300 Jackets and Capes consigned to Cleaver Bros Dry Goods Co.

We have made arrangements with the Perceval Palmer Cloak Co., Chicago, to handle their Jackets, Capes and Suits on commission. Only the Palmer Garments are known from east to west as the best style and fitting garments on the market.

Our commission for handling these goods is small and we will always have the latest in these three lines to show you. Our Jackets, Capes and Suits are now and in the future will be the newest and cheapest in the Northwest; we will beat any price you can get.

Best things in the market will arrive every week.

DAY, OCTOBER 23, 1900.

PHILIPPINE LETTER.

County Boy Says the Islanders are Fighting Constantly.

P. I., Sept. 18.—To the Newsdays, when looking for the United States volunteers can feel sure they will hear battle roar almost every day we spend here. September 15 was time set for a general uprising of the entire island, and it looks. The city of Manila was not attacked, but the Manila and Dagapan line was attacked at the station here. The attack extended to the insurgent headquarters at Molos. Fire was very heavy for two hours. The insurgents managed to capture about three miles of telegraph wire, tore up the railroad for some distance, which resulted in the delay of trains. Few Americans were wounded, none killed; the insurgents losing many. During scouring by three detachments of Companies A, B, and H, 29th infantry, on September 16, an insurgent column was sighted and soon fight began.

I must say the niggers fought well under command of General Teson, resulting in heavy loss on both sides, the Americans having 14 killed, 8 wounded, with Captain Shriber of A company, who was shot through the lungs, yet will probably recover.

The train which brings us rations is unable to run yet, and that deprives us of meat, although we have six months rations in store.

We are not allowed to leave our quarters after the hour of 6, or after sunset. Fighting is growing more important each day, and the insurgents are making very many important captures of late.

Friends, never think these people can be whipped, until they cannot get any more firearms. They have in their possession now Mausers, shotguns and Winchesters of the latest model, for our own company has captured such weapons.

The Oregon volunteers may know how to sympathize with one in the Philippines in the rainy season.

Clarence Moore, of Ukiah, Oregon, sends regards to old friends and relatives.

WILLIAM MANEE,
Company H, 35th Infantry.

$100 Dollars Reward, $100.

The readers of this paper will be pleased to learn that there is at least one dreadful disease that science has been able to cure in all its stages, and that is catarrh. Hall's Catarrh Cure is the only positive cure now known to the medical fraternity. Catarrh being a constitutional disease requires a constitutional treatment. Hall's Catarrh Cure is taken internally, acting directly on the blood and mucous surfaces of the system, thereby destroying the foundation of the disease, and giving the patient strength by building up the constitution and assisting nature in doing its work. The proprietors have so much faith in its curative powers that they offer One Hundred Dollars for any case that it fails to cure. Send for list of testimonials. Address,

F. J. CHENEY & CO., Toledo, Ohio.

Sold by Druggists, 75c.

Hall's Family Pills are the best.

WILL PARSONS' REGIMENT.

Credit for Capturing Filipino General Pilar.

A member of the volunteer forces in the Philippines writes to a Eugene friend:

"The Thirty-fifth should receive the credit for the capture of Gen. Pilar. This is the way it happened: At Baliuag, where some of the Thirty-fifth were stationed, three well-dressed Filipinos, surrounded by about 20 natives of the town, were noticed on one of the side streets. Three American soldiers approached toward them. When in about 30 feet of them, one of the natives yelled out, 'Americans!' These three well dressed natives were seized and taken toward headquarters. One of the natives was found to have no hat, after they had started. One of the soldiers went back and found his hat. In this hat was found some messages to Gen. Pilar, who was in Manila at the time. They were taken to headquarters and turned over to the commanding officer. Then the natives were forced to give Pilar's address. This information was telegraphed to Manila, where the native police were sent to arrest him, which they did. In the papers the police were given the honors and advanced a notch. The Thirty-fifth also stands among the first in capturing the most guns."

His Life Was Saved.

Mr. J. E. Lilly, a prominent citizen of Hannibal, Mo., lately had a wonderful deliverance from death. In telling of it he says: "I was taken with typhoid fever that ran into pneumonia. My lungs became hardened. I was so weak I couldn't even sit up in bed. Nothing helped me. I expected to soon die of consumption, when I heard of Dr. King's New Discovery. One bottle gave great relief; I continued to use it, and now am well and strong. I can't say too much in its praise." This marvelous medicine is the surest and quickest cure in the world for all throat and lung troubles. Regular sizes 50c and $1. Trial bottle free at Tallman & Co.'s drug store. Every bottle guaranteed.

Sealed Bids.

On November 15, 1900, at Pendleton, we will receive sealed bids for 1000 cords of red fir wood, winter cut, to be delivered f. o. b. cars O. R. & N. Co. track anywhere this side of Kamela, before July 1, 1901. Bids may be made on whole number of cords or as low as one hundred cords. We will advance seventy-five cents per cord as soon as wood is cut and branded and turned over to our authorized agent.

TRUTHS OF DEMOCRACY.

JUDGE A. S. BENNETT IN A STRONG POLITICAL ADDRESS.

Presents Some Powerful Arguments on the Current Issues.

Judge A. S. Bennett, of The Dalles, before an audience filling the court house, spoke on the political issues from a democratic stand point on Monday night. It was an address full of earnest thought, and indicating the close, careful analysis of the man of study. Absolute candor marked it throughout, and the generous attitude assumed towards the opposition was strikingly a feature. He was introduced by Col. Raley, the county chairman, in a happy manner.

After an appropriate exordium, Judge Bennett said:

"There is a question before us that concerns the very structure of the government. It is imperialism and militarism. And the democracy is inclined to fight it out on that line, while the republicans are prone to ignore these things, and to talk only about the condition of the country. They talk about the full dinner pail, and of that only.

"Why my friends, the republicans seem to think that so long as a man has enough to eat, he ought to be content. Do you remember that the slaves in the south had a 'full dinner pail,' always enough to eat, and yet their condition was not enviable?"

At this point, he read excerpts from the Portland Oregonian, showing the actual conditions among the anthracite coal miners in the east, picturing the awful suffering and showing that the average annual wages of 120,000 men there are $250, men with families. The ten per cent increase now promised since the strike would add $25 to this miserable stipend.

Judge Bennett had kept files of the Portland Oregonian, and had collated therefrom numerous news items which show that during the past year 500,000 men have been thrown out of employment. He read excerpts proving his assertions.

Why Wheat is Low.

Taking up the question of the price of wheat, he quoted from the Oregonian market reports showing that current prices are now 23 cents lower in Portland now than in 1896.

"But, why is wheat low? Is President McKinley responsible for the low price of wheat? Surely, he is as much responsible for the low price of wheat as he is for the high price of sheep and cattle. For, were it not for the Filipino policy of Mr. McKinley, the cost of wheat carrying to Liverpool would be lower, and the price of wheat would be higher.

"I understand that Senator Fulton the other night lauded to the skies Grover Cleveland and compared him to W. J. Bryan, and then in his next breath asserted that the moment Cleveland took the chair the country went to smash. If this be the republican idea of great men, it certainly is not the democratic."

Question of Panics.

Judge Bennett demnostrated that there had been four great panics in the United States, two under democratic and two under republican rule, and read such documents as President Grant's message to congress in 1873 as a criterion.

A Mess of Pottage.

"However, the argument of the full dinner pail is not adequate," continued the speaker, as he quoted from the Bible the story of Jacob and Esau, when a mess of pottage bought a birthright.

"And," said Judge Bennett, "the republicans come to you with just such a proposition, and would barter away the birthright of the republic in the imperial policy now enforced by the administration."

The speaker then delivered a beautiful eulogy on Lincoln and Jefferson, and a noble sentiment of rejoicing that time has softened the asperities of the past and that now the blue and the gray are mingling and the dark days are forgotten.

Governing Distant Colonies.

"As to this question of governing the Philippines," said the speaker, "why do we hug a delusion to our breasts, and talk about giving the Filipinos a better government than they can give themselves? Do you not know that if we own those islands the republican party will send over there a lot of worthless political hacks, to rob those Filipino blind, and then, if the democratic party come into power, we would send the same kind of office holding robbers to continue the robbery, for it is but human nature.

"God never created a people that could not govern itself better than some other nation could govern it. For even the birds of the air are created with a love of liberty, and that liberty is sweeter than the finest gilded cage that can be constructed.

Does it Pay?

"Then, is it a paying enterprise? Our commerce with the islands now is something more than two millions. How much of that is profit? Surely not very much. And does anyone think that our commerce will ever be great enough so that the profit will be equal to the hundred million dollars which we are paying and must continue to pay, if we hold the islands?

"And, think, fellow citizens, of the cost in principle. Why, a good republican friend of mine said the other day that he could stand the hundred millions a year, but what he didn't like was that he would be compelled now to rewrite all his Fourth of July speeches; he hated to have to blush when the Declaration of Independence is mentioned.

Militarism.

"Our republican friends scout the danger of militarism. Governor Roosevelt illustrated by having four men stand up in an audience of 4000, and said, What can such a proportion of soldiers do with our great nation?" And the Kentucky troubles and the stopping of the marching miners the other day were utilized in showing the menace offered by a large standing army.

Some delicate attention was given to Mark Hanna, "who dares arise and say that W. J. Bryan is not sincere! W. J. Bryan, the first man who ever dared say to a national convention, if you don't make a platform such as I believe in, I won't take the nomination."

Even Bryan Made Mistakes.

Regarding the Spanish treaty, Judge Bennett said that although he thought Mr. Bryan the grandest man in all the world, yet he was not more than human, and might make a mistake, and that he made a mistake when he asked the ratification of the treaty.

He quoted the Oregonian of issue at the time of the pendancy of the treaty, calling for the treaty's acceptance, and saving that, there was in the treaty nothing touching the question of imperialism, and that that question could be taken up later, after the treaty was signed. And he repelled the imputation of insincerity by Mr. Bryan in his present position.

A fervid tribute to the flag, and an eloquent reference to the history of the struggles for liberty and the splendid success gained, for which the flag stands, was the closing of the strongest political speech heard here this year.

No Right to Ugliness.

The woman who is lovely in face, form and temper will always have friends, but one who would be attractive must keep her health. If she is weak, sickly and all run down she will be nervous and irritable. If she has constipation or kidney trouble her impure blood will cause pimples, blotches, skin eruptions and a wretched complexion. Electric Bitters is the best medicine in the world to regulate stomach, liver and kidneys, and to purify the blood. It gives strong nerves, bright eyes, smooth, velvety skin, rich complexion. It will make a good-looking, charming woman of a run-down invalid. Only 50c at Tallman & Co.'s drug store.

DEATH OF MAJOR GOLDBERG.

Ate Poisonous Mushrooms at Quapaw Agency—Known Here.

Major and Mrs. Goldberg, mentioned in the following from the Seneca, Mo., Dispatch, are known to a number of Pendleton people:

"Major Edward Goldberg and wife, of the Quapaw Indian Agency, are dead from eating poisonous mushrooms. Their son, Ned Goldberg, was also ill from the same cause, but has recovered. The sad news of the fatal poisoning of Major Edward Goldberg, U. S. Indian agent, of the Quapaw Agency, was brought to Seneca Tuesday morning by the agency clerk, Mr. H. B. Durant.

"Maj. Goldberg expired about 9 a. m., Tuesday, Oct. 9, and the news of his death was the first intimation that his friends and acquaintances here had of the serious illness of himself and wife.

"Dr. H. L. Porter was summoned at an early hour Tuesday morning, but found Maj. Goldberg past all medical aid when he arrived at the agency."

JIM STANFIELD PROSPERS.

Former Umatilla County Man Sells Valuable Ranch in Idaho.

Concerning the affairs of J. B. Stanfield, formerly of Pendleton, and remembered by very many people here, the Republican, published at Mountain Home, Idaho, says in its last edition:

"J. B. Stanfield, last week, closed a deal with Walker Bros., of Cold Spring Creek, whereby he transferred to them all his property interests including his ranch on Camas Prairie and cattle upon the range, the consideration being $47,675. The deal is one of the largest that has been made in this line for some time and we wish the Messrs. Walker success in their large undertaking. We understand that Mr. Stanfield will come to Mountain Home to live in the future and we take pleasure in welcoming him to our prosperous city and hope his stay among us will be both pleasant and profitable."

Do not get scared if your heart troubles you. Most likely you suffer from indigestion. Kodol Dyspepsia Cure digests what you eat and gives the worn out stomach perfect rest. It is the only preparation known that completely digests all classes of foods; that is why it cures the worst cases of indigestion and stomach trouble after everything else has failed. It may be taken in all conditions and cannot help but do you good. Tallman & Co., leading druggists.

INTERNATIONAL PRESS LEAGUE.

To Meet in Portland During July of Next Year.

Portland entertains the International Press League next July, and preparations are now in progress to make the big meeting a success. It is said that this league is composed largely of writers and editors of papers such as the New York "Sun," "World," "Journal," "Record," Boston "Globe," "Transcript," Philadelphia "Ledger," "Times," Baltimore "American," "Sun," Buffalo "Courier," and dozens of other newspapers, of as much prominence throughout the United States, besides journals of education and fraternal societies and also many magazines.

"The International League of Press Clubs" was organized in Pittsburg, Pennsylvania, 1891. Its first president, and the man known as the "Father of the League," was Thomas J. Keenan, editor of the Pittsburg Press. Mr. Keenan was elected president this year at the convention held in New York City and will preside at the Portland meeting.

Georgia Showers.

The Georiga shower is a peculiar one, and sometimes a single day has a score of them. It is on you before you know it. For a few moments the lightning flashes, the thunder rolls and the rain falls, and it is apt to cease as suddenly. Out comes the sun again as smiling and serene as though no great damage had been done to the crops. There is something else that comes on one unawares, and that is dyspepsia. Many people have suffered years from this complaint, because they have allowed indigestion, constipation and biliousness to become chronic. Hostetter's Stomach Bitters should be taken at the first sign of indigestion. It will strengthen your stomach and produce sound sleep, and good health must naturally follow.

If You Want

A buggy or a hack, you should inspect the stock of W. H. Jones. He has an immense stock on hand, including the famous Studebaker buggies, acknowledged to be the best in the world. The painting and trimming of these buggies are the newest out. Mr. Jones also has a large stock of drills and other farm machinery at prices to beat competition.

It Will Do You Good.

A blood purifier and tissue builder is Karl's Clover Root Tea. Sold for half a century on our guarantee. Money refunded if results are not satisfactory. Price 25 cts. and 50 cts. Tallman & Co.

As to Prescriptions

when physicians recommend you to have them compounded by us, what does that mean? Simply the certainty on their part that you will get exactly what is prescribed—the right quantity and the right quality, which is even more important. But we go further than that, for we take honest pride in our skill in compounding.
