice to meet the market, no matter what prices are. Buyers are reported to be purchasing cautiously and to appear to anticipate wants as little as possible, their idea being to do business purely on a legitimate basis, and the element of speculation, so prominent in years heretofore, is quite conspicuous by its absence. At the call board there is no marked increase in the volume of dealings, and the tendency of operations has been downward. In sympathy with other speculative markets. We quote No. 1 shipping, $1.05 per cental; milling, $1.07½ to $1.10.

Wool in Boston.

Boston, Aug. 9.—The wool market continues dull. Prices are practically unchanged. Territory wools, scoured basis—Montana and Wyoming fine, demand fair, 17 to 18c; scoured, 50c; staple, 52 to 53c; No. 2 medium, 19 to 20c; scoured, 46 to 47c; Utah, fine medium and fine, 16 to 17c; scoured, 50c; No. 2 medium, 18 to 20c; Utah fine medium and fine, 16 to 17c. Oregon wools—Eastern, choice greasy, 16 to 17c; average, 14 to 15c; scoured fine medium and fine, 48 to 50c; Valley, No. 1, 20 to 22c; No 2, 21 to 22c. California wools—Northern Spring, choice, 18 to 19c, average, 16 to 17c; scoured, 50 to 52c; middle counties, spring, 14 to 16c; scoured, 45 to 47c; southern free, 12 to 13c; southern defective Spring, 11 to 12c; free northern, Fall, 14 to 15c.

Wool in San Francisco.

San Francisco, Aug. 9.—Wool—Spring—Nevada, 13 to 15c; Eastern Oregon, 10 to 15c; Valley, Oregon, 18 to 20c. Fall—Northern mountain, 10 to 12c; mountain, lambs, 8 to 10c; San Joaquin plains, 8 to 10c; Humboldt and Mendocino, 13 to 14c per pound.

Wool in Portland.

Portland, Aug. 9.—Wool—Valley, 12 to 13c for coarse, 15 to 16c for best; Eastern Oregon, 15 to 16c; mohair, 25c per pound.

Skins and Hides.

Portland, Aug. 9.—Sheepskins—Shearlings, 15 to 20c; short-wool, 25 to 35c; medium-wool, 30 to 50c; long-wool, 60c to $1 each.

Hides—Dry hides, No. 1, 16 pounds and upward, 14 to 15c; dry kip, No. 1, 5 to 16 pounds, 15c per pound; dry calf, No. 1, under 5 pounds, 15 to 16c; dry salted, one-third less than dry flint; salted hides, sound steers, 6 pounds and over, 7 to 8c; do 60 to 60 pounds, 7c½; do under 50 pounds and cows, 7c; kip, 13 to 30 pounds, 7½ to 8c; do veal, 10 to 14 pounds, 7½c; do calf, under 10 pounds, 7½c; green (unsalted), 1c per pound less; culls (bulls, stags, motheaten, badly cut, scored hair slipped, weatherbeaten or grubby), one-third less.

Eastern Livestock.

Chicago, Aug. 9.—Cattle—Receipts, 8000, including 2500 Western steers; strong to shade higher; good to prime steers, $5.50 to $6.05; poor to medium, $4.80 to $5.40; stockers and feeders, steady, $3 to $4.65; cows, $3 to $4.50; heifers, $3 to $4.90; canners, $2.20 to $2.75; bulls, $2.75 to $4.50; calves, $5 to $6.90; Texas-fed steers, $4.30 to $5.30; grassers, $3.25 to $4.25; bulls, 2.50 to $3.40.

Hogs—Receipts today, 22,000; tomorrow, 20,000; left over, 3771; opened 5c higher closing weak; top, $5.57½; mixed and butchers, $4.20 to $5.55; good to choice heavy, 5.20 to 5.50; rough heavy, $5 to $5.15; light, $5.30 to $5.37½; bulk of sales, $5.30 to $5.50.

Sheep—Receipts, 14,000; steady; good to choice wethers, $4.40 to $4.65; fair to choice mixed, $3.74 to $4.25; Western sheep, $4.40 to $4.60; Texas sheep, $3.15 to $4.20 native lambs, $4.10 to $5.40; Western lambs, $4.65 to $5.40.

Worse Than War.

Hundreds are killed in war, but hundreds of thousands are killed by consumption. There would be no deaths at all caused by this terrible disease, if people could be made to understand that Shiloh's cough and consumption cure is a sure remedy if taken in the early stages. 25 cts., 50 cts. and $1 a bottle. Druggists will refund the money if a cure is not effected. Tallman & Co., leading druggists.

RECEIVER WANTED.

D. C. O'Reilly Asks for One for the Columbia Southern.

An action has been commenced in the circuit court for Sherman county by D. C. O'Reilly against the Columbia Southern railway, a corporation, May Enright, E. E. Lytle, W. H. Moore, A. E. Hammond and C. E. Lytle, officers of the corporation.

Plaintiff O'Reilly in his complaint alleges that he is a stockholder in the company, owning 1147 of the 3000 shares of capital stock in the corporation; that he has been deprived of any voice in the management of the affairs of the company and refused permission to examine its accounts; that exorbitant prices have been paid for the extension of the road from Moro to Shaniko that $130,000 was paid to E. E. Lytle for the right of way from Moro to Shaniko, whereas the actual cost of the right of way, was only $4500. He therefore prays that he have judgment against E. E. Lytle and W. H. Moore for $130,800 and such other sums as have been wrongfully taken from the company, and that a receiver be appointed to take charge of the affairs of the corporation.

E. E. Lytle claims the suit is simply a case of blakmail. Mr. O'Reilly was one of the promoters of the company and formerly in the freight department of the O. R. & N. Co. where he held a very responsible position.

The Noble Camp.

Carl Greenawald and his sister-in-law, Miss Euma Noble, have returned from a visit at the Noble camp on Meacham creek, six miles from Hidaway springs. Mr. and Mrs. Noble and the children, and quite a number of friends and relatives, constitute the camp, and they will remain for a couple of weeks longer. Miss Noble was one of a party of three that caught 145 trout on one of their excursions, some of the fish being a foot long. The only drawback to the general good time is the fact that Mr. Noble has not improved in health, and camp may perhaps be broken prematurely on that account.

A Powder Mill Explosion.

Removes everything in sight; so do drastic mineral pills, but both are mighty dangerous. Don't dynamite the delicate machinery of your body with calomel, croton oil or aloes pills, when Dr. King's New Life Pills, which are gentle as a summer breeze, do the work perfectly. Cures headache, constipation. Only 25c at Tallman & Co.'s drug store.

A lady's chainless Columbia, good as new, a $75 wheel, for $35 at the Crescent agency in the East Oregonian building.

My little girl's hair did not grow. It was harsh and dry, and would break off, and her scalp was full of dry dandruff that I could not comb out. A place around the back of her head was bald, and on the top of her head the hair was only two or three inches long. I used CUTICURA SOAP and some CUTICURA Ointment, and her hair has come in thick and as soft as silk. MRS. A. DOWNEY, Alfred, O.

Warm shampoos with CUTICURA SOAP and light dressings with CUTICURA, purest of emollients, will clear the scalp and hair of crusts, scales, and dandruff, soothe irritated and itching surfaces.

When Going Out

One's appearance should be a subject for compliments and not apologies and explanations. Dress is so largely a matter of linen that the laundry question is all important. Disregarding the rule of spic and span tells severely against the offender. Our perfect work all the time at short prices has won us the general favor of good dressers.

DON'T BE DUPED

There have been placed upon the market several cheap reprints of an obsolete edition of "Webster's Dictionary." They are being offered under various names at a low price

By

dry goods dealers, grocers, agents, etc., and in a few instances as a premium for subscriptions to papers.

Announcements of these comparatively

Worthless

reprints are very misleading; for instance, they are advertised to be the substantial equivalent of a higher-priced book, when in reality, so far as we know and believe they are all, from A to Z,

Reprint Dictionaries,

phototype copies of a book of over fifty years ago, which in its day was sold for about $5.00, and which was much superior in paper, print, and binding to these imitations, being then a work of some merit instead of one

Long Since Obsolete.

The supplement of 10,000 so-called "new words," which some of these books are advertised to contain, was compiled by a gentleman who died over forty years ago, and was published before his death. Other minor additions are probably of more or less value.

The Webster's Unabridged Dictionary published by our house is the only meritorious one of that name familiar to this generation. It contains over 2000 pages, with illustrations on nearly every page, and bears our imprint on the title page. It is protected by copyright from cheap imitation.

Valuable as this work is, we have at vast expense published a thoroughly revised successor, known throughout the world as

Webster's International Dictionary.

As a dictionary lasts a lifetime you should
