FAVORS IRRIGATION.

Eastern Firm Says Eastern Factories and Wholesalers Support it.

A letter recently addressed to Turner & Co., Helena, Montana, is as follows:

"Gentlemen: When we consider that if the waters that go to waste in the western half of the United States were saved and utilized for irrigation purposes the west would sustain a greater population than the whole United States contains today, the magnitude and great commercial importance of the proposition is apparent. The National Irrigation Association has undertaken to draw together the business interests of the country to co-operate to secure the inauguration of the national irrigation policy, which is fully explained in the enclosed summary. We believe the movement should have the support of every merchant and manufacturer in the country. We have joined the association and would be glad to have your co-operation as a member. Check for the membership fee should be made payable to Hon. James H. Eckles, treasurer of the association, 1707 Fisher building, Chicago. Mr. Eckles is president of the Commercial National bank of this city.

"Signed,)
REID, MURDOCK & CO."

SHE "SANE ALWAYS HUNGRY."

Swedish Young Lady of Ole Olson Company and Her Troubles.

"Americans who do not speak French will doubtless be caused considerable inconvenience and often times even privations while visiting Paris and the exposition," said Ben Hendricks, the Swedish dialect comedian. "And that recalls to my mind the great difficulties the Swedish young ladies who were members of my 'Ole Olson' company, a few seasons ago, used to have before they learned to speak English. One young lady in particular, I remember, seemed to have more than her share of troubles. Once she said to me: 'Oh, Mr. Hendricks, Aye vane always hungry when Aye first come to dese country; all Aye could say when Aye come to dining room for mae meals bane 'Tea too stronk—hot water.' I thought it was funny, but she failed to see where the laugh come in."

Ole Olson will be at the Frazer tomorrow, Wednesday, night.

A Good Thing.

GEORGE WILSON, CHIEF MINSTREL.

Haverly's Company to Be at the Frazer on Friday Night.

Of all the minstrel organizations extour this season none compare with the newly equipped, Haverly's Mastodon Minstrels, a new company with an old and tried title. Everywhere this splendid attraction has been seen both press and public endorse it as the best ever seen and are delighted with the quality and quantity of mirth, music and novelty, which Manager W. E. Nankeville has secured for his company. The principal comedian is none other than that prince of funmakers, George Wilson, who is without doubt the superior of all others, and the most extensively imitated minstrel in the world. The company numbers otherwise in its ensemble some thirty-nine members and from the handsome new first part to the finale of the performance there is not a dull second, and in every department will be found rippling fun, charming music, superb scenery and the costuming gorgeously designed. The New Haverly's Mastodon Minstrels come to the Frazer Friday night.

Brave Men Fall

Victims to stomach, liver and kidney troubles as well as women, and all feel the results in loss of appetite, poisons in the blood, backache, nervousness, headache and tired, listless, run down feeling. But there's no need to feel like that. Listen to J. W. Gardner, Idaville, Ind. He says: "Electric Bitters are just the thing for a man when he is all run down, and don't care whether he lives or dies. It did more to give me new strength and good appetite than anything I could take. I can now eat anything and have a new lease on life." Only 50 cents, at Tallman & Co.'s drug store. Every bottle guaranteed.

Pioneers to Give a Ball.

A grand ball will be given by the Pioneers of the Pacific, at La Dow Hall Nov. 14. Supper will be served by the ladies of the order from 10 to 12 p. m. Dance tickets, including supper, 75 cents. A good time is promised all who wish to participate. Music furnished by Kirkman's orchestra.

SUGGESTIONS TO LEGISLATURE.

GAME AND FISH LAWS SHOULD BE AMENDED AND CODIFIED.

Sportsmen of Pendleton Meet and Consider the Subject.

A rousing meeting of sportsmen of Pendleton was held Saturday evening in the council rooms to discuss amendments to game and fish laws. The wisdom and experience of a large section of country was represented. The expressed opinion was that there should be numerous changes in the game laws of the state of Oregon, and the proposed changes are to be brought to the attention of the legislature next winter. It is thought that in order to simplify matters the laws should be codified and as amended be embodied in one act. This would do away with a great deal of unnecessary and difficult work now attendant upon getting information as to what the laws really are.

Following are changes suggested by the Pendleton sportsmen, after full and free discussion:

Deer—Closed season between November 1 of each year and August 1 of the following year. The closed season at present ends July 15. Other parts of law to remain as they are.

No change suggested in regard to law governing beaver, elk, moose, mountain sheep and silver gray squirrel.

Bob white quail—Closed east of Cascade mountains for four years. All other kinds of quail, killing prohibited at all times east of Cascade mountains. Killing of more than 10 birds in one day, instead of 15, as at present.

Prairie chickens—Killing prohibited for two years; then closed season east of Cascade mountains November 15 to August 15 of following year.

Ducks—Close season February 1 to September 1, thus commencing one month earlier than at present; no sales allowed east of Cascades.

Grouse, partridge and pheasant—No change, except that native pheasant be classed as ruffed grouse; recommendation that a committee from Oregon legislature confer with a similar committee from the Washington legislature and that the laws of the two states be made to conform.

No change suggested in regard to Denny pheasant.

Jack snipe, swan and wild turkey—No change.

Salmon—Change suggested that salmon may be caught at all times in Columbia river and tributaries with hook and line; seine and trap closed season to remain as now.

Trout and grayling—Unanimously recommended that the catching of trout and grayling less than six inches in length be prohibited, instead of allowing them to be caught five inches in length; closed season November to following March of each year.

Eastern brook trout (salvelinus fortinalis)—Closed season to end January 31, 1904, instead of January 31, 1902.

Lochleven trout (salmo trutta levemensis)—Closed until February, 1902; no change.

Lake trout or red fish—No change; closed season August 10 to December 31 each year.

Regarding number of fish to be caught by one fisherman in one day; that the maixmum be placed at 125 fish, or a O O basketful.

SURPRISED THE GUARDIANES.

Number of Friends From Pendleton Attended—Some Political Fun.

A surprise party gathered at the home of Mr. and Mrs. John S. Gurdane in East Pendleton Monday evening. There were about 25 persons in the party from Pendleton proper, and they took their baskets filled with good things. Time was pleasantly spent in singing, amusements and discussing the merits of the contents of the lunch baskets. A test vote was taken on the presidential question, and Bryan did not receive "16 to 1," but 16 to 14. Considering the fact that Mr. Gurdane is republican state committeeman for this county, the vote was a surprise. After singing "God Be With You Till We Meet Again," and prayer by Rev. W. B. Gray, of the M. E. church, south, the party took leave, feeling that the evening had been well spent.

ALBA NOTES.

Stock Moving and Personal Mention of Camas Prairie.

The Blackman Brothers stopped at H. T. Connell's ranch Friday night, with 450 head of cows with calves. The cattle consumed four tons of hay at one feed. They were sold to Hamlen and Jones of Pendleton.

George Ellis took 100 head of cattle from his ranch here to his ranch on McKay creek to winter.

R. E. Stewart, of Weston, stopped at Ship's feed stable here with 60 head of milk cows which the Woody creamery had milking, making a total of 610 to cross the mountain in one day.

Mrs. G. E. Stocker started to Pendleton this morning by private conveyance to visit her sister, Mrs. D. Kemler. She will remain a fortnight.

Mrs. J. H. Clifford, who has lived here for 20 years, has moved to Pendleton and bought a house there. She will reside there in the future.

W. McKinsey, of Inverness, Scotland, arrived here last week. He is a brother of Alex McKinsey, the dairyman of this valley. Mr. McKinsey will probably invest in Oregon.

Fred Clark, who has been working at Granite mines all summer, arrived home last night and says that he now has a grub-stake and will develop his quartz ledge on North Fork of John Day this winter. He thinks there are as good prospects there as in the Greenhorn country.

The many friends of Jim Lindsey are sorry to learn that he is on the sick list.

James Pepper will break horses for John Cox on the Dixie ranch this winter.

John Cox is visiting his brother, L. B. Cox, of Portland.

SNOWFLAKE.

SALES OF CATTLE.

Wm. Hanley Brings a Large Bunch From Harney County.

William Hanley has arrived at Pendleton with a large bunch of cattle from Burns, Harney county. He reached Pilot Rock on Saturday evening; Sunday was spent on Birch creek, where the cattle were rested and some cut out for special sales; Monday the cattle were brought to George Jones' ranch on McKay creek, five miles south of Pendleton. The following sales are reported: Swearingen Brothers of Pendleton took 50 yearling heifers; "Mod" McDonald, of Walla Walla, 34 bulls and 19 steers; John Southwell, who has the John Capp place on Birch creek, got 35 head of cows and calves; Mr. Card, of McKay creek, 20 head of cows and calves; Johnny Taylor, of Athens, 32 head of dry cows and heifers. Several hundred head of fat cows, and cows and calves still are unsold. Bill Gibson, who buys for the sound trade, is negotiating for some of those still unsold. Buyers are present from several cities near here and the sale is going on with alacrity.

Freight trains on the O. R. & N. railroad do not carry passengers. That is what caused a Pendleton businessman to "scoot." He was down the road and wanted to get home at the earliest possible moment; the train men would not allow him in the cabboose; being a hustler and determined not to wait for a passenger train, which would have delayed him several hours, he jumped into a boxcar, known to tourists as a "sidedoor palace car," and got to Pendleton on time, with the rest of the freight. He got out of the car in the lower yards and escaped the keen eyes of the "brakies" and police.

Liberty's Lightning Rods.

The statue of Liberty, in New York harbor, was recently struck by lightning and emerged unharmed. One bolt struck the upraised arm and another hit it on the forehead. The statue is protected by the finest system of lightning rods ever made. Lightning is no more dangerous than disease, and yet many people will protect their homes, while exposing their bodies to the deadly enemy. The best protector in the world is Hostetter's Stomach Bitters. It will cleanse the system, invigorate the nerves, and enrich the blood. It does this by strengthening the digestion. Good health depends solely upon the proper performance of this important function. Weakness here results in constipation, indigestion, dyspepsia or biliousness. See that our private revenue stamp covers the neck of the bottle.

NEW GOVERNMENT BUILDING

Agency to Have a New Structure Portland Contractors.

Work on the new government building at the agency is to be commenced soon, according to indications. Messrs. Snore & Robinson, of Portland, have the contract. Dan A. May, of Pendleton, will perform the mason work on the basement and foundation. The edifice is to be 40x60 feet, two stories high. It will be of wood or brick, probably the latter, but that has not been positively decided. Mr. Robinson, one of the contractors, is expected to arrive from Portland Wednesday or Thursday of this week to make arrangements for the inauguration of the work. Repairs are also to be made to the dormitory.

Millions Given Away.

It is certainly gratifying to the public to know of one concern in the land who are not afraid to be generous to the needy and suffering. The proprietors of Dr. King's New Discovery for consumption, coughs and colds, have given away over ten million trial bottles of this great medicine; and have the satisfaction of knowing it has absolutely cured thousands of hopeless cases. Asthma, bronchitis, hoarseness and all diseases of the throat, chest and lungs are surely cured by it. Call on Tallman & Co., druggists, and get a free trial bottle. Regular size 50c and $1. Every bottle guaranteed, or price refunded.

LONG AND SAD JOURNEY.

Albert D. Hammett's Opinion Has Been Changed.

Among the visitors in Pendleton for the past few days has been Albert D. Hammett, of St. Joe, Mo., who came here for the purpose of looking after the effects of his brother, William P. Hammett, better known as "Ponco," who was killed near Mountain Home, 30 miles south of Pendleton on Friday, October 26. He started immediately upon receiving the sad news of the death. Mr. Hammett left today for Mountain Home, via Pilot Rock, and will visit the scene of the fatality and secure the personal effects of deceased from Harry Folsom, for whom "Ponco" was working when accidentally killed.

Mr. Hammett states that his trip to Oregon has had a good effect in regard to disabusing his mind of certain opinions regarding the people of this section. Like a great many other people from the Middle West and Eastern states, he had a wrong impression of western society and civilization. He states that his visit here has been valuable to him on that account, and that he has been kindly treated by the many friends of his dead brother, which has lessened the sorrow always naturally attendant upon a sad trip of this kind. He wishes to thank those friends on behalf of his father and brother, as well on his own account, for their actions incident to the last sad rites.

Mr. Hammett is a letter carrier at his home in St. Joe, and had a good word to say in regard to Pendleton's progressive spirit everywhere displayed in comparison with the cities of the great Mississippi basin. He has changed his views in regard to the lawless and other distinctively wild and woolly features of what he imagined Western civilization to be and will go back home much more contented than when he came.

You can't afford to risk your life by allowing a cough or a cold to develop into pneumonia or consumption. One Minute Cough Cure will cure throat and lung troubles quicker than any other preparation known. Many doctors use it as a specific for grippe. It is an infallible remedy for croup. Children like it and mothers endorse it. Tallman & Co., leading druggists.

As to Prescriptions

when physicians recommend you to have them compounded by us, what does that mean? Simply the certainty on their part that you will get exactly what is prescribed—the right quantity and the right quality, which is even more important. But we go further than that, for we take honest pride in our skill in compounding.
