CANNOT BE EXCELLED.

Two Carloads of Albums, Toys, Dolls and Games

If you see a good thing push it along. That is exactly what Fred Noll has done and is doing. He has the reputation of being one of the best buyers in the city and his customers get the benefit thereof. He buys for cash by wholesale and in addition imports many of his toys, games, etc., direct from Europe, thus getting the same prices as obtained by San Francisco and Portland importers. His stock this fall has been augmented by two carloads of the finest goods that can be bought in all markets. He carries no holiday goods over from one year to another, so that his stock is always new, fresh and of latest design. His stock of albums, toilet sets, fancy cases, dolls, games, toys, etc., is wonderful in quality and price. One line in particular, that of his celluloid goods, is worth a careful inspection by those contemplating purchasing gifts for Christmas presents. In order to get a clear idea of the immensity of Mr. Noll's stock, it will be necessary to call, and the time spent in inspecting will be money saved. Court street, near Main.

Your Face.

Shows the state of your feelings and the state of your health as well. Impure blood makes itself apparent in a pale and sallow complexion, pimples and skin eruptions. If you are feeling weak and worn out and do not have a healthy appearance, you should try Acker's Blood Elixir. It cures all blood diseases where cheap Sarsaparillas and so-called purifiers fail. Knowing this, we sell every bottle on a positive guarantee. For sale by Brock & McComas.

HOUSEHOLD AND KITCHEN FURNITURE

Every Bedroom Set a Poem. Every Cookstove a Work of Art.

There is nothing that fills the bill for solid comfort like a well furnished home. Not necessarily a house stuffed full of unnecessary bric-a-brac, but one where the furnishings are pleasing to the eye and comfortable. If you require anything in the line of household goods go to George R. O'Daniel's store in opera house block on Court street.

WILL MAKE
A PRICE TO
CATCH YOU

Since moving into my new store I have added largely to my stock, and can now show an up-to-date line in FURNITURE STOVES and CROCKERY (cheaper than anybody.) Nice line Mattress Springs, Matting, etc. Come and see my line of HEATERS—WOOD and COAL.

D. R. O'DANIEL.

Court Street ——— Opera House Blk

Cook stoves and heating stoves for wood or coal; iron bedsteads, tables, bedroom sets, card tables for high five or progressive whist, kitchenware, tinware, are displayed in abundance. Mr. O'Daniel also has a splendid line of fancy Japanese goods for beautifying the home. This stock is a good one from which to select a substantial Christmas present. The prices are right and the goods are right.

FALLING HAIR STOPPED.

Baldness Cured by Destroying the Parasite Germ That Causes it.

Baldness follows falling hair, falling hair follows dandruff; and dandruff is the result of a germ digging its way into the scalp to the root of the hair where it saps the vitality of the hair. To destroy that germ is to prevent as well as to cure dandruff, falling hair, and, lastly, baldness. There is only one preparation known to do that, Newbro's Herpicide, an entirely new, scientific discovery. Wherever it has been tried it has proven wonderfully successful. It can't be otherwise, because it utterly destroys the dandruff germ. "You destroy the cause, you remove the effect."

PORTLAND WILL OPEN RIVER.

SIGNS INDICATE THAT THE MATTER IS BEING SERIOUSLY CONSIDERED.

The Oriental Exposition for Portland is Being Discussed in Oregon's Metropolis.

Portland, Nov. 27.—A meeting of the Portland Chamber of Commerce was held this afternoon and final action was taken regarding The Dalles-Celilo canal proposition. The meeting of the trustees was one of the most enthusiastic gatherings of the body that has been held in recent months. E. N. Libby, of the Lewiston Commercial club, was present and presented to the assembly statistics and facts relative to the condition of the country in the Columbia river basin, as to natural resources and developed condition. He showed concinsively that the city of Portland is the natural outlet for all that vast amount of produce and also demonstrated the fact from the figures which he quoted, that the proposed outlet by means of the canal around the Dalles would answer all desired purposes. In the course of his remarks he said that there would be ample business, even with the completion of the canal, for the railroads, and that it was his belief that an open river would so stimulate the development of the country that within ten years five miles of railroad would be in use in the Columbia river basin, to every mile that is in use today.

The trustees were impressed with the figures given by Mr. Libby and, if possible, were at the close of his speech, more than ever desirous of carrying on the proposed construction.

The motion was made that the Oregon delegation in congress be requested to unite with the delegations from Washington and Idaho and endeavor to get a transfer of the unexpended appropriation of money secured some time ago for the construction of a boat railway around the Dalles, and add the unexpended amount to another appropriation to be secure for the construction of a canal and locks of such a nature as to permit of navigation between the upper and lower Columbia river. This motion was carried without opposition. A second motion was made and carried in which the delegation was requested to unite with the congressional representatives from the same states, and procure an appropriation from congress sufficiently large, with the additional amount to be added from the railway fund, to construct such a canal about this portion of the Columbia, as to permit of the navigation mentioned.

The canal is now practically assured. There is no fear that difficulty will be experienced in getting the transfer of appropriation as suggested, nor is there any doubt but that the the appropriation sought will be granted by congress. It is believed, although as yet no definite estimate can be made, that such a canal as it is the intention to construct, will cost about $4,000,000.

This action on the part of the Portland Chamber of Commerce has every appearance of being a proper one, and of such a nature as to receive hearty support, not alone in this locality, but through the entire Northwest.

The Oriental Pacific Exposition.

The effort to bring about affairs in such a manner as to hold an Oriental and Pacific exposition in this city during the summer of 1902 has by no means been abandoned by Portlanders. A committee composed of representative members of the board of trade has been appointed to confer with like committees from the Chamber of Commerce and the Manufacturers' Association and representatives of the press of the city, and endeavor to formulate plans for the exhibition and decide definitely upon some scheme of procedure. The committees will hold a joint meeting as soon as appointed and at that meeting steps will be taken, it is believed, towards the organization of an association or company of a responsible nature that may be at the head of the exposition undertaking. It is the intention of the promoters of the enterprise to make an effort to get appropriations from every state legislature in the union for the establishment and maintenance of exhibits during the fair. An effort will also be made, of course, to get the national congress interested in the undertaking and contribute to the general fund.

HOG CHOLERA CURE.

The Spikes, of Echo, Interested in a Big Chicago Concern.

Elling Spike and his mother, Mrs. Frank Spike, came up from their home at Echo Tuesday and left this morning for Chicago via Spokane and St. Paul. They will there meet Frank Spike, and remain during the winter. Mr. Spike started east on October 20th and went to Fort Dodge, Iowa, where he conducted a series of experiments with a cure for hog cholera, using medicine the ingredients of which he himself arranged in their proper proportions. The experiments were eminently successful, and in consequence Mr. Spike was invited to go to Chicago, which he did. Joseph Rosenbaum and Chagles Haas, two prominent capitalists of Chicago have entered into business arrangements with Mr. Spike, with the intention of entering upon the manufacture of the cure on a large scale. They told him that if he would manufacture 5000 pounds of the medicine they would pay all expenses. Then, if the results from the use of that were as satisfactory as the experiments made at Fort Dodge, a company would be formed with a large capitalization and Mr. Spike would be placed in a position where he could make big money off royalty for the use of the recipe.

This business arrangement may cause Mr. and Mrs. Frank Spike and their son Elling to remove from Umatilla county, which would be regretted, while at the same time they would be congratulated on their good fortune.

CAUSE FOR THANKSGIVING.

A Puritanical Custom That Meets With Favor.

Several hundred years ago, when the Puritan fathers and mothers of New England were picking out days to celebrate they chose Thanksgiving as one among others. It is an easy matter to give thanks under certain conditions. One of these conditions is that of being well fed. The people of Pendleton, for instance have reason to give thanks for having access to a store like that of R. Martin. When it comes to the fattest and most tender turkeys, ducks, geese and chickens, dressed for a Thanksgiving party or for street parade, that is the place to go for them. Vegetables are fresh and toothsome; assortment complete; first-class brands of all kinds of canned goods; mince meat, bread, pies, cakes, fresh spices; everything for the Thanksgiving season at prices as low or lower than elsewhere. Remember R. Martin's grocery, Main street.

Thanksgiving Shooting.

Shooting will commence at 9 o'clock Thanksgiving morning on the grounds of the Pendleton Sportsmen's Association. Shotguns and rifles will be used. All kinds of matches will be arranged. A large number of live turkeys have been secured, which will be offered as prizes. Some of the shooting will be done at the heads of the turkeys protruding from boxes, with rifles, at 75 yards off hand, 85 to 100 yards with a rest. Rinerock contests will take place also, the prizes being turkeys. Shooting will continue all day, or until the sportsmen acknowledge they have had enough fun.

Special Evangelistic Services.

Beginning Sunday morning, December 2, a series of special evangelistic meetings will be held under the auspices of the Christian church of Pendleton in the Congregational house of worship. Rev. J. W. Jenkins of Hood River, Oregon, will do the preaching. The Rev. Mr. Jenkins is a good speaker and will interest and help all who may come. The hearty co-operation of all the members of the congregation is earnestly desired. Special effort will be made to make the music attractive and helpful.

Archie Loryea Dead.

Archie Loryea, who for several years lived in Pendleton, and was engaged in the plumber's trade, died at Spokane Monday of heart disease. He was born in Portland and was a son of Dr. Loryea, a well known old time physician. His age was 35 years. He was a resident in Pendleton in the eighties and early nineties. He leaves a mother and sister in Spokane, besides his brother, and two brothers in California, where the family formerly resided.

"Up in a Balloon."

Frank Muller is a recent arrival in Pendleton and announces that he will go up in a balloon next Sunday afternoon, making his start at 2:30 o'clock, near the court house. His balloon is 135 feet in circumference, 15 broad across the top and 75 feet high. When not filled with gas it weighs 45 pounds. When the balloon reaches a considerable height Mr. Miller will drop out with his parachute, which weighs 35 pounds.

HEAT SHIPMENTS.

The First Made to Europe Via the Orient and the Suez Canal.

Something strictly new in the wheat exporting business came to light Monday, says the Oregonian, in the charter of the British steamship Glenturret by Dolwell & Co., to load on Puget Sound for Europe by way of the orient and Suez canal. The shipment which goes out on the Glenturret will be the first that has ever gone to Europe by way of the orient. The Glenturret, which is the first of a regular line that will ply between Pacific coast ports, will load on her first outward trip about 3000 tons of wheat and will fill up the remainder of her space with freight for the orient. She will touch at Yokohama, Kobe, Hong Kong, Manila, Singapore and Colombo. There is always a large local traffic between these ports and the steamers will discharge and load at each of them.

Freight offerings from Europe to the orient are always heavy, and there will be no difficulty in securing full outward cargoes for the steamers coming this way. They expect to secure enough through freight from Europe to the Pacific coast to enable the steamer to fill up her capacity when she leaves the orient to cross the Pacific.

To accommodate those who are partial to the use of atomizers in applying liquids into the nasal passages for catarrhal troubles, the proprietors prepare Ely's Liquid Cream Balm. Price including the spraying tube is 75 cents. Druggists or by mail. The liquid embodies the medicinal properties of the solid preparation. Cream Balm is quickly absorbed by the membrane and does not dry up the secretions but changes them to a natural and healthy character. Ely Brothers, 56 Warren street, N. Y.

General Fitzhugh Lee, who recently was relieved from duty as commander of the division of Havana and Santa Clara and ordered to take the command of the department of Missouri, relieving General Merriam, will soon proceed to the headquarters of the division of Missouri, at Omaha.

Now is the time when croup and lung troubles prove rapidly fatal. The only harmless remedy that produces immediate results is One Minute Cough Cure. It is very pleasant to take and can be relied upon to quickly cure coughs, colds and all lung diseases. It will prevent consumption. Tallman & Co., leading druggist.

Gus LaFontaine, - - Proprietor.

Pacific Fraternal Relief Society, PORTLAND, ORE. Charter Perpetual

The object of this Society is to furnish to its members a weekly indemnity for loss of time by reason of sickness or accidents, also to those who may desire, a funeral benefit may be added for a small additional cost. Men and women between the ages of 15 and 60 are eligible, provided they be of good moral character, and their application shows them to be in good health. Benefits are payable not to exceed (8) eight weeks in any one sickness nor to exceed (24) twenty-four weeks during any one year. Members are entitled to weekly benefits three months after date of certificate and funeral benefit one year after.

Why you should become a member of the Pacific Fraternal Relief Society—Because sickness and accident are afflictions common to all. Because it indemnifies you against loss of time in case of sickness or accident, misfortunes that always come when least expected. Because where it is possible that you should never be disabled by sickness or accident, it is worth more than it costs to know that you are protected. Because it is not large sums of money or great fortunes that produce the greatest amount of happiness, but it is the little ready cash that is on hand at the right time. Because by making a small monthly payment into the Pacific Fraternal Relief Society, you can secure for yourself and those dependent upon you, a financial benefit that will take the place of your weekly earnings, at the time of your adversity and thereby protect yourself, your family, your estate, your insurance and your peace of mind. Because no person, whose time is his capital, can afford to let that capital go uninsured. Therefore, accept today this grand and important protection—tomorrow may be too late.

Persons engaged in extra hazardous occupations will not be admitted to membership.

Table of Benefits and Monthly Payments—Class A, $10 weekly benefit, $1 per month; Class B, $7.50 weekly benefit, 75c per month; Class C, $5 weekly benefit, 50c per month; Class D, $2.50 weekly benefit, 25c per month. Certificates for weekly benefit for more than $5 will not be issued to women, nor to anyone under 18 years of age.

Funeral Benefit—Members desiring the Funeral Benefit of $50 may obtain the same by paying in addition to the $ monthly dues as follows: Ages 15 to 50 inclusive, $1 per year; ages 51 to 45 inclusive, $1.50 per year; ages 46 to 60 inclusive, $2 per year.

Cost to Become a Member—Membership fee, $1; certificate fee, 50c; total, $1.50.

Head Officers—President and general manager, W. E. McMartin, Portland, Ore., Big Yank Mining & Milling Co.; vice-president and general organizer, J. E. Simmons, Portland, Ore.; secretary and treasurer, Josiah Keup, Portland, Ore. room 308 Allsky bldg; counsel, Henry St. Rayner, Portland, Ore., names Tuffs Chambers of Commerce. Financial officers bonded.
