Physicians' Prescriptions Our Specialty

Drug Stores are really neighborhood department stores in which various lines are featured. One druggist may push patented preparations, another toilet goods, cameras, optical service, the fountain or other department which nets him good financial returns.

Our specialty has always been the filling of Physicians' Prescriptions, and as a result our store has become a prescription center. We carry an exceptional stock of prescription drugs, and our laboratory equipment is up-to-date. We employ only experienced graduate pharmacists.

All of your Prescriptions and Recipies are important and deserve the special care which we are able to give them.
