AN EXCITING CHASE.

A Man Was in a Hurry to Reach 305 Johnson Street.

An excited individual dashed down Main street Friday afternoon, knocking pedestrains right and left to their chagrin and indignation. Two officers were in hot pursuit, but were unable to over-take him, while the bewildered crowd wondered what was all about, as the runner dashed through Johnson street. Several citizens took up the hue and cry and joined in the chase. Just as they were about to overtake the fugitive, he dashed into 305 Johnson, between Webb and Alta streets, the house where Prof. Sterling, the palmist lives, and waiting, said: "I want my hand read and you to tell me what is in store for me. I heard that you tell a person about business, marriage, sickness, death, changes, travels, divorces, separations, lawsuits, wills, deeds, mortgages, or absent friends, new inventions, patents pending, mining claims, whether you will receive fair dealing with your partners, etc." The crowd was thus convinced that the excited man was in his right mind and dispersed. Professor Sterling, the palmist, will tell you what your destiny will be. His charges are 50 cents and $1. His office 305 Johnson street, between Alta and Webb streets.

Worse Than War.

Hundreds are killed in war, but hundreds of thousands are killed by consumption. There would be no deaths at all caused by this terrible disease, if people could be made to understand that Shiloh's cough and consumption cure is a sure remedy if taken in the early stages. 25 cts., 50 cts. and $1 a bottle. Druggists will refund the money if a cure is not effected. Tallman & Co., leading druggists.

THE ATHENA NEIGHBORHOOD.

Personals and Local News; J. K. Salling Very Ill; the Pendleton Fair.

The East Oregonian is indebted to the Athena Press for the following items:

J. W. Foley this week sold 200 acres near Adams to Oliver Holcomb, for $3250.

J. K. Salling lies critically ill at his home in Athena. He has been troubled for some months with liver complaint which has now reached an acute stage. His children who are absent have been sent for.

W. E. Young this week sold his residence property to Charles Brown, a reservation farmer, for $1200. Mr. and Mrs. Young will leave soon for Portland.

G. W. Bradley will meet his daughter, Miss Effie, in Pendleton, this week, where they will enjoy the festivities of the carnival together. Miss Bradley's home is in Portland.

From a private letter it is learned that Mr. and Mrs. L. D. Lively are pleasantly settled in their new home in Lostine, Wallowa county, and expect to be well satisfied with their future in that prosperous valley.

Mrs. Laura Hales was called to Pendleton Wednesday by telephone to attend the bedside of her sister-in-law, Mrs. Will Rigby, who is very low with that dread disease, consumption. Many friends of the family in this community are saddened by the intelligence.

The work on the warehouses for which A. M. Gillis was contractor, has been completed. The warehouses which Mr. Gillis built for the Pacific Coast Elevator Co., and for the Puget Sound Warehouse Co. consumed over one million feet of lumber, and cost in labor and material, over $20,000.

Pendleton's street fair and harvest carnival is a greater credit, considering the size of the place, than the one recently held in Portland. Many of the attractions which entertained people at the Portland fair can be seen at Pendleton. The exhibits are good, the different booths being artistically decorated. The Portland exhibit of grains and cereals collected and arranged by Mr. Judson, of the O. R. & N. Co., is on exhibition at Pendleton, intact, and is a most creditable showing. Pendleton deserves credit for having set the pace for other Inland towns, in offering a stimulating incentive for the development of better products from both factory and soil.

It isn't the material

That goes into your repaired watch that results in a perfect job. It is the

KNOW HOW

that does the business. Any bungler can buy the fine kinds of material that I use in repairing; but

SKILL

is the most valuable material that can be used in watch repairing; and the bungler can't buy it. I sell my skill for what it is worth, and it will cost you less than bungling at lower price.

Is This Plain Enough.

If you have a nagging cough and are losing flesh, go to a drug store, and get a bottle of Shiloh's Consumption cure. Take two-thirds of it, and then, if you are not benefited, return the bottle to the druggist, and he will return your money. Isn't that fair? No one could ask more. 25 cts., 50 cts. and $1 a bottle. PENDLETON STREET FAIR AND CARNIVAL ASSOCIATION.

Five Things.

The five diseases for which Shiloh's Consumption Cure is especially recommended, are Coughs, Colds, Whooping Cough, Croup and Consumption. No medicine ever made by man is equal to it in any respect. Sold under a positive guarantee. Money back if it fails. 25 cts, 50 cts and $1 a bottle. Tallman & Co.

No Relief for Twenty Years.

"I had bronchitis for twenty years," said Mrs. Minerva Smith of Danville, Ill., "and at times have been bedfast. I never got relief until I had taken Foley's Honey and Tar. It is pleasant and gives quick relief, and is a sure cure for throat and lung diseases." Take nothing else.

A New Safety Match.

A match has at last been discovered which can be manufactured absolutely without the the aid of phosphorus. This safety match contains neither red nor yellow phosphorus nor a compound of phosphours, but possesses the great advantage of being able to be manufactured with the plant and machinery hitherto in use. Invention still strides onward through every line, and yet there are some things which seem imperious to improvement. For instance, Hostetter's Stomach Bitters, that famous medicine, has stood unequalled for fifty years as a corrective of stomach disorders. Imitations have sprung up about it, but like a beacon light, it has stood immovable, pointing the way to health from all such ailments as constipation, indigestion, dyspepsia, biliousness, sluggish liver or weak kidneys.

A SCENE AT COURT.

Opera House Filled Friday Evening to See Queen, Attendants and Dancers.

Frazer opera house was again filled Friday evening, the attraction being a scene at court, with Miss Bertha Wells as queen and her entire suite, ladies and maids in waiting, lord chamberlain, knights, court jester, etc., all in full court dress, and making a pretty picture. The dancing under direction of Prof. J. N. Beggs was again the brilliant feature and called forth unstinted praise. The queen feature of the fair, with its accompanying attractions, has been greatly enjoyed. Prof. Beggs wishes to extend his grateful appreciation to the members of his different classes of dancers and their parents for their valuable assistance in making the dances so attractive; also to the committees of ladies who have assisted in various ways, and to the opera house management and attendants for the courtesies they have shown him.

There is more catarrh in this section of the country than all other diseases put together, and until the last few years it was supposed to be incurable. For a great many years doctors pronounced it a local disease and prescribed local remedies, and by constantly failing to cure with local treatment pronounced it incurable. Science has proven catarrh to be a constitutional disease, and therefore requiring constitutional treatment. Hall's Catarrh Cure, manufactured by F. J. Cheney & Co., Toledo, Ohio, is the only constitutional cure on the market. It is taken internally in doses of from ten drops to a teaspoonful. It acts directly on the blood and mucous surfaces of the system. They offer one hundred dollars for any case it fails to cure. Send for circulars and testimonials. Address F. J.
